The Prosthetic Pedagogy of Art Charles R. Garoian, 2013-01-22 By beginning each chapter of *The Prosthetic Pedagogy of Art* with an autobiographical assemblage of personal memory and cultural history Charles R Garoian creates a differential prosthetic space Within these spaces are the particularities of his own lived experiences as an artist and educator as well as those of the artists educators critics historians and theorists whose research and creative scholarship he invokes coexisting and coextending in manifold ways Garoian suggests that a contiguous positioning of differential narratives within the space of art research and practice constitutes prosthetic pedagogy enabling learners to explore experiment and

Play Matters Miguel Sicart, 2014-08 Why play is a productive expressive way of being a form of understanding and a fundamental part of our well being What do we think about when we think about play A pastime Games Childish activities The opposite of work Think again If we are happy and well rested we may approach even our daily tasks in a playful way taking the attitude of play without the activity of play So what then is play In Play Matters Miguel Sicart argues that to play is to be in the world playing is a form of understanding what surrounds us and a way of engaging with others Play goes beyond games it is a mode of being human We play games but we also play with toys on playgrounds with technologies and design Sicart proposes a theory of play that doesn't derive from a particular object or activity but is a portable tool for being not tied to objects but brought by people to the complex interactions that form their daily lives It is not separated from reality it is part of it It is pleasurable but not necessarily fun Play can be dangerous addictive and destructive Along the way Sicart considers playfulness the capacity to use play outside the context of play toys the materialization of play instruments but also play pals playgrounds play spaces that enable all kinds of play beauty the aesthetics of play through action political play from Maradona's goal against England in the 1986 World Cup to the hacktivist activities of Anonymous the political aesthetic and moral activity of game design and why play and computers get along so well
