Thirteen Stories and Thirteen Epitaphs William T. Vollmann, 1991 Short stories that transfigure low life subjects offering a searching bizarre and subversive view of what it is like to be alive in America now William T. Vollmann: Selected Interviews Scott Rhodes, 2015-08-18 This first ever collection of selected interviews with one of America's most prolific and eclectic authors William T. Vollmann Editor Scott Rhodes collects eighteen interviews that covers the span of this important writer's expansive career

The Fragment Camelia Elias, 2004 This monograph is an interdisciplinary study of the concept of fragment in literature and in critical and literary theory It discusses the fragment's performativity and function within a historical perspective stretching from Heraclitus via the German Romantics and European writers of the Modernist period to American postmodern manifestations of the fragment This is the first history of the fragment to appear in English and it is also the first attempt at producing a consistent taxonomy of literary and critical fragments The fragments are categorised according to function not author intention and the study addresses a number of questions What constitutes the fragment when the fragment can only be defined a posteriori Does the fragment begin on its own or is it begun by others writers and critics Does it acquire a name of its own or is it labelled by others All these questions revolve around issues of agency and they are best discussed in terms of performativity which means seeing fragments as acts acts of literature acts of reading acts of writing The book demonstrates how a poetics of the fragment as a performative genre can be created situating the fragment both as literature and as a phenomenon within postmodern criticism against the background of philosophy art history and theology
