The Battle of the Reichswald Tim Saunders, 2023-02-22 During winter 1944 45 few German officers believed that the Allies would attack the wooded Reichswald Plug on the narrow neck of land between the rivers Rhine and Maas Consequently relying on the natural defenses of the forest the vaunted Siegfried Line had been allowed to peter out The 84th Infantry Division held field defenses that had been worked on all autumn but the defenders were thinly spread and most German soldiers now faced the certainty of defeat Originally hoping to use the frozen winter ground for a speedy assault days before Operation VERITABLE began a thaw set in and the Allies faced attacking in the worst possible ground conditions On the morning of 8 February after protracted bombardment delays multiplied as vehicles became bogged in saturated fields and shell holes and roads broke up under heavy armor However just enough assault engineer equipment reached the outer German defenses where they found the enemy infantry largely stunned by the bombardment It took all of the first day to break through the mud and defenses into the Reichswald while to the north Canadians and Scots struggled across equally sodden open country with the Rhine floods rising fast Despite the conditions overnight the Canadians took to the flood waters to seize what were now island villages and the Scots dashed to capture the vital Materborn which overlooked Kleve With heavy rain compounding difficulties mud and flood waters made movement of men and supplies increasingly difficult Despite this and the arrival of German reinforcements the Allies fought their way forward forcing the Reichswald Plug and opening the way into the Rhineland and the final phases of the war

Europe at War 1939-1945 Norman Davies, 2008-09-04 The conventional narrative of the Second World War is well known after six years of brutal fighting on land sea and in the air the Allied Powers prevailed and the Nazi regime was defeated But as in so many things the truth is somewhat different Bringing a fresh eye to bear on a story we think we know Norman Davies Davies forces us to look again at those six years and to discard the usual narrative of Allied good versus Nazi evil reminding us that the war in Europe was dominated by two evil monsters Hitler and Stalin whose fight for supremacy consumed the best people in Germany and in the USSR The outcome of the war was at best ambiguous the victory of the West was only partial its moral reputation severely tarnished and for the greater part of the continent of Europe liberation was only the beginning of more than fifty years of totalitarian oppression Davies writes with real knowledge and passion Michael Burleigh Evening Standard Punchy and compelling Noel Malcolm Sunday Telegraph
