Dr Gillian Mitchell

152 Fiddler On The Roof:

Great Canadian Film Directors George Melnyk, 2007-06-15 *Great Canadian Film Directors* is the first major study that reflects the cultural and linguistic diversity of Canada's most dynamic film directors. The 19 essays in this collection focus on each filmmaker's ability to create a vision that both reveals and redefines our national cultures. Together these essays by established and emerging scholars highlight the diversity, imaginative power, and talent of Canadian filmmakers. This collection's value is in its contemporary analysis of major figures as well as critical discussions of the work of women directors and young filmmakers. Filmographies and selected bibliographies for each director provide film students and the movie-going public with an unrivalled study of a cinema that now garners world attention. *The Jewish Decadence* Jonathan Freedman, 2021-04-19 As Jewish writers, artists, and intellectuals made their way into Western European and Anglo-American cultural centers, they encountered a society obsessed with decadence. An avant-garde movement characterized by self-consciously artificial art and literature, philosophic pessimism, and an interest in nonnormative sexualities, decadence was also a smear whereby Jews were viewed as the source of social and cultural decline. In *The Jewish Decadence*, Jonathan Freedman argues that Jewish engagement with decadence played a major role in the emergence of modernism and the making of Jewish culture from the 1870s to the present. The first to tell this sweeping story, Freedman demonstrates the centrality of decadence to the aesthetics of modernity and its inextricability from Jewishness. Freedman recounts a series of diverse and surprising episodes that he insists do not belong solely to the past but instead reveal that the identification of Jewishness with decadence persists today. **French Riviera and Its Artists** John Baxter, 2015-07-01 Get swept up in the glitz and glamour of the French Riviera as author and filmmaker John Baxter takes readers on a whirlwind tour through the star-studded cultural history of the Côte d'Azur that's sure to delight travelers, Francophiles, and culture lovers alike. Readers will discover the dramatic lives of the legendary artists, writers, actors, and politicians who frequented the world's most luxurious resort during its golden age. In 25 vivid chapters, Baxter introduces the iconic figures indelibly linked to the South of France: artist Henri Matisse, who lived in Nice for much of his life; F. Scott Fitzgerald, whose Riviera hosts inspired his controversial *Tender is the Night*; Coco Chanel, who made the Saint Tropez tan an international fashion statement; and many more. Along the way, Baxter takes readers where few people ever get to go: the alluring world of the perfume industry, into the cars and casinos of Monte Carlo, behind the scenes at the Cannes Film Festival, to the villa where Picasso and Cocteau smoked opium, and to the hotel where Joseph Kennedy had an affair with Marlene Dietrich. Then maps and listings show travelers how these luminaries celebrated life and made art amid paradise. **Bernstein Meets Broadway** Carol J. Oja, 2014 With an innovative historical framework, Carol J. Oja explores the emergence during World War II of Leonard Bernstein, Jerome Robbins, Betty Comden, and Adolph Green. At center stage are the mixed-race cast of *On the Town*, which was their first Broadway show; the web of gay relationships surrounding the ballet *Fancy Free*; and a nightclub act called *The*

in Toronto Washington and Ottawa it is a thematic rather than general study of the movement which has been influenced by various academic disciplines including history musicology and folklore Dr Gillian Mitchell begins with an introduction that provides vital context for the subject by tracing the development of the idea of the folk folklore and folk music since the nineteenth century and how that idea has been applied in the North American context before going on to examine links forged by folksong collectors artists and musicians between folk music and national identity during the early twentieth century With the boom of the revival in the early sixties came the ways in which the movement in both countries proudly promoted a vision of nation that was inclusive pluralistic and eclectic It was a vision which proved compatible with both Canada and America enabling both countries to explore a diversity of music without exclusiveness or narrowness of focus It was also closely linked to the idealism of the grassroots political movements of the early 1960s such as integrationist civil rights and the early student movement After 1965 this inclusive vision of nation in folk music began to wane While the celebrations of the Centennial in Canada led to a re emphasis on the Canadianness of Canadian folk music the turbulent events in the United States led many ex revivalists to turn away from politics and embrace new identities as introspective singer songwriters Many of those who remained interested in traditional folk music styles such as Celtic or Klezmer music tended to be very insular and conservative in their approach rather than linking their chosen genre to a wider world of folk music however more recent attempts at fusion or world music suggest a return to the eclectic spirit of the 1960s folk revival Thus from 1945 to 1980 folk music in Canada and America experienced an evolving and complex relationship with the concepts of nation and national identity Students will find the book useful as an introduction not only to key themes in the folk revival but also to concepts in the study of national identity and to topics in American and Canadian cultural history Academic specialists will encounter an alternative perspective from the more general broad approach offered by earlier histories of the folk revival movement
