Effective School Improvement* William Ramsay,E. Eugene Clark,1990 This book develops an approach to school development
which is contextual in that it considers both the larger social structure of which the school is a part and those special
features of schools themselves which impact upon the possibilities for their improvement The book derives from a eight year
longitudinal study of school evaluation at St Mary s College a Catholic girls school in Tasmania It builds upon and provides a
practical exploration of such recent developments as Straratt and Caldwell s work on educational vision the role of evaluation
in measuring the extent to which a school s vision has become reality the effective implementation and management of
change and Coleman and Hoffer s notion of social capital and the importance of school community networks in effective

Doyle,2023-07-03 Before entering higher education most students learning experiences have been traditional and teacher centered Their teachers have typically controlled their learning with students having had little say about what and how to learn For many students encountering a learner centered environment will be new possibly unsettling and may even engender resistance and hostility Taking as his starting point students attitudes toward and unfamiliarity with learner centered classrooms Terry Doyle explains that motivating students to engage with this practice first of all requires explaining its underlying rationale and then providing guidance on how to learn in this environment This book is about how to help students acquire the new skills and knowledge they need to take on unfamiliar roles and responsibilities It is informed by the author s extensive experience in managing learner centered classes and by his consultation work with faculty The first four chapters focus on the importance of imparting to students the evidence and underlying philosophy that is driving higher education to move from a teacher centered to a learner centered practice and what this means for students in terms of having control over and making important choices about their learning The final eight chapters focus on how to impart the skills that students need to learn or hone if they are to be effective learners in an environment that is new to them The book covers such practices as learning on one s own creating meaningful learning when collaborating with others peer teaching making presentations developing life long learning skills self and peer evaluation and give meaningful feedback This book provides a rich and informative answer to the fundamental question how do I help my students adjust to a learner centered practice

English-Only Instruction and Immigrant Students in Secondary Schools Lee Gunderson,2017-09-25 This book is for teachers teacher educators school and district administrators policy makers and researchers who want to know about literacy cultural diversity and students who speak little or no English It offers a rich picture of the incredible diversity of students who enter secondary school as immigrants their abilities their needs and their aspirations The studies reported are part of a large longitudinal study of about 25 000 immigrant students in a district in which the policy is English only instruction These studies provide multiple views of the students lives and their success in schools where the language of instruction differs from the languages they speak with their friends and families explore the students views of teaching and learning describe the potential differences between the students views and those of their teachers look at issues related to

students views of their identities as they work study and socialize in a new environment and examine different reading models designed to facilitate the learning of English as a second language ESL Educators and researchers will find the descriptions of students simultaneous learning of English and of academic content relevant to their view of whether instruction should be English only or bilingual For teachers who view multicultural education as an important endeavor this book may on occasion surprise them and at other times confirm their views The author does not attempt to develop a particular political viewpoint about which approach works best with immigrant students Rather the objective of the studies was to develop a full rich description of the lives of immigrant high school students enrolled in classes where the medium of instruction is English The reader is left to evaluate the results
