Art Beauty 1:

Women on Philosophy of Art Alison Stone, 2024-08-14 *Women on Philosophy of Art* is the first study of women's philosophies of art in long nineteenth century Britain. It looks at seven women spanning the time from the Enlightenment to the beginning of modernism. They are Anna Barbauld, Joanna Baillie, Harriet Martineau, Anna Jameson, Frances Power Cobbe, Emilia Dilke, and Vernon Lee. The central issue that concerned them was how art related to morality and religion. Baillie and Martineau treated art as an agency of moral instruction, whereas Dilke and Lee argued that art must be made for beauty's sake. Barbauld, Jameson, and Cobbe thought that beauty and religion were linked, while other women believed that art and religion must be decoupled. Other topics explored are gender and genius, tragedy, literary realism, why we enjoy the sufferings of fictional characters, the hierarchy of the art forms, whether art can transcend its historical circumstances, and critical issues around the artistic canon. Examining the print culture that made these women's interventions possible, this book shows that these women were doing a particular kind of philosophy of art, which was interdisciplinary and closely tied to artistic criticism and practice. The book traces how these seven women influenced one another as well as engaging with their male contemporaries. But unlike their male interlocutors, these women have been unjustly left out of narratives about the history of aesthetics. By including these women, we can enrich and broaden our understanding of the history of philosophy of art.

Danto and His Critics Mark Rollins, 2012-02-27 Updated and revised the Second Edition of *Danto and His Critics* presents a series of essays by leading Danto scholars who offer their critical assessment of the influential works and ideas of Arthur C. Danto, the Johnsonian Professor Emeritus in the Department of Philosophy at Columbia University and long-time art critic for *The Nation*. Reflects Danto's revisions in his theory of art, reworking his views in ways that have not been systematically addressed elsewhere. Features essays that critically assess the changes in Danto's thoughts and locate Danto's revised theory in the larger context of his work and of aesthetics generally. Speaks in original ways to the relation of Danto's philosophy of art to his theory of mind. Connects and integrates Danto's ideas on the nature of knowledge, action, aesthetics, history, and mind as well as his provocative thoughts on the philosophy of art for the reader. *Aesthetics, Theory and Interpretation of the Literary Work* Paolo Euron, 2019-08-12 This book introduces the reader to the literary work and to an understanding of its cultural background and its specific features. In doing so, it refers to two main traditions of Western culture: one of aesthetics and the theory of art, and the other of literary theory. In our postmodern world, language and artistic creation, and above all literature as the art of language, occupy a special role in understanding the human world and become existential issues. A critical attitude requires knowledge of the relevant past in order to understand what we are today. The author presents key topics, ideas, and representatives of aesthetics, theory, and the interpretation of works of art in an historical perspective in order to explain the Western tradition with constant attention to the present condition. *Aesthetics, Theory and Interpretation of the Literary Work* offers an outline of essential concepts and authors of aesthetics and theories.

of the literary work presenting basic topics and ideas in their historical context and development considering their relevance to the contemporary debate and highlighting the specificity of the experience of the art work in our present world The best way to approach a work of art is to enjoy it In order to enjoy a literary work we have to consider its correct context and its specific artistic qualities The book is conceived as a general and enjoyable introduction to the experience of the work of art in Western culture See inside the book **Bulletin** United States.
