Covered Wagons:

Covered Wagons Jennifer Quasha, 2000-12-15 Briefly discusses American westward expansion in the 1800s with related projects and activities such as making a small covered wagon flatboat house trail journal and lantern Covered Wagon Women Kenneth L. Holmes, David Duniway, Elliott West, 2000-05-01 Forty years after the legendary overland travels of Oregon pioneers in the 1840s Lucy Clark Allen wrote the excitement continues Economic hard times in Minnesota sent Allen and her husband to Montana in hopes of evading the droughts grasshoppers and failed crops that had plagued their farm Allen and her compatriots in this volume of Covered Wagon Women experienced a journey much different than that of their predecessors Many settlements now awaited those bound for the West with amenities such as hotels and restaurants as well as grain suppliers to provide feed for the horses and mules that had replaced the slower oxen in pulling wagons Routes were clearly marked some had been replaced entirely by railroad tracks Nevertheless many of the same dangers fears and aspirations confronted these dauntless women who traveled the overland trails *Best of Covered Wagon Women* Kenneth L. Holmes, 2014-10-20 The diaries and letters of women who braved the overland trails during the great nineteenth century westward migration are treasured documents in the study of the American West These eight firsthand accounts are among the best ever written They were selected for the power with which they portray the hardship adventure and boundless love for friends and family that characterized the overland experience Some were written with the skilled pens of educated women Others bear the marks of crude cabin learning with archaic and imaginative spelling and a simplicity of expression All convey the profound effect the westward trek had on these women For too long these diaries and letters were secreted away in attics and basements or collected dust on the shelves of manuscript collections across the country Their publication gives us a fresh perspective on the pioneer experience **Covered Wagon Women** Marsha E. Montoya, David Duniway, Kenneth L. Holmes, 1999-04-01 The overland trails in the 1860s witnessed the creation of stage stations to facilitate overland travel These stations placed every twenty or thirty miles ensured that travelers would be able to obtain grain for their livestock and food for themselves They also sped up the process of mail delivery to remote Western outposts Tragically the easing of overland travel coincided with renewed conflicts with the Cheyenne and other Plains Indians The massacre of Black Kettle's people at Sand Creek instigated two years of bloody reprisals and counterreprisals Amid this turmoil and change these daring women continued to build on the example set by earlier women pioneers As Harriet Loughary wrote upon her arrival in California after two thousands of miles in an ox team making an average of eighteen miles a day enduring privations and dangers When we think of the earliest pioneers we feel an untold gratitude towards them The Covered Wagon Emerson Hough, 2011-06-01 Acclaimed Western writer Emerson Hough died only days after attending the premiere of the movie based on his novel The Covered Wagon The story follows a caravan of early settlers as they make their way from the Midwest to the Pacific coastline The novel offers a fascinating glimpse into the lives of pioneers *The Covered Wagon: A History* Ralph K.
