Around The World In 72 Days The Race Between Pulitzers Nellie Bly Cosmopolitans Elizabeth Bisland:

Around the World in 72 Days Jason Marks,1993 Set in 1889 this true story follows the race between two major New York publishers to send a woman around the world Copyright Libri GmbH All rights reserved *Round About the Earth* Joyce E. Chaplin,2013-11-19 Originally published in hardcover in 2012 **Reader's Guide to Women's Studies** Eleanor Amico,1998-03-20 The Reader's Guide to Women's Studies is a searching and analytical description of the most prominent and influential works written in the now universal field of women's studies Some 200 scholars have contributed to the project which adopts a multi layered approach allowing for comprehensive treatment of its subject matter Entries range from very broad themes such as Health General Works to entries on specific individuals or more focused topics such as Doctors

Literary Cosmopolitanism in the English Fin de Siècle Stefano Evangelista,2021 This volume explores the significance of cosmopolitanism for literary studies and argues that the English fin de siècle witnessed an intense debate about cosmopolitanism which in turn influenced literary representations of individual and national identity and shaped attitudes towards the idea of world literature **Southern Ladies and Suffragists** Miki Pfeffer,2014-11-05 Women from all over the country came to New Orleans in 1884 for the Woman's Department of the Cotton Centennial Exposition that portion of the World's Fair exhibition devoted to the celebration of women's affairs and industry Their conversations and interactions played out as a drama of personalities and sectionalism at a transitional moment in the history of the nation These women planted seeds at the Exposition that would have otherwise taken decades to drift southward This book chronicles the successes and setbacks of a lively cast of postbellum women in the first Woman's Department at a world's fair in the Deep South From a wide range of primary documents Miki Pfeffer recreates the sounds and sights of 1884 New Orleans after Civil War and Reconstruction She focuses on how difficult unity was to achieve even when diverse women professed a common goal Such celebrities as Julia Ward Howe and Susan B Anthony brought national debates on women's issues to the South for the first time and journalists and ordinary women reacted At the World's Industrial and Cotton Centennial Exposition the Woman's Department became a petri dish where cultures clashed but where women from across the country exchanged views on propriety jobs education and suffrage Pfeffer memorializes women's exhibits of handwork literary and scientific endeavors inventions and professions but she proposes that the real impact of the six month long event was a shift in women's self conceptions of their public and political lives For those New Orleans ladies who were ready to seize the opportunity of this uncommon forum the Woman's Department offered a future that they had barely imagined *Women Writers and Journalists in the Nineteenth-Century South* Jonathan Daniel Wells,2011-10-24 The first study to focus on white and black women journalists and writers both before and after the Civil War this book offers fresh insight into Southern intellectual life the fight for women's rights and gender ideology Based on new research into Southern magazines and newspapers this book seeks to shift scholarly attention away from novelists and toward the rich and diverse periodical culture of the South between

1820 and 1900 Magazines were of central importance to the literary culture of the South because the region lacked the publishing centers that could produce large numbers of books. As editors, contributors, correspondents, and reporters in the nineteenth century, Southern women entered traditionally male bastions when they embarked on careers in journalism. In so doing, they opened the door to calls for greater political and social equality at the turn of the twentieth century.

Adventure Journalism in the Gilded Age Katrina J. Quinn, Mary M. Cronin, Lee Jolliffe, 2021-07-12 These new essays tell the stories of daring reporters male and female sent out by their publishers not to capture the news but to make the news indeed to achieve star billing and to capitalize on the Gilded Age public's craze for real life adventures into the exotic and unknown. They examine the adventure journalism genre through the work of iconic writers such as Mark Twain and Nellie Bly as well as lesser known journalistic masters such as Thomas Knox and Eliza Scidmore who took to the rivers and oceans mineshafts and mountains rails and trails of the late nineteenth century shaping Americans' perceptions of the world and of themselves.

Front-Page Girls Jean Marie Lutes, 2018-09-05 The first study of the role of the newspaperwoman in American literary culture at the turn of the twentieth century, this book recaptures the imaginative exchange between real life reporters like Nellie Bly and Ida B Wells and fictional characters like Henrietta Stackpole the lady correspondent in Henry James's *Portrait of a Lady*. It chronicles the exploits of a neglected group of American women writers and uncovers an alternative reporter novelist tradition that runs counter to the more familiar story of gritty realism generated in male dominated newsrooms. Taking up actual newspaper accounts written by women, fictional portrayals of female journalists, and the work of reporters turned novelists such as Willa Cather and Djuna Barnes, Jean Marie Lutes finds in women's journalism a rich and complex source for modern American fiction. Female journalists cast as both standard bearers and scapegoats of an emergent mass culture created fictions of

themselves that far outlasted the fleeting news value of the stories they covered *Front Page Girls* revives the spectacular stories of now forgotten newspaperwomen who were not afraid of becoming the news themselves the defiant few who wrote for the city desks of mainstream newspapers and resisted the growing demand to fill women's columns with fashion news and household hints It also examines for the first time how women's journalism shaped the path from news to novels for women writers *The Creative Woman*, 1993 *Eighty Days* Matthew Goodman, 2013-02-26 NATIONAL BESTSELLER On November 14 1889 Nellie Bly the crusading young female reporter for Joseph Pulitzer's *World* newspaper left New York City by steamship on a quest to break the record for the fastest trip around the world Also departing from New York that day and heading in the opposite direction by train was a young journalist from *The Cosmopolitan* magazine Elizabeth Bisland Each woman was determined to outdo Jules Verne's fictional hero Phileas Fogg and circle the globe in less than eighty days The dramatic race that ensued would span twenty eight thousand miles captivate the nation and change both competitors lives forever The two women were a study in contrasts Nellie Bly was a scrappy hard driving ambitious reporter from Pennsylvania coal country who sought out the most sensational news stories often going undercover to expose social injustice Genteel and elegant Elizabeth Bisland had been born into an aristocratic Southern family preferred novels and poetry to newspapers and was widely referred to as the most beautiful woman in metropolitan journalism Both women though were talented writers who had carved out successful careers in the hypercompetitive male dominated world of big city newspapers *Eighty Days* brings these trailblazing women to life as they race against time and each other unaided and alone ever aware that the slightest delay could mean the difference between victory and defeat A vivid real life re creation of the race and its aftermath from its frenzied start to the nail biting dash at its finish *Eighty Days* is history with the heart of a great adventure novel Here's the journey that takes us behind the walls of Jules Verne's Amiens estate into the back alleys of Hong Kong onto the grounds of a Ceylon tea plantation through storm tossed ocean crossings and mountains blocked by snowdrifts twenty feet deep and to many more unexpected and exotic locales from London to Yokohama Along the way we are treated to fascinating glimpses of everyday life in the late nineteenth century an era of unprecedented technological advances newly remade in the image of the steamship the railroad and the telegraph For Nellie Bly and Elizabeth Bisland two women ahead of their time in every sense of the word were not only racing around the world They were also racing through the very heart of the Victorian age Look for special features inside Join the Random House Reader's Circle for author chats and more What a story What an extraordinary historical adventure Amanda Foreman author of *A World on Fire* A fun fast page turning action adventure the exhilarating journey of two pioneering women Nellie Bly and Elizabeth Bisland as they race around the globe Karen Abbott author of *American Rose* A marvelous tale of adventure The story of these two pioneering women unfolds amid the excitement setbacks crises missed opportunities and a global trek unlike any other in its time Why would you want to miss out on the incredible journey that takes you to the finish line page after nail biting page *Chicago Sun Times* Best Books of the

Year In a stunning feat of narrative nonfiction Matthew Goodman brings the nineteenth century to life tracing the history of two intrepid journalists as they tackled two male dominated fields world travel and journalism in an era of incredible momentum Minneapolis Star Tribune *Small Press* ,1993 **Women in World History** Anne Commire,2002 Presents biographical profiles of significant women from throughout the history of the world each with birth and death dates when known a time line quotation and references Arranged alphabetically from Schu Sui **American Travel Writers, 1850-1915** Donald Ross,James Schramer,1998 Realism replaced the romantic attitude that had previously dominated travel writing due in part to the practical exigencies of tourism photography and industrialization Discusses cultural biases in travel writing combining accuracy with good story telling and how hundreds of newspapers and magazines in the last third of the century made it possible to turn travel writing into a lifelong career **The Publishers Weekly** ,1993 **New Books on Women and Feminism** ,1993 **Encyclopedia of Communication and Information** Jorge Reina Schement,2002 Explores the full spectrum of communication from careers to information technologies in an interdisciplinary fashion Emphasis is on both historical and current issues topics and people *Library Journal* ,1994 From Pigeons to News Portals David D. Perlmutter,John Maxwell Hamilton,2007-11-01 Ever since the invention of the telegraph journalists have sought to remove the barriers of time and space Today we readily accept that reporters can jet quickly to a distant location and broadcast instantly from a satellite connected video enabled cell phone hanging from their belts But now that live news coverage is possible from virtually anywhere is foreign correspondence better And what are the implications of recent changes in journalistic technology for policy makers and their constituents In From Pigeons to News Portals edited by David D Perlmutter and John Maxwell Hamilton scholars and journalists survey probe and demystify the new foreign correspondence that has emerged from rapidly changing media technology These distinguished authors challenge long held beliefs about foreign news coverage not the least of which is whether in our interconnected world such a thing as foreign news even exists anymore Essays explore the ways people have used new media technology from satellites and cell phones to the Internet to affect content delivery modes and amount and style of coverage They examine the ways in which speedy reporting conflicts with in depth reporting the pros and cons of parachute journalism the declining dominance of mainstream media as a source of foreign news and the implications of this new foreign correspondence for foreign policy Entertainment media such as film television and video gaming form worldwide opinions about America often in negative ways Meanwhile live reporting abroad is both a blessing and curse for foreign policy makers Because foreign news is so vital to effective policy making and citizenship we imperil our future by failing to understand the changes technology brings and how we can wrest the best practice out of those changes This provocative volume offers valuable insights and analyses to help us better understand the evolving state of foreign news **Quill & Scroll** ,1993
