Aesthetic and Artistic Autonomy Owen Hulatt,2013-08-15 Whether art can be wholly autonomous has been repeatedly challenged in the modern history of aesthetics In this collection of specially commissioned chapters a team of experts discuss the extent to which art can be explained purely in terms of aesthetic categories Covering examples from Philosophy Music and Art History and drawing on continental and analytic sources this volume clarifies the relationship between artworks and extra aesthetic considerations including historic cultural or economic factors It presents a comprehensive overview of the question of aesthetic autonomy exploring its relevance to both philosophy and the comprehension of specific artworks themselves By closely examining how the creation of artworks and our judgements of these artworks relate to society and history Aesthetic and Artistic Autonomy provides an insightful and sustained discussion of a major question in aesthetic philosophy

A Return to Aesthetics Jonathan Loesberg,2005 A Return to Aesthetics confronts postmodernism s rejection of aesthetics by showing that this critique rests on central concepts of classical

aesthetic theory namely autonomous form disinterest and symbolic discourse The author argues for the value of these concepts by recovering them through a historical reinterpretation of their meaning prior to their distortion by twentieth century formalism Loesberg then applies these concepts to a discussion of two of the most significant critics of the ideology of Enlightenment Foucault and Bourdieu He argues that understanding the role of aesthetics in the postmodern critique of Enlightenment will get us out of the intellectual impasse wherein numbingly repeated attacks upon postmodernism as self contradictory match numbingly repeated defenses Construing postmodern critiques as examples of aesthetic reseeing gives us a new understanding of the postmodern critique of the Enlightenment
