The Medieval Cult of Saint Dominic of Silos Anthony Lappin, 2002 Lucas the garrulous bishop of Tuy included the thaumaturgy of Saint Dominic of Silos as one of the glories of Spain in his mid thirteenth century account of the Peninsula s history This study examines the rise to prominence of one of the most important of saints cults in Medieval Spain and its development throughout the Middle Ages It interrogates neglected texts such as the late eleventh century Vita Dominici Exiliensis and the late thirteenth century Miraculos romancados as well as artistic representations and works written outside Silos and places the more widely known Vida de Santo Domingo by Gonzalo de Berceo c 1260 in a new light by firmly fixing its presentation of the saint within the development of the cult Dominic s veneration became centred upon his role in freeing captives and a study of this phenomenon provides a focus on the frontier and its settlers through their devotion to the saint as well as illuminating their view of their Muslim adversaries This is not the only centre of interest in the book and a variety of approaches are employed to draw as round a picture as possible of the functioning of this saint s cult from analysis of the manuscript traditions of the various works discussed to a consideration of the anthropology of Silos as a pilgrimage centre All quotations are given in both Latin or Romance with an English translation

The Royal Abbey of Reading Ron Baxter, 2016 First full length survey of Reading Abbey one of the most important ecclesiastical buildings of the Middle Ages Reading Abbey was built by King Henry I to be a great architectural statement and his own mausoleum as well as a place of resort and a staging point for royal itineraries for progresses in the west and south west of England From the start it was envisaged as a monastic site with a high degree of independence from the church hierarchy it was granted enormous holdings of land and major religious relics to attract visitors and pilgrims and no expense was spared in providing a church comparable in size

and splendour with anything else in England However in architectural terms the abbey has until recently remained enigmatic mainly because of the efficiency with which it was destroyed at the Reformation Only recently has it become possible to bring together the scattered evidence antiquarian drawings and historic records along with a new survey of the standing remains into a coherent picture This richly illustrated volume provides the first full account of the abbey from foundation to dissolution and offers a new virtual reconstruction of the church and its cloister it also shows how the abbey formed the backdrop to many key historical events Ron Baxter is the Research Director of the Corpus of Romanesque Sculpture in Britain and Ireland *Bibliography of Historical Works Issued in the United Kingdom* ,1977 **Women in Pastoral Office** Mary M. Schaefer,2013-11 Mary M Schaefer examines the ninth century church Santa Prassede and its foundation myth as well as an ideal of balanced male female relationships and women holding pastoral office in the church of Rome **Bibliography of Historical Works Issued in the United Kingdom: 1971-1975** ,1962 Migration Art, A.D. 300-800 Metropolitan Museum of Art (New York, N.Y.),Katharine Reynolds Brown,1995 Grab Gr berfeld Donaauraum Schmuckstein
