stylistic concerns are discussed in the first part of the book but with reference to their place in the creation of character and elaboration of certain themes In the remainder of this study Lewis explores a number of thematic clusters and oppositions in the novel life and love as a game sanity versus insanity and appearance versus essence Finally Lewis argues that *A Farewell to Arms* is at heart a novel about language This wellwritten study should provide students and other readers with a thorough reading of *A Farewell to Arms* while also contributing to Hemingway scholarship in general *The New World* ,1840
