Couples Therapy An Adlerian Perspective

D. Russell Crane

Couples Therapy An Adlerian Perspective:

Couples Therapy Roy M. Kern, E. Clair Hawes, Oscar C. Christensen, 1989 This book provides therapists with a theoretical base from which to view the dynamics of couples relationships and the therapeutic process The book's eight chapters are organized into three parts Adlerian Theory and Process Therapeutic Interventions and Special Issues in Marital Therapy Chapter 1 Adlerian Marital Therapy History Theory and Process William G Nicoll summarizes Adlerian theory on couples therapy Chapter 2 The Initial Interview E Clair Hawes and Roy M Kern acquaints the reader with how the theory may be operationalized into practical procedures for conducting the first session with the couple Chapter 3 Lifestyle of a Relationship Maxine Ijams provides the therapist with a process analysis and knowledge base of how to conduct the sessions to follow as it relates to lifestyle analysis and toxic relationship issues Chapter 4 Therapeutic Interventions in the Marital Relationship E Clair Hawes provides communication and problem solving skills interventions Chapter 5 Relationship Enhancement Programs G Hugh Allred and Bernard Paduska assists the therapist to create strategies to help couples deal with toxic issues that evolve during lifestyle analysis and future therapy sessions Chapter 6 Sex Therapy An Adlerian Approach Carol Davis Evans and Robert R Evans provides an overview of Adlerian theory present day theory and how the problems of couples in the arena of sex mirror the problems within the relationship Chapter 7 Divorce Mediation Brenda B Even discusses Adlerian principles related to divorce Chapter 8 Working with Remarried Couples Lynn K O Hern and Frank R Williams educates the therapist about additional socio psychological principles for dealing with remarried couples LLL

Case Studies in Couples Therapy David K. Carson, Montserrat Casado-Kehoe, 2013-06-19 This up to date highly readable theory based and application oriented book fills a crucial void in literature on couple therapy Few books in the couple therapy market bridge the gap between theory and practice texts tend to lean in one direction or the other either emphasizing theory and research with little practical application or taking a cookbook approach that describes specific techniques and interventions that are divorced from any conceptual or theoretical base However couples therapy requires a high degree of abstract conceptual thinking as well as ingenuity inventiveness and skill on the part of the therapist Case Studies in Couples Therapy blends the best of all worlds clinical applications with challenging and diverse couples that have been derived from the most influential theories and models in couples and family therapy all written by highly experienced and respected voices in the field In Case Studies in Couples Therapy readers will grasp the essentials of major theories and approaches in a few pages and then see how concepts and principles are applied in the work of well known clinicians The case studies incorporate a wide variety of couples from diverse backgrounds in a number of different life situations It is simultaneously narrow including specific processes and interventions applied with real clients and broad clearly outlining a broad array of theories and concepts in scope and the interventions in it are directly linked to theoretical perspectives in a clear and systematic way Students and clinicians alike will find the theoretical overview sections of each chapter clear and

easy to follow and each chapter's thorough descriptions of effective practical interventions will give readers a strong sense of the connections between theory and practice

Engaging Men in Couples Therapy David Shepard, Michele Harway, 2012-03-15 This book will help practitioners overcome one of the leading challenges in couples therapy working effectively with the male partner Men have unique needs and psychological issues that many clinicians may not recognize or know how to address This volume presents chapters by the leading practitioners associated with current therapeutic models including Emotionally Focused Couple Therapy Imago Relationship Therapy Integrated Behavioral Couple Therapy and more Using in depth case examples they demonstrate how their approaches can be adapted to be male sensitive and respond to the ambivalence so many men experience about couples work Special topics are also addressed including infidelity cultural diversity working with veterans and fathering issues This book will enrich therapists work with couples making treatment a welcoming experience for both partners and the treatment process more gratifying for the therapist

Adlerian, Cognitive, and Constructivist Therapies Richard E. Watts, 2003-04-30 Over the past 20 years there has been growing interest in integration among psychotherapy theorists and practitioners Historically allegiance to specific theories or systems of psychotherapy was emphasized and even expected by particular schools of thought However the current zeitgeist emphasizes common ground and convergent themes Within this context is Adlerian theory therapy having originated in the first half of the 20th century relevant for today's integrative discussion The diverse authors in this book demonstrate that the Adlerian approach soundly resonates with contemporary cognitive and constructivist therapies and is indeed a relevant voice for inclusion in contemporary dialogues regarding integration Part I includes chapters by Adlerian and Constructivist authors Part II includes perspectives from Adlerian and Cognitive therapists Part III presents responses to the prior chapters representing all three systems approaches

Brief Therapy with Individuals and Couples Jon Carlson, Len Sperry, 2000

Fundamentals Of Marital Therapy D. Russell Crane, 2013-04-15 Published in 1996 Fundamentals of Marital Therapy is a valuable contribution to the field of Family Therapy

Behavioral, Humanistic-Existential, and Psychodynamic Approaches to Couples Counseling Michael D. Reiter, Ronald J. Chenail, 2017-01-27 Couples counseling is distinct from individual and family therapy and while ideas from these other formats may be overlapping applying theoretical concepts to couples has distinctive challenges Behavioral

Humanistic Existential and Psychodynamic Approaches to Couples Counseling is unique in that it addresses how to conceptualize various theories around a single case. By discussing only one case, the reader is more readily able to compare and contrast the theoretical ideas of each theory as well as the pragmatics of techniques. Five theories are discussed around four consistent parts: history, theory of problem formation, theory of problem resolution, and case transcript. **Primer of Adlerian Psychology** Harold Mosak, Michael Maniaci, 2013-05-13. A Primer of Adlerian Psychology offers an accessible yet very learned introduction to Adlerian Psychology. Also known as Individual Psychology, the approach stresses the unity of the individual, the subjective choices he or she makes, and the goals the individual works towards he or she moves through life. Therapists can apply this theory in a variety of settings with populations of all ages, making it a highly practical and valuable approach. Written by two scholars with extensive knowledge and experience in this school of thought, this book covers the basic tenets of Individual Psychology geared toward those students and clinicians who are yet unfamiliar with Adler's work.

Humanistic Perspectives on Contemporary Counseling Issues Mark B. Scholl, 2013-06-17. Humanism is considered by many to be the foundation for the values and practices of counseling. This book explores and presents current counseling issues from a humanistic perspective, providing a valuable resource for counselors and therapists seeking effective approaches founded on humanistic principles to use in their practice. Each chapter describes the significance of a specific counseling issue, reviews the humanistic literature on this issue, discusses the theoretical model provided by a humanistic perspective, and concludes with applications and implications for practitioners. Situations considered include, among others, marital couples counseling, multicultural counseling, and healing trauma, all of which have been shown to benefit from the use of humanistic approaches. Applications in educational settings, such as addressing school violence, working with at-risk youth, and counseling in college and university settings, are also discussed. The book concludes with a section on uses of humanistic approaches in counselor education and training. After reading this book, practitioners will be inspired to advocate for counseling's holistic and empowering approach to helping all individuals across the lifespan. *Case Conceptualization in Couple Therapy* Michael D. Reiter, 2024-08-20. This textbook provides undergraduate and graduate students with a comprehensive and in-depth exploration of the primary models of couples counseling, allowing them to compare and contrast each theory alongside a single case. Designed to be the core text for couple therapy courses, the book begins by introducing the field as well as presenting Carissa and Steve, a couple whom readers will follow as each model is applied to their case. The chapters focus on 11 different theoretical models, such as Bowen family systems theory, emotionally focused couple therapy, the Gottman method, solution-focused couples counseling, narrative couple therapy, and more, with expert therapists writing on each of these unique models. Each chapter addresses the history of the model, the conceptualization of problem formation, diversity considerations, and the conceptualization of problem resolution. With session transcripts throughout, this book allows training therapists to easily compare, contrast, and apply the most prevalent models in couples counseling. This textbook is a

core text for graduate marriage and family therapy mental health counseling clinical psychology and social work students
The book is also useful for practicing professionals who want to explore how to apply a specific model of counseling to couples

Intimate Couple Jon Carlson, Len Sperry, 2013-06-17 As important as intimacy is in our personal and professional lives intimacy as a theoretical and clinical factor still remains a phenomenon Contributors to this work examine the many definitions of intimacy putting forth a provocative discussion of the multi faceted topic and offering the best possible clinical methods of creating intimacy and addressing its challenges

Couple Therapy Len Sperry, Paul Peluso, 2018-10-09 This new edition of Couples Therapy tackles four challenges currently facing the field 1 accountability and the increasing demands for demonstrating effectiveness as a condition for reimbursement 2 the need for practitioners to reconfigure their practice patterns in an ever involving health care system 3 training mental health practitioners who have not completed marital and family therapy MFT programs and 4 integrating new couples approaches and interventions into everyday clinical practice The book offers a focused vision and successful strategies for working effectively with couples both today and tomorrow It incorporates the best insights from the neurosciences as well as new couples theories research and evidence based interventions introducing approaches including psychoanalytic systemic cognitive behavioral Adlerian constructivist third wave integrative and mindfulness based Chapters also present practical applications and professional considerations with a comprehensive look at how to work with diverse issues in couples therapy such as substance abuse domestic violence sexual dysfunction infidelity aging and much more This third edition of Couples Therapy is an essential resource for students as well as mental health practitioners social workers and family counselors who are keen to better meet the needs of couples and the demands of the changing healthcare landscape

Infidelity Paul R. Peluso, Taylor J. Irvine, 2024-06-06 This second edition brings together an impressive array of experts to discuss and provide understanding to the treatment of infidelity Bringing together voices from a range of disciplines and backgrounds including couples therapy family therapy evolutionary psychology relational research and more Peluso and Irvine help therapists understand and practically treat this common and complex issue Divided into three parts chapters begin by laying the foundations for understanding why couples commit infidelity before looking at different treatments such as Gottman Method Couples Therapy models of fidelity and forgiveness and other integrative approaches This new edition includes brand new material on topics such as nonmonogamy teletherapy cyber infidelity and the impact of infidelity on couples and families from different social cultural generational and sexual perspectives With revised referrals and resources at the end of each chapter additional infidelity treatment methods and examinations of gender race and power this guide is essential reading for all practicing and training marriage and family therapists counselors psychotherapists and social workers

Intervention & Strategies in Counseling and Psychotherapy Richard E. Watts, Jon Carlson, 2013-08-21 Psychology has recently shifted toward a phenomenological approach closely aligned with theories originally put forth by noted psychologist Alfred Adler However

modern approaches are often presented in a language that differs from the original theories with no acknowledgment to the contributions of Adler Interventions and Strategies in Counseling and Psychotherapy corrects this oversight illustrating the many ways in which Adlerian ideas underpin and influence contemporary therapeutic approaches Original chapters by leading thinkers in the field address the practice of counseling and psychotherapy from a social cognitive perspective and logically combine classic Adlerian theories with proven and effective methods from other approaches The book covers a wide range of topics including play therapy parent education couples therapy and problem solving counseling This book is essential reading not only for Adlerian psychologists but also counselors psychologists and psychotherapists of any theoretical stripe who wish to keep their practical skills up to date It is also of use to graduate and doctoral students enrolled in counseling and psychology programs

The Wiley Handbook of Sex Therapy Zoë D. Peterson, 2017-04-24 The Wiley Handbook of Sex Therapy ist ein umfassendes und auf empirischer Basis bearbeitetes Werk zur jüngsten Theorie und Praxis in der psychotherapeutischen Behandlung sexueller Probleme quer durch alle Klientengruppen In vier Abschnitten werden spezifische sexuelle Fehlfunktionen theoretische Ansätze der Sexualtherapie die Arbeit mit der Diversität der Klienten und zukünftige Richtungen in der Sexualtherapie dargestellt Vertritt einen ganzheitlichen Ansatz in der Sexualtherapie fokussiert auf die Anwendung einer Bandbreite psychotherapeutischer Theorien und Techniken mehr als nur auf die gängigen Verhaltensstrategien Fallstudien dokumentieren das breite Spektrum an Zuständen die Klienten erleben können und die Sexualtherapeuten daher im Beratungsraum antreffen Enthält Beiträge von mehr als 60 Experten verschiedenster Fachrichtungen

Techniques in Marriage and Family Counseling Richard E. Watts, 2000

Theoretical Models of Counseling and Psychotherapy Kevin A. Fall, Janice Miner Holden, Andre Marquis, 2017-02-17 The third edition of Theoretical Models of Counseling and Psychotherapy provides a comprehensive overview of a variety of major counseling theories and focuses on the integration of different theoretical models With new information on multiculturalism diversity and cutting edge theories such as psychosynthesis the book offers a detailed description of the philosophical basis for each theory as well as historical context and biographical information on each theory's founder Chapters include new case excerpts and clinical examples and each chapter follows a consistent structure in its exploration of each theory's features including its approach to and ideas on personality development human nature the role of environment the change process in therapy and contributions and limitations to the mental health field Theory specific information on diagnosis psychopharmacology spirituality and gender issues is also discussed and the book is accompanied by a companion website where professors and students will find exercises and course material that will further

deepen their understanding of counseling theory and allow them to easily bridge classroom study to future practice Available for free download for each chapter PowerPoint slides and a testbank of 21 multiple choice questions **Uncoupling**

Convention Ann D'Ercole, Jack Drescher, 2013-06-17 What does it mean to be member of a gay lesbian couple or family The contributors to *Uncoupling* Psychoanalytic Approaches to Same Sex Couples and Families address this question by drawing on two cultural movements of the twentieth century psychoanalysis and the gay lesbian civil rights movement Taken together these traditions provide a framework for understanding and providing psychotherapeutic assistance to gay and lesbian patients who present with troubled relationships The contributors to this volume espouse a clinical focus that supplants the heterosexual perspectives of traditional psychoanalysis with new narratives about family life Drawing on cultural feminist gay lesbian and queer studies they illustrate how concepts of gender and sexuality are routinely informed by unproven heterosexist assumptions both conscious and unconscious By examining the changing developmental needs and family dynamics of gay and lesbian families the contributors broaden our very understanding of what a family is They illustrate how contrasting cultural constructions of homosexuality and family life play out in same sex couples They delineate the multiple realities of gender subjectivity both in children and in their gay parents They ponder how technology is shaping reproductive experiences as lesbians become part of the biomedical system And they explore recurrent themes of feeling different and ashamed including the shameful secrecy surrounding same sex couples financial matters In *uncoupling* conventions the contributors are effectively coupling post Freudian psychoanalysis with the insights of queer theory and the critical edge of contemporary cultural studies The result is a framework for addressing the relational and family related challenges of gay and lesbian patients that ranges far beyond traditional approaches and will benefit analytic couples and family therapists alike Contemporary Theory and Practice in Counseling and Psychotherapy Howard E. A.

Tinsley, Suzanne H. Lease, Noelle S. Giffin Wiersma, 2015-03-18 *Contemporary Theory and Practice in Counseling and Psychotherapy* by Howard E A Tinsley Suzanne H Lease and Noelle S Giffin Wiersma is a comprehensive topically arranged text that provides a contemporary account of counseling theories as practiced by internationally acclaimed experts in the field Each chapter covers the way mindfulness strengths based positive psychology and the common factors model is integrated into the theory A special emphasis on evidence based practice helps readers prepare for their work in the field
