'Gripping . . . an unforgettable saga' *Sunday Telegraph*

1776 America And Britain At War

Daniel Haskel, John Calvin Smith

1776 America And Britain At War:

1776 David G. McCullough, 2005 America's most acclaimed historian presents the intricate story of the year of the birth of the United States of America 1776 tells two gripping stories how a group of squabbling disparate colonies became the United States and how the British Empire tried to stop them This book destroys many popular myths about the wars of independence and reveals in fact how many Americans wished to remain British and how many British had profound doubts about a military solution to the revolt It shows that many of those fighting knew those on the other side well and as the great decisions and battles of 1776 unfolded and attitudes hardened the truly fratricidal nature of the conflict became clear A must read This exhilarating book is one of the great peices of historical narrative

1776 David McCullough, 2013-12-05 America's most acclaimed historian presents the intricate story of the year of the birth of the United States of America 1776 tells two gripping stories how a group of squabbling disparate colonies became the United States and how the British Empire tried to stop them A story with a cast of amazing characters from George III to George Washington to soldiers and their families this exhilarating book is one of the great pieces of historical narrative

Britain's Colonial Wars, 1688-1783 Bruce Lenman, 2014-07-30 From Europe to India and America Britain's Colonial Wars relates empire to the fortunes of war In less than a century between the Glorious Revolution of 1688 and the settlement following the War of the American Revolution the modern British state was born This penetrating new analysis questions the centrality of the colonial enterprise to Westminster policy makers obsessed with European issues and explains how the impact of their strategies necessarily shaped the destiny of a multi national and incoherent empire beyond the shores of Europe

Britain As A Military Power, 1688-1815 Professor Jeremy Black, Jeremy Black, 2002-01-04 In 1688 Britain was successfully invaded its army and navy unable to prevent the overthrow of the government 1815 Britain was the strongest power in the world with the most succesful navy and the largest empire Britain had not only played a prominent role in the defeat of Napoleonic France but had also established itself as a significant power in South Asia and was unsurpassed in her global reach Her military strength was related to and based on one of the best systems of public finance in the world and held a strong trade position This illustrated text assesses the military aspects of this shift concentrating on the multi faceted nature of the British military effort Topics covered include the rise of Britain an analysis of military infrastructure warfare in the British Isles conventional warfare in Europe trans oceanic warfare with European powers the challenge of America and the challenge of Revolutionary and Napoleonic France

US Consular Representation in Britain Since 1790 Nicholas M Keegan, 2018-03-08 In its early years the United States Consular Service was a relatively amateurish organization often staffed by unsuitable characters whose appointments had been obtained as political favours from victorious presidential candidates a practice known as the Spoils System Most personnel changed every four years when new administrations came in This compared unfavourably with the consular services of the European nations but gradually by the turn of the twentieth century things had improved

considerably appointment procedures were tightened up inspections of consuls and how they managed their consulates were introduced and the separate Consular Service and Diplomatic Service were merged to form the Foreign Service The first appointments to Britain were made in 1790 with James Maury becoming the first operational consul in the country at Liverpool At one point there was a network of up to ninety US consular offices throughout the UK stretching from the Orkney Islands to the Channel Islands Nowadays there is only the consular section in the embassy and the consulates general in Edinburgh and Belfast

Britain and the American Revolution H. T. Dickinson, 2014-07-30 This is the first modern study to focus on the British dimension of the American Revolution through its whole span from its origins to the declaration of independence in 1776 and its aftermath It is written by nine leading British and American scholars who explore many key issues including the problems governing the American colonies Britain's diplomatic isolation in Europe over the war the impact of the American crisis on Ireland and the consequences for Britain of the loss of America

British Supporters of the American Revolution, 1775-1783 Sheldon Samuel Cohen, 2004 America's Declaration of Independence while endeavouring to justify a break with Great Britain simultaneously proclaimed that the colonists had not been wanting in attention to our British brethren but that they had been deaf to the voice of justice and consanguinity This overstatement has since been modified in comprehensive histories of the American Revolution Gradually a more balanced portrait of British attitudes towards the conflict has emerged In particular studies of pro American Britons have exemplified this fact by concentrating on only a small upper class minority In contrast this work focuses on five unrenowned men of Britain's middling orders These individuals actively endeavoured to aid the American cause Their efforts often unlawful brought them into contact with Benjamin Franklin for whom they befriended rebel seamen confined in British gaols Their stories rendered here open up new areas for study of the American War on this middling segment of Britain's social structure

Don Troiani's Black Soldiers in America's Wars: 1754-1865 John U. Rees, 2025-01-21 Using a masterful combination of artistry and accuracy Don Troiani has dedicated his career to transforming our understanding of the military soldier Don now turns his talents to capturing the under recognized African American soldiers as they fought in the French and Indian War the War of Independence the War of 1812 and the American Civil War Don's battle paintings figure studies and artifact collection are teamed with historian John Rees's insightful text This long needed work combines Troiani's magnificent art the dramatic battle paintings and authentically illustrated uniformed soldier studies with Rees's introductory chapters on the four wars Using primary sources Rees gives a true picture of the contributions of the many Black soldiers over the 100 year history Together Troiani and Rees provide the most comprehensive authoritative and well researched study of the Black soldier in early America

British Warship Losses in the Age of Sail, 1649-1859 David Hepper, 2023-12-30 This significant new reference book provides a complete list of the ships of the Royal Navy which were lost at sea in the age of sail Arranged in chronological order it includes outline details of each vessel lost and the circumstances of her loss 1649 is the start date

which coincides with the execution of Charles I and that time when the Royal Navy entered a new phase as an instrument of state the launch of the steam powered and iron hulled Warrior in 1860 effectively marks the end of the great era of the wooden hulled sailing warship Life at sea in the age of sail was a hazardous pursuit and there were many reasons for a ship being lost A correspondent to the Nautical Magazine in 1841 detailed some fifty reasons and causes from being short of crew abandonment without sufficient cause the poor condition of a ship incorrectness of charts poor dead reckoning as well as less obvious reasons such as the presence of captains wives and other women Navigational error particularly before the chronometer allowed for the accurate calculation of longitude was a common reason while poor weather in the form of fog or gales was an obvious peril So many ships suffered the melancholy fate of lonely disappearance overwhelmed by storm and sea and witnessed by none Collisions and fire feature regularly as does of course loss to the enemy Each entry includes details of the ship its name and type tonnage and dimensions origin and place of build the circumstances of the loss the date and a list of the main references used All this material is presented here in a single and highly accessible volume and represents a major milestone both in naval research and publishing it offers too a fund of fascinating and compelling stories of maritime misadventure Praise for the author s previous work This volume is an amazing encyclopaedic catalogue of British warships lost between 1920 and 1982 It is strongly recommended to historians authors researchers and all those with an interest in the history of the Royal Navy and the Second World War Scuttlebut Magazine *Catalogue* Bernard Quaritch (Firm),1886 **Republication of the Principles and Acts of the Revolution in America** Hezekiah Niles,1876

Republication of the Principles and Acts of the Revolution in America or an attempt to collect and preserve some of the speeches orations proceedings with sketches and remarks on men and things and other fugitive or neglected pieces belonging to the men of the revolutionary period in the United States Revolutionary America, 1763-1815 Francis D. Cogliano,2009-01-27 Revolutionary America explains the crucial events in the history of the United States between 1763 and 1815 when settlers of North America rebelled against British rule won their independence in a long and bloody struggle and created an enduring republic Now in its second edition Revolutionary America has been completely revised updating the strengths of the previous edition New features include New introduction for the second edition New chapter on Native Americans Revised and expanded bibliographic essay Updated historiography throughout the text Companion Website with study aids maps and documentary resources Revolutionary America also examines those who were excluded from the immediate benefits and rights secured by the creation of the new republic In particular author Francis D Cogliano describes the experiences of women Native Americans and African Americans each of whose experiences challenged the principle that all men are created equal which lay at the heart of the American Revolution Placing the political revolution at the core of the story Revolutionary America presents a clear history of the War of Independence and lays a distinctive foundation for students and scholars of the Early Republic For additional information and classroom resources please visit the
