Ghai,2000-10-12 This book first published in 2000 deals with one of the most urgent problems of contemporary times the political organisation of multi ethnic states Most major conflicts of our time are internal to the state and revolve around the claims of access to or the redesign of the state Responses to ethnic conflicts have ranged from oppression and ethnic cleansing to accommodations of ethnic claims through affirmative policies special forms of representation power sharing and the integration of minorities One of the most sought after and resisted devices for conflict management is autonomy Within an overarching framework that examines different understandings of ethnic consciousness and the variety of territorial autonomies the authors examine the experiences of spatial distribution of power in Canada India China South Africa Ethiopia PNG Spain the former Yugoslavia Cyprus Sri Lanka and Australia Ethnic Differences in Fertility and Assisted Reproduction Fady I. Sharara,2013-07-17 Over the past 10 years studies have shown that the rates of fertility vary in different ethnic groups Ethnic differences also play a significant role in the outcome of assisted reproductive technology ART cycles In the United States minority groups African Americans Hispanics mainly Mexicans and Central Americans East Asians Chinese Japanese Koreans Philipinos and South Asians Indians Pakistanis and Bengalis have significantly lower chances of live births compared to Caucasian women Birth outcome data collected by the Society for Assisted Reproductive Technology shows a worsening trend in conception rates between the years 1999 2000 and 2004 2006 raising more concern that the disparity in fertility rates between minority groups and white women is widening over time This comprehensive book serves to answer the questions that arise when managing infertility in a multi ethnic population An expert assembly of key leaders in the field of reproductive medicine imparts insight and clinical experience in order to identify and analyze the possible causes of racial disparities in fertility outcome Some of the reviewed causes include higher Body Mass Index BMI tubal diseases metabolic syndrome and fibroids in African Americans tubal disease and higher early pregnancy loss in Hispanics higher incidence of diminished ovarian reserve and lower BMI in East Asians and higher incidence of polycystic ovarian disease PCOS in South Asians The book also provides a review of data on access to care and ART services in developing countries A thoughtful combination of evidence based medicine and advanced treatment options this book is sure to distinguish itself as the definitive reference on ethnic differences in assisted reproduction *Ethnicity in Medieval Europe, 950-1250* Claire Weeda,2021 An investigation into how racial stereotypes were created and used in the European Middle Ages Students in twelfth century Paris held slanging matches branding the English drunkards the Germans madmen and the French as arrogant On crusade army recruits from different ethnic backgrounds taunted each other s military skills Men producing ethnography in monasteries and at court drafted derogatory descriptions of peoples dwelling in territories under colonisation questioning their work ethic social organisation religious devotion and humanness Monks listed and ruminated on the alleged traits of Jews Saracens Greeks Saxons and Britons and their acceptance or rejection of Christianity In this radical new approach to representations of nationhood in medieval western Europe the author argues that ethnic stereotypes were

constructed and wielded rhetorically to justify property claims flaunt military strength and assert moral and cultural ascendance over others The gendered images of ethnicity in circulation reflect a negotiation over self representations of discipline rationality and strength juxtaposed with the alleged chaos and weakness of racialised others Interpreting nationhood through a religious lens monks and schoolmen explained it as scientifically informed by environmental medicine an ancient theory that held that location and climate influenced the physical and mental traits of peoples Drawing on lists of ethnic character traits school textbooks medical treatises proverbs poetry and chronicles this book shows that ethnic stereotypes served as rhetorical tools of power crafting relationships within communities and towards others [A-E Library of Congress. Interpreting the Evolution of Atayal Tribal Textile Patterns Po Hsun Wang,Jie Li,2025-07-02 This book elucidates findings from an anthropological study that analyzes the patterns of Taiwan s Atayal tribe s fabric in their ethnic dress codes By analyzing the changes and development of the patterns over time the authors draw fascinating conclusions regarding the geographical migration and intermarriage practices between indigenous minority groups in Taiwan s history The book brings new insights within East Asian linguistic anthropology in theorizing about the origins of legends and broader patterns of ethnic migration integrating the characteristics and relationships among Atayal fabrics and interpreting these relationships in connection with the flow of sub ethnic groups In doing so the book provides rich empirical evidence for anthropologists and migration scholars to better understand the movement of ethnic groups in Taiwan while also establishing a model for how studying textile design can be employed to establish such linkages The book shows that the composition and changes of ethnic minority patterns have their own internal logic and causes By studying this the authors demonstrate how such work might translate intangible and tangible culture into explicit and shareable knowledge and provide a compass for other anthropologists and researchers in the fields of visual and linguistic anthropology migration studies and ethnic and indigenous cultures in Asia and beyond [Political Frontiers, Ethnic Boundaries and Human Geographies in Chinese History](#) Nicola Di Cosmo,Don J Wyatt,2005-08-16 Boundaries demanding physical space enclosing political entities and distinguishing social or ethnic groups constitute an essential aspect of historical investigation It is especially with regard to disciplinary pluralism and historical breadth that this book most clearly departs and distinguishes itself from other works on Chinese boundaries and ethnicity In addition to history the disciplines represented in this book include anthropology particularly ethnography religion art history and literary studies Each of the authors focuses on a distinct period beginning with the Zhou dynasty c 1100 BCE and ending with the early centuries after the Manchu conquest c CE 1800 resulting in a chronological sweep of nearly three millennia [Library of Congress Subject Headings](#) Library of Congress. A Journey of Ethnicity Rie Nakamura,2020-05-05 The Cham people are thought to be descendants of the kingdoms of Champa located in central Vietnam between the 2nd and 19th centuries Champa was one of the oldest Hinduized kingdoms in Southeast Asia and

became prosperous through maritime trades and its high quality eaglewood from the central highlands made it famous. However, Champa disappeared from the political map of Southeast Asia after its defeats against the Vietnamese southward expansion. The Cham are now one of the 54 state-recognized national ethnic groups, but Champa's ancient brick structures and temples scattered along central Vietnam attest to its previous glory. Champa adapted a number of foreign religions such as Hinduism, Buddhism, and Islam in the course of its history, which made its culture and tradition rich and unique. This book is about a journey of understanding what it means to be Cham in the Socialist Republic of Vietnam. It is based on field studies in various Cham villages in three different localities: namely, the south-central coast area, Ho Chi Minh City, and the Mekong Delta region. It is grounded in information gathered through prolonged interactions with Cham individuals over recent decades. The book stresses the complexity of Cham communities and the diversity and dynamics of the Cham's understanding of who they are. It provides a comprehensive picture of Cham communities and the situation of ethnic minority people of Vietnam in general.
