## Art And Business Of Champagne:

The Art and Business of Champagne Dan Ginsburg, 2006-01-20 When people raise their glasses in celebratory toasts few are aware of all the work behind the fizz Here is a book to open their eyes with an inside look from the vineyard to the marketplace at the world of champagne Just like good wine the book begins with the grapes variety growing season harvesting and pressing method While not attempting to be the definitive work on champagne making this volume does enumerate all the steps and decisions that go into producing a quality champagne Blending bottling aging fermenting and storage are also discussed With a view to practicality the author himself a champagne manufacturer looks at the marketing and business concerns of champagne including the necessity of balancing quality and timely production Since by definition champagne comes only from Champagne France a brief history of and visitor s guide to this region is also included The final chapters look at vintages from 1900 to 2003 as well as the various families who make it their business to produce some of the world s finest wines

Sustainability in Art, Fashion and Wine Annamma Joy, 2024-03-18 The art fashion and wine industries are currently at various stages in their efforts to embrace and transition towards sustainability While sustainability commitments are a necessary condition for progress they are not sufficient Instead there is a need for sweeping transformative change that includes giving serious consideration to indigenous worldviews without recolonizing them Sustainability in Art Fashion and Wine includes findings from recent research and contributes to a new understanding of familiar concepts such as sustainability de colonization and corporate responsibility in the art fashion and wine industries by adopting critical lenses and incorporating them with innovative perspectives on circular business models and digitalization It endeavors to present remedies for effectively combating climate change and promoting social good While discussing specific issues such as sub contracted labor safe working conditions living wages environmental degradation mismanaged waste and more the book argues that recognizing the significant role western colonization has played and continues to play in the developing world in our current conception of capitalism is itself unsustainable To understand the true meaning of sustainability to fully recognize the looming deadlines we face in combating the climate crisis and instituting sustainability as a new normal the acceptance of a new conception of capitalism one antithetical to colonization and exploitation is required Contributors to this book address these issues by applying a critical studies approach to their respective chapters allowing the book to set out what real sustainability could and should look like in the art fashion and wine industries
