**Art City** Ashley Bickerton, Louise Bourgeois, Chuck Close, Neil Jenney, Brice Marden, George McNeil, Elizabeth Murray, 2002     The Art of City Making Charles Landry, 2012-05-16 City making is an art not a formula The skills required to re enchant the city are far wider than the conventional ones like architecture engineering and land use planning There is no simplistic ten point plan but strong principles can help send good city making on its way The vision for 21st century cities must be to be the most imaginative cities for the world rather than in the world This one change of word from in to for gives city making an ethical foundation and value base It helps cities become places of solidarity where the relations between the individual the group outsiders to the city and the planet are in better alignment Following the widespread success of The Creative City this new book aided by international case studies explains how to reassess urban potential so that cities can strengthen their identity and adapt to the changing global terms of trade and mass migration It explores the deeper fault lines paradoxes and strategic dilemmas that make creating the good city so difficult     **New York Magazine** ,1997-05-12 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea     **Louise Bourgeois: Paintings** Clare Davies, Briony Fer, 2022-04-12 Louise Bourgeois 1911 2010 is celebrated today for her sculptures Less known are the paintings she produced between her arrival in New York in 1938 and her turn to three dimensional media in 1949 Crucial to her artistic practice these early works the focus of this groundbreaking publication show how Bourgeois evolved her deeply personal artistic lexicon and how the themes and motifs she explored in her paintings coalesced into symbols of her sculptural practice Informed by new archival research and the artist s extensive diaries Louise Bourgeois Paintings explores Bourgeois s relationship to the New York art world of the 1940s and her development of a unique pictorial language adding a key element to our understanding of this crucial artist s career     *Art Now Gallery Guide* ,1996-10     **Manhattan in Maps 1527-2014** Paul E.
