Armenian Massacres Frederick Davis Greene,1896 He would be a rash man who should claim to have mastered the Eastern Question a question which it is not easy even to define and of which the future of Turkey is only a part To throw light on some phases of the latter problem is the writer s object and this by way of information rather than argument This book with all its harrowing details and records of murders and pillage was prepared to prove the awful character of the first great massacre of Armenians which had taken place in Sassoun some months before but of which no authenticated evidence had up till that time been made public It was believed that if the people of Great Britain could be convinced of the condition of Armenia for which they were largely responsible such a public opinion would be aroused as would at once lead to vigorous and determined action by that government The expectation that England would do her duty has proved to be groundless but the Turk has lived up to his reputation Irritated by England s threats but emboldened by her cowardly and vacillating course the Sultan while pretending to reform Armenia inaugurated there a reign of terror of which Sassoun was a mere local incident Preface Apocrypha, Pseudepigrapha, and Armenian Studies: Armenian manuscripts, textual studies, and Holy Land Michael E. Extremely Violent Societies Christian Gerlach,2010-10-14 In this groundbreaking book Christian Gerlach

traces the social roots of the extraordinary processes of human destruction involved in mass violence throughout the twentieth century He argues that terms such as genocide and ethnic cleansing are too narrow to explain the diverse motives and interests that cause violence to spread in varying forms and intensities From killings and expulsions to enforced hunger collective rape strategic bombing forced labour and imprisonment he explores what happened before during and after periods of widespread bloodshed in countries such as Armenia Indonesia Bangladesh Nazi occupied Greece and in anti guerilla wars worldwide in order to highlight the crucial role of socio economic pressures in the generation of group conflicts By focussing on why so many different people participated in or supported mass violence and why different groups were victimized he offers us a new way of understanding one of the most disturbing phenomena of our times

Dark Pasts Jennifer M. Dixon,2018-11-15 In *Dark Pasts* Jennifer M Dixon asks why states deny past atrocities and when and why they change the stories they tell about them In recent decades states have been called on to acknowledge and apologize for historic wrongs Some have apologized while others have silenced denied and relativized past crimes *Dark Pasts* unravels the complex and fraught processes through which state narratives of past atrocities are constructed contested and defended Focusing on Turkey s narrative of the Armenian Genocide and Japan s narrative of the Nanjing Massacre Dixon shows that international pressures increase the likelihood of change in states narratives of their own dark pasts even as domestic considerations determine their content Combining historical richness and analytical rigor *Dark Pasts* is a revelatory study of the persistent presence of the past and the politics that shape narratives of state wrongdoing

[An Armenian Futuh Narrative](#) Sergio La Porta,Alison M. Vacca,2024-12-31 The History of the Armenian priest ewond is an important source for the history of early Islamic rule and the only contemporary chronicle of second eighth century caliphal rule in Armenia This volume presents a diplomatic edition and new English translation of ewond s text which describes events that took place during the century and

a half following the Prophet Muhammad's death in AH 11 632 CE The authors address ewond's account as a work of caliphal history written in Armenian from within the Caliphate As such this book provides a critical reading of the Caliphate from one of its most significant provinces Reading notes clarify many aspects of the period covered to make the text understandable to students and specialists alike Extensive commentary elucidates ewond's narrative objectives and situates his History in a broader Near Eastern historiographical context by bringing the text into new conversations with a constellation of Arabic Greek and Syriac works that cover the same period The book thus stresses the multiplicity of voices operating in the Caliphate in this pivotal period of Near Eastern history *Armenia through the Lens of Time* ,2023-04-17 The open access publication of this book has been published with the support of the Swiss National Science Foundation From pilgrimage sites in the far west of Europe to the Persian court from mystic visions to a gruesome contemporary dance from a mundane poem on wine to staggering religious art thus far in space and time extends the world of the Armenians A glimpse of the vast and still largely unexplored threads that connect it to the wider world is offered by the papers assembled here in homage to one of the most versatile contemporary armenologists Theo Maarten van Lint This collection offers original insights through a multifaceted lens showing how much Armenology can offer to Art History History Linguistics Philology Literature and Religious Studies Scholars will find new inspirations and connections while the general reader will open a window to a world that is just as wide as it is often unseen *A Journey Through Persia, Armenia, and Asia Minor, to Constantinople, in the Years 1808 and 1809*; James Justinian Morier,1812 **Researches In Asia Minor, Pontus, And Armenia** William John Hamilton,1842 *The Self-interpreting Bible* James Wideman Lee,1896
