Lillian Kremer,1989 Criticism of Holocaust

literature is an emerging field of inquiry and as might be expected the most innovative work has been concentrated on the vanguard of European and Israeli Holocaust literature Now that American fiction has amassed an impressive and provocative Holocaust canon the time is propitious for its evaluation Witness through the Imagination presents a critical reading of themes and stylistic strategies of major American Holocaust fiction to determine its capacity to render the prelude progress and aftermath of the Holocaust The unifying critical approach is the textual explication of themes and literary method occasional comparative references to international Holocaust literature and a discussion of extra literary Holocaust sources that have influenced the creative writers treatment of the Holocaust universe **Borrowed Voices** Jennifer

Glaser,2016-03-10 In the decades following World War II many American Jews sought to downplay their difference as a means of assimilating into Middle America Yet a significant minority including many prominent Jewish writers and intellectuals clung to their ethnic difference using it to register dissent with the status quo and act as spokespeople for non white America In this provocative book Jennifer Glaser examines how racial ventriloquism became a hallmark of Jewish American fiction as Jewish writers asserted that their own ethnicity enabled them to speak for other minorities Rather than

simply condemning this racial ventriloquism as a form of cultural appropriation or commending it as an act of empathic imagination Borrowed Voices offers a nuanced analysis of the technique judiciously assessing both its limitations and its potential benefits Glaser considers how the practice of racial ventriloquism has changed over time examining the books of many well known writers including Bernard Malamud Cynthia Ozick Philip Roth Michael Chabon Saul Bellow and many others Bringing Jewish studies into conversation with critical race theory Glaser also opens up a dialogue between Jewish American literature and other forms of media including films magazines and graphic novels Moreover she demonstrates how Jewish American fiction can help us understand the larger anxieties about ethnic identity authenticity and authorial voice that emerged in the wake of the civil rights movement *Belonging Too Well* Miriam Sivan,2009-02-13 In *Belonging Too Well* Miriam Sivan draws on contemporary literary theory as well as traditional Jewish texts and culture to explore the question of identity in Cynthia Ozick's fiction Many critics have pointed to a split in Ozick's work between Judaic and secular culture and values Sivan suggests however that Ozick never settles for a simple either/or dichotomy between traditional Judaism and secular American culture but that her protagonists instead fashion new means of living genuinely Jewish lives within the American Diaspora Often they struggle not with not belonging to either the Old or the New Worlds but of belonging too well to both Part of a recent trend toward analyzing Jewish American literature in the context of a deep encounter with and understanding of Judaism and traditional Jewish texts Sivan's study enables readers of Ozick's fiction to penetrate the complex webs she creates among cultures time periods and characters some quite sober others fantastic all unusual *Cultural Dialectic* Jane Statlander,2002 Rather than adding yet another voice to the debate over whether the two writers are Jewish or Gentile Statlander an American writer and scholar based in Tel Aviv employs the philosophically Jewish dialectical approach pilpul a complementary webbing of consciousness and centerlessness to define and analyze the concept of cultural dialectic as expressed in five works by each She has not indexed her work Annotation copyrighted by Book News Inc Portland OR *The Civil Engineer and Architect's Journal* William Laxton,1843 **Inevitable Exiles** Vera Emuna Kielsky,1989 A study of Cynthia Ozick's short stories analyzing her view of the place of the Jew in Gentile society including persecution Major themes in Ozick's writings are examined such as the conflicts between Judaism and secularism between prophecy and nature and the individual within society at large What separates Jews from Gentiles is their history their martyrdom especially when linked with the monstrosity of the Holocaust Without this history there is no distinction between Jews and non Jews Ozick's protagonists physically and emotionally injured and trapped in a crisis of identity are the inevitable exiles of social historical and psychological cataclysm *The Civil engineer & [and] architect's journal* ,1843
