Chord Arpeggio Played as

The diagram illustrates the concept of chords performed as arpeggios. It consists of three measures of music in 4/4 time, spanning a grand staff (treble and bass clefs).

- Measure 1 (Chord):** Shows a triad of notes (C4, E4, G4) in the treble clef and a triad of notes (C3, E3, G3) in the bass clef, both held as whole notes.
- Measure 2 (Arpeggio):** The same triads are shown, but the notes are connected by a wavy vertical line, indicating they are to be played sequentially (arpeggiated).
- Measure 3 (Played as):** Shows the notes of the triads played as a sequence of eighth notes. A red arrow points from the wavy line in Measure 2 to the sequence of notes in Measure 3.

Alien Guitar Lessons for the Intermediate & Advanced Guitarist Denis Taafe, 2008 *Ornamentation in Baroque and Post-baroque Music* Frederick Neumann, 1983-12-21 Ornaments play an enormous role in the music of the seventeenth and eighteenth centuries and ambiguities in their notation as well as their frequent omission in the score have left doubt as to how composers intended them to be interpreted Frederick Neumann himself a violinist and conductor questions the validity of the rigid principles applied to their performance In this controversial work available for the first time in paperback he argues that strict constraints are inconsistent with the freedom enjoyed by musicians of the period The author takes an entirely new look at ornamentation and particularly that of J S Bach He draws on extensive research in England France Germany Italy and the United States to show that prevailing interpretations are based on inadequate evidence These restrictive interpretations have been far reaching in their effect on style By questioning them this work continues to stimulate a reorientation in our understanding of Baroque and post Baroque music
