Italy's Many Diasporas Donna R. Gabaccia,2013-10-18 Italy s residents are a migratory people Since 1800 well over 27 million left home but over half also returned home again As cosmopolitans exiles and workers of the world they transformed their homeland and many of the countries where they worked or settled abroad But did they form a diaspora Migrants maintained firm ties to native villages cities and families Few felt much loyalty to a larger nation of Italians Rather than form a nation unbound the transnational lives of Italy s migrants kept alive international regional cultures that challenged the hegemony of national states around the world This ambitious and theoretically innovative overview examines the social cultural and economic integration of Italian migrants It explores their complex yet distinctive identity and their relationship with their homeland taking a comprehensive approach **Climate Change: A Global Challenge** Prof. (Dr.) Jai Paul Dudeja,2025-01-25 Climate change is the weather of a specific region averaged over a long period of time like a couple of decades or more Weather refers to short term atmospheric conditions in a region Unmitigated climate change can cause severe emission of greenhouse gases and global warming Human activities like use of fossil fuels transport and polluting industry etc are the major contributors to climate change resulting into rise in temperatures extreme heat waves wildfires dust storms cyclones hurricanes floods landslides droughts melting of ice sea level rise deforestation reduction of fertile land hunger poverty health risks extinction of species death of humans and animals population migration economic slowdown and social unrest etc Climate change is the number one challenge for all countries across the globe adversely affecting almost all

the humans and countries rich or poor developed developing or under developed The present book comprising of seven sections and 60 chapters encounters this challenge of climate change head on It discusses the causes of climate change its adverse effects monitoring adaptation and the mitigation steps comprehensively with an aim to sensitize the governments concerned agencies and citizens of the world about this gigantic problem while recommending its solutions The Modern Weaponry of the World's Armed Forces Col. Y Udaya Chandar (Retd.),2017-04-24 The Modern Weaponry of the World s Armed Forces is a treatise of military weaponry It depicts about forty present day weapon systems possessed by various nations describing three to four weapons of each category with images specifications origin development and design briefly The weapon systems presented are almost all from the twenty first century or the weapons presently under development Only a very few officers in the three services know the finer distinctions between say cruise missile and ballistic missile fourth generation jet fighter and fifth generation jet fighter and howitzer and a field gun All such nuances are explained clearly The beginning explains the history of military weapons briefly and ends with information on the missile shield erected by most countries including India The missile shield destroys the hostile incoming aircraft or missile automatically The missile shield presented is real existson the ground today and not fictitious The militaries win the war with the help of the man who stands erect in the face of the enemy fire and the weapon that is in his hands All the students of military science must read this invaluable book about the gun in the hands of a soldier what exactly it is and how much it matters Nibley Commentary of the Book of Mormon Volume 1 Hugh W.
