Fishing the Great Lakes Margaret Beattie Bogue, 2001-06-28 Fishing the Great Lakes is a sweeping history of the destruction of the once abundant fisheries of the great inland seas that lie between the United States and Canada. Though lake trout, whitefish, freshwater herring, and sturgeon were still teeming as late as 1850, Margaret Bogue documents here how overfishing, pollution, political squabbling, poor public policies, and commercial exploitation combined to damage the fish populations even before the voracious sea lamprey invaded the lakes and decimated the lake trout population in the 1940s. From the earliest records of fishing by native peoples through the era of European exploration and settlement to the growth and collapse of the commercial fishing industry, Fishing the Great Lakes traces the changing relationships between the fish resources and the people of the Great Lakes region. Bogue focuses in particular on the period from 1783 when Great Britain and the United States first politically severed the geographic unity of the Great Lakes through 1933 when the commercial fishing industry had passed from its heyday in the late nineteenth century into very serious decline. She shows how fishermen, entrepreneurial fish dealers, the monopolistic A. Booth and Company, which distributed and marketed much of the Great Lakes catch, and policy makers at all levels of government played their parts in the debacle. So too did underfunded scientists and early conservationists, unable to spark the interest of an indifferent public. Concern with the quality of lake habitat and the abundance of fish increasingly took a backseat to the interests of agriculture, lumbering, mining, commerce, manufacturing, and urban development in the Great Lakes region. Offering more than a regional history, Bogue also places the problems of Great Lakes fishing in the context of past and current worldwide fishery concerns.

[Calling This Place Home](#) Joan M. Jensen, Professor Joan M. Jensen, 2009-08 Swedish domestic worker Emina Johnson witnessed the great Peshtigo fire in 1871. Cherokee nurse Isabella Wolfe served the Lac du Flambeau reservation for decades; the author's own grandmother, Matilda Schopp, was one of numerous immigrants who eked out a living on the Wisconsin cutover. [Calling This Place Home](#) tells the stories of these and many other Native and settler women during Wisconsin's frontier era. Noted historian Joan M. Jensen spent more than a decade delving into the lives of a remarkable range of women who lived during the mid nineteenth through the early twentieth century. These individuals shared many struggles as economies evolved from logging to dairying to tourism. Facing many challenges, they cared for their sick, educated their children, maintained their cultural identity, and preserved their own means of worship. Entwining the experiences of Native and settler communities, Jensen uses photographs and documents to examine and illustrate the recovered stories of representative but often overlooked women. This comprehensive volume brings a deeper understanding of the state's history through the stories of individual women and the broader developments that shaped their lives.
