1492 The Life And Times Of Juan Cabezon Of Castile:

1492 Homero Aridjis, 1985 **1492** Homero Aridjis, 2003 A best seller in Latin America in the 1980s this novel of life in fifteenth century Spain depicts a world in which both the Moors and the Jews are under attack This is the formative period of the phenomenon known today as Crypto Judaism and Aridjis's widely praised book now available for the first time in an American paperback edition will find a broad audience among readers fascinated by this aspect of Jewish history In 1492 the Catholic rulers Ferdinand and Isabella expelled the Jews from Spain In Homero Aridjis novel the great saga of the expulsion comes to life with both historical and poetic resonance A great Mexican poet Aridjis embraces history and fiction with the warmth and insight of the lyrical vision Carlos Fuentes In this highly readable novel which deals with a special and painful chapter in history Homero Aridjis combines erudition sensitivity and poetic imagination I recommend it warmly Elie Wiesel A novel of literary subtlety and sensibility Few contemporary writers have captured so profoundly and with such style this era marked by three essential events the establishment of the Catholic sovereigns the expulsion of the Jews from Spain and the discovery of America El Pa s Madrid Among worldwide bestsellers 1492 is the most similar to Umberto Eco's The Name of the Rose both are concerned with the trials of heretics and the violence employed against the dissident Aridjis gives an encyclopedic vision of catastrophic times La Jornada Mexico City **Latin America's New Historical Novel** Seymour Menton, 2010-07-22 Beginning with the 1979 publication of Alejo Carpentier's El arpa y la sombra the New Historical Novel has become the dominant genre within Latin American fiction In this at times tongue in cheek postmodern study Seymour Menton explores why the New Historical Novel has achieved such popularity and offers discerning readings of numerous works Menton argues persuasively that the proximity of the Columbus Quincentennial triggered the rise of the New Historical Novel After defining the historical novel in general he identifies the distinguishing features of the New Historical Novel Individual chapters delve deeply into such major works as Mario Vargas Llosa's La guerra del fin del mundo Abel Posse's Los perros del para so Gabriel Garc a M rquez's El general en su laberinto and Carlos Fuentes La campa a A chapter on the Jewish Latin American novel focuses on several works that deserve greater recognition such as Pedro Orgambide's Aventuras de Edmund Ziller en tierras del Nuevo Mundo Moacyr Scliar's A estranha na o de Rafael Mendes and Angelina Mu iz's Tierra adentro **Utopian Dreams, Apocalyptic Nightmares** Miguel L3pez-Lozano, 2008 Utopian Dreams Apocalyptic Nightmares traces the history of utopian representations of the Americas first on the part of the colonizers who idealized the New World as an earthly paradise and later by Latin American modernizing elites who imagined Western industrialization cosmopolitanism and consumption as a utopian dream for their independent societies Carlos Fuentes Homero Aridjis Carmen Boullosa and Alejandro Morales utilize the literary genre of dystopian science fiction to elaborate on how globalization has resulted in the alienation of indigenous peoples and the deterioration of the ecology This book concludes that Mexican and Chicano perspectives on the past and the future of their societies constitute a key site for the analysis of the problems of

underdevelopment social injustice and ecological decay that plague today's world Whereas utopian discourse was once used to justify colonization Mexican and Chicano writers now deploy dystopian rhetoric to interrogate projects of modernization contributing to the current debate on the global expansion of capitalism The narratives coincide in expressing confidence in the ability of Latin American and U S Latino popular sectors to claim a decisive role in the implementation of enhanced measures to guarantee an ecologically sound ethnically diverse and just society for the future of the Americas

Sephardism Yael Halevi-Wise, 2012-04-11 In this book Sephardism is defined not as an expression of Sephardic identity but as a politicized literary metaphor Since the nineteenth century this metaphor has occurred with extraordinary frequency in works by authors from a variety of ethnicities religions and nationalities in Europe the Americas North Africa Israel and even India Sephardism asks why Gentile and Jewish writers and cultural figures have chosen to draw upon the medieval Sephardic experience to express their concerns about dissidents and minorities in modern nations To what extent does their use of Sephardism overlap with other politicized discourses such as orientalism hispanism and medievalism which also emerged from a clash between authoritarian progressive and romantic ideologies This book brings a new approach to Sephardic Studies by situating it at a crossroads between Jewish Studies and Hispanic Studies in ways that enhance our appreciation of how historical fiction and political history have shaped and were shaped by historical attitudes toward Jews and their representation *Peru's Indian Peoples and the Challenge of Spanish Conquest* Steve J. Stern, 1993 This second edition of Peru's Indian Peoples and the Challenge of Spanish Conquest includes Stern's 1992 reflections on the ten years of historical interpretation that have passed since the book's original publication setting his analysis of Huamanga in a larger perspective This book is a monument to both scholarship and comprehension comparable in its treatment of the indigenous peoples after the conquest only to that of Charles Gibson for the Aztecs and perhaps the best volume read by this reviewer in several years Frederick P Bowser American Historical Review Peru's Indian Peoples and the Challenge of Spanish Conquest is clearly indispensable reading for Andeanists and highly recommended to ethnohistorians generally In technical respects it is a job done right and conceptually it stands out as a handsome example of anthropology and history woven into one tight fabric of inquiry Frank Salomon Ethnohistory [Oy, Caramba!](#) Ilan Stavans, 2016-09 Front Cover Title Page Copyright Contents **Latin American Novels of the Conquest** Kimberle S. López, 2002 The fictionalized explorers and conquistadors represented in this corpus all identify with certain aspects of Amerindian culture significantly those elements that are most distinct from European culture such as cannibalism and human sacrifice but also feel the need to distance themselves from these others in order to protect their own European cultural identity In most cases the conquistadors themselves are represented as outsiders within the enterprise of imperialism due to ethnic religious or sexual differences from the norm This representation turns the gaze inward toward the other within European culture underscoring the complex origins of Latin American cultures in the violent encounter between the Amerindians and the conquistadors By

examining these issues Lopez's *Latin American Novels of the Conquest* illuminates the ways in which Latin American novelists used their literary imaginations to embody their ambivalence regarding their own transcultural heritage as children of both the colonized and the colonizer

Hurricanes and Carnivals Lee Gutkind, 2007 In Mexico writes Ilan Stavans in the introduction to this provocative new collection on Mexican culture and politics the essay is embraced as passionately as a sport While the American essay may be personal and confessional or erudite and academic it is presumed to be truthful By contrast the Mexican essay pushes the boundaries between fact and fiction as writers seek to make their opinions heard

in literary journals in newspapers and even on cereal boxes What is real and what isn't in a Mexican essay only God knows concludes Stavans In *Hurricanes and Carnivals* Lee Gutkind a pioneer in the teaching of creative nonfiction brings together fifteen essays by Mexican Mexican American and Latin American writers that push the boundaries of style and form showing that navigating truth is anything but clear cut Although creative nonfiction is widely thought to be an American art form this collection proves otherwise By blending fact and fiction story and fantasy history and mythology these writers and others push the bounds of the essay to present a vision of Mexico rarely seen from this side of the border Addressing topics that include immigration politics ecology violence family and sexuality they take literary license on a whirlwind adventure C M Mayo shows us Mexico City as seen through the eyes of her pug Picadou Juan Villoro examines modern Mexico through the lens of demography Homero Aridjis uses the plight of nesting sea turtles to document a slowly changing Mexican attitude toward natural resources and Sam Quinones documents the decline of beauty queen addiction in Mazatlán and tells us about the flower festivals where according to lore only two things matter hurricanes and carnivals For readers interested in a literary view of contemporary Mexico as well as students of the creative nonfiction genre this volume is essential

Sicher, 2021-08-30 This innovative study shows how the imaginary constructions of self and Other are shaping identification with Jewishness in the twenty first century The texts and artworks discussed in this book test a diverse range of ways of identifying as Jews and with the Jewish people while engaging with postmodern and postcolonial discourses of hybridity and multiculturalism This book selects six key areas in which the boundaries of Jewish identities have been interrogated and renegotiated nation ethnicity gender sexuality religion and the Holocaust In each of these areas Sicher explores how major and emerging contemporary writers and artists re envision the meaning of their identities Such re envisioning may be literally visual or metaphorical in the search for expression of artistic self between the conventional paradigms of the past and new ways of thinking Like a Bride and Like a Mother Rosa Nissán, 2013-02-15 These two autobiographical novels lay bare the life journey of a Mexican Jewish woman reconciling herself with a Sephardic background her parent's dictates and

her husband's and family's expectations. The only constant in her life is a need to find her own way and the story of how she does so is intensely personal and yet universal in its humanness. This quest begins in Oshinica's childhood at about age ten she's taken from the public school in Mexico City and placed in a Jewish one. There she begins to understand what it means to be Jewish. Though somewhat indifferent to Hebrew lessons she warms to the teacher who shares experiences of the Holocaust and learns that being Jewish means being different. Oshinica's family thwarts her desire to enter the university and instead she's pushed into marriage at age seventeen. Children follow quickly four in all and into the 1960s Oshinica tries to be a dutiful wife and mother while continuing to be an obedient daughter. But the insular Jewish neighborhood that sheltered and defined her life is impinged upon as modernity transforms Mexico City. Seeing films like the Fellini movie *8 1/2* and experiencing a culturally changing capital city sets her on a quest for her own voice and space. Eventually she separates and divorces, supports herself as a commercial photographer and enrolls in a creative writing course taught by Elena Poniatowska, one of Mexico's most prominent women authors. The short pieces begun in that course evolved into these two novels. The remarkable story they tell is how Oshinica's many and often painful journeys of discovery led to a personal peace. I've never met a person so natural and spontaneous. Rosa Nissén adapts herself to life the way a plant adapts itself to the soil or the sun. Elena Poniatowska, *Three Plays of Maureen Hunter*, Maureen, 2003. Book is clean and tight. No writing in text. Like New.

Singer's Typewriter and Mine Ilan Stavans, 2012-11-01. A cultural critic of extraordinary erudition, encyclopedic knowledge and boundless curiosity, Ilan Stavans, an Ashkenazic Jew who grew up in Mexico, negotiates wildly varied topics as effortlessly and deftly as he manages the multiple perspectives of a dual national, religious and ethnic identity. In *Singer's Typewriter and Mine* a follow-up to *The Inveterate Dreamer* (Nebraska, 2001), Stavans interweaves his own experience with that of other Jewish writers and thinkers past and present to explore modern Jewish culture across the boundaries of language and nation. Juxtaposing the personal and the analytical, these essays and conversations take up the oeuvres of Isaac Bashevis Singer and Mario Vargas Llosa, translation and God's language, storytelling as midrash, anti-Semitism in Hispanic America, Yiddish and Sephardic literatures, the connection between humor and terror, impostors as cultural agents, the creators of the King James Bible and the encounter between Jewish and Latino civilizations, to name but a few of Stavans's topics here. Funny, engaging and provocative, this collection continues Stavans's project of opening new vistas in our cross-cultural understanding of language, literature and life.
