WHY WE GO HUNTING Jean Solbert,2005-10-27 For thousands of years on this earth the mix of animals plants and birds of the air have lived together and nearly all have survived A few have become extinct for some reason or other probably due to atmospheric changes over the earth s surface It seems that the predators and prey have remained about equal If they had not there would have been some change and one would have become extinct Most of the animals birds insects etc are pretty much divided between predator and prey which would keep a balance Only the vegetarians are not among the predator class They do not prey on any animal insect or fowl but they are prey for any of the larger predators the meat eaters When man first appeared on this earth in whatever shape or form it appears that he was both a meat eater and a vegetable eater He then became both a predator and prey He began to eat meat and had to learn to defend himself against larger animals and predators that wanted to eat him A normal natural way of controlling population was changed by man s greater intelligence giving him weapons to defend himself against any predator This made him the strongest and greatest predator Where Do We Go From Here? absolute beginner musicians who want to start playing popular melodies All song melodies in this book feature numbers written instead of the traditional music score system making it accessible for absolute beginners who cannot read sheet music You can play by number if you re not familiar with musical notes Numbers are used because most modern tongue drums have the numbers engraved or painted on their keys In tongue drums with numbered musical notation numbers 1 to 7 represent the keys of the diatonic major scale Dots above or below the numbers indicate notes from higher or lower octaves respectively Your drum can be numbered from 1 to 8 where 8 corresponds to the note C of the next octave For simplicity we marked the note C of the next octave as 1 with a dot above it as this is the convention used by most popular tongue drum models It s important to note that the circles do not represent semi tones Each circle on the sheet corresponds to a specific note number matching a key on your tongue drum The duration of the notes is shown by the parentheses following the circles The more parentheses after the circle the longer the note s duration Each tongue drum s sound scale varies significantly making it impossible to tailor songs for every model in one book Therefore you might need to skip some songs if your drum lacks certain tones required for those pieces Every page includes QR codes that link to the appropriate song While these examples might not feature our simplified melodies they help in understanding the melodies and rhythm Contents Alice the Camel All Join Hands and Circle to the Left Animal Fair Barnyard Song Bend and Stretch Big Clocks Bim Bum Biddy Bluebird Bought Me A Cat Buckeye Jim Cackle Cackle Mother Goose Camptown Races Chicken on a Fence Post Come Back Home My Little Chicks Creeping Creeping Little Flea Crocodile Diddle Diddle Dumpling Do Your Ears Hang Low Elevator Song Finger Family Five Little Ducks Five Little Monkeys Five Little Monkeys Swinging in a Tree Georgie Porgie Halloween Song Hickety Pickety My Black Hen I Go Up the Apple Tree I Went to Visit a Farm One Day Im A Little Teapot Im A Nut Jig Jog Johnny Works With One Hammer Kangaroo Skippy Roo Lightly Row Li l Liza Jane Little Sally Water My Hat O Christmas Tree Oh How Lovely Is The Evening Old Mother Hubbard One Elephant One Potato One Two Buckle My Shoe See Saw Margery Daw Soft Kitty Star Light Teddy Bear Ten Little Pigs The Cuckoo and the Donkey There Was A Princess Long Ago This Little Light of Mine This Little Pig Went to Market This Old Man Three Blue Pigeons Tommy Thumb Too Ra Loo Ra Loo Ral Trees Grow Tall Two Little Blackbirds Sitting on a Hill Two Little Dicky Birds When Goldilocks Went to the House of the Bears Why Doesn t My Goose
