Ars Quatuor Coronatorum Transactions Of Quatuor Coronati Lodge No 2076 Volume 98 For The Year 1985:

The Magic Flute Tjeu van den Berk,2022-06-13 This volume demonstrates for the first time that Mozart's opera Die Zauberflöte is an enactment of the alchemical opus magnum in the form of a chemical wedding Towards the end of the 18th century alchemy was still a prominent mystical current within the Order of Freemasons of which Mozart and his librettists were members The central part focuses on the opera's alchemical structure whereas the historical and mythological backgrounds are also dealt with extensively The book comes with 3 CD's offering a rendition of the integral opera in contrast to the common practice of leaving out major parts of the libretto The Magic Flute is a fascinating journey of discovery an initiation into Initiation With complete original libretto and over 100 pictures **Masonic Curiosities** Yasha Beresiner,2000

Early Trade Unionism Malcolm Chase,2017-07-05 Once the heartland of British labour history trade unionism has been marginalised in much recent scholarship In a critical survey from the earliest times to the nineteenth century this book argues for its reinstatement Trade unionism is shown to be both intrinsically important and to provide a window onto the broader historical landscape the evolution of trade union principles and practices is traced from the seventeenth century to mid Victorian times Underpinning this survey is an explanation of labour organisation that reaches back to the fourteenth century Throughout the emphasis is on trade union mentality and ideology rather than on institutional history There is a critical focus on the politics of gender on the demarcation of skill and on the role of the state in labour issues New insight is provided on the long debated question of trade unions contribution to social and political unrest from the era of the French Revolution through to Chartism *The Magic Flute* M. F. M. Van Den Berk,2004 This book demonstrates for the first time that Mozart's opera Die Zauberflöte is an enactment of the alchemical opus magnum in the form of a chemical wedding using Paracelsus's tria principia doctrine that was strongly prevalent among Freemasons towards the end of the 18th century
