## 1959 In Search Of Eldorado:

Eldorado and the Quest for Fortune and Glory in South America Peter O. Koch,2021-07-05 This book traces the origin of the legend of El Dorado and the various expeditions that set out to locate that mysterious land of untold wealth in South America Motivated by both fanciful rumors of a golden city ruled by a man who coated himself daily with gold dust and the more practical allure of a region abundant in cinnamon trees a spice that was worth its weight in gold to Europeans many conquistadors convinced themselves that another native empire awaited their conquest These quests for fortune and glory would lead to an encounter with fierce female warriors who were believed to be the Amazons of ancient Greek lore and the discovery of the mighty river later named for the legendary Amazon tribe The first half of this book details the lesser known accounts of German interest in locating the wealth of a golden kingdom called Xerira and an elusive passage at Venezuela s Lake Maracaibo which supposedly led to the Pacific Ocean The second section focuses on the various Spanish efforts to discover El Dorado each of which was eventually doomed to despair disappointment and death **From El Dorado to Lost**

**Horizons** Ken Windrum,2019-03-25 The era known as the Hollywood Renaissance is celebrated as a time when revolutionary movies broke all the rules of the previous classical era as part of the ferment of the late 1960s and early 1970s Yet many films during this era did not overtly smash the system but provided more traditional entertainment based on popular genres for a wider audience than the youth culture who flocked to more transgressive fare Ken Windrum focuses on four genres of traditionalist movies big budget musicals war spectacles naughty sex comedies and Westerns From El Dorado to Lost Horizons shows how even seemingly innocuous family oriented films still participated in the progressive aspects of the time while also holding a conservative point of view Windrum analyzes representations of issues including gender roles marriage sexuality civil rights and Cold War foreign policy revealing how these films dealt with changing times and reflected both status quo positions and new attitudes He also examines how the movies continued or deviated from classical principles of structure and style Windrum provides a counter history of the Hollywood Renaissance by focusing on a group of important films that have nevertheless been neglected in scholarly accounts **Arctic Bibliography** Arctic Institute of North

America,1953 **New Zealand and the Sea** Frances Steel,Atholl Anderson,Tony Ballantyne,Julie Benjamin,Douglas Booth,Chris Brickell,Peter Gilderdale,David Haines,Susan Liebich,Alison MacDiarmid,Ben Maddison,Angela McCarthy,Grace Millar,Damon Salesa,Jonathan Scott,Michael J. Stevens,Jonathan West,2018 As a group of islands in the far south west Pacific Ocean New Zealand has a history that is steeped in the sea Its people have encountered the sea in many different ways along the coast in port on ships beneath the waves behind a camera and in the realm of the imagination While New Zealanders have continually altered their marine environments the ocean too has influenced their lives A multi disciplinary work encompassing history marine science archaeology and visual culture New Zealand and the Sea explores New Zealand s varied relationship with the sea challenging the conventional view that history unfolds on land Leading and emerging

scholars highlight the dynamic ocean centred history of these islands and their inhabitants offering fascinating new perspectives on New Zealand's pasts. The ocean has profoundly shaped culture across this narrow archipelago. The meeting of land and sea is central in historical accounts of Polynesian discovery and colonisation. European exploratory voyaging, sealing, whaling and the littoral communities that supported these plural occupations and the mass migrant passage from Britain. Frances Steel

**Searching the Skies** David Frank Winkler, 1997. Originally published in 1997, this hitherto hard to find study examines the impact that construction of radar stations and command facilities had on the American landscape. With accompanying black and white photographs throughout, the author explores patterns, themes and trends that created, influenced and formed the backdrop to the Cold War defense radar program. This study provides an in-depth look at the radar systems, a state-by-state listing of the infrastructure that supported the systems and an extensive bibliography. This historic content can be used to understand and evaluate properties associated with America's detection and command and control system.

Timing the Future Metropolis Peter Ekman, 2024-11-15. *Timing the Future Metropolis* is an intellectual history of planning, urbanism, design and social science. It explores the network of postwar institutions formed amid specters of urban crisis and renewal that set out to envision the future of the American city. Peter Ekman focuses on one decisive node in the network: the Joint Center for Urban Studies, founded in 1959 by scholars at Harvard and MIT. Through its sprawling programs of organized research, its manifold connections to universities, foundations, publishers and policymakers, and its years of consultation on the planning of a new city in Venezuela, Ciudad Guayana, the Joint Center became preoccupied with the question of how to conceptualize the urban future as an object of knowledge. *Timing the Future Metropolis* ultimately compels a broader reflection on temporality in urban planning, rethinking how we might imagine cities yet to come and the consequences of deciding not to.

**1959** E. P. Burke, 2004. Jerry Killian is a mixed-up seventeen-year-old prep student who believes he killed his senile grandmother. His low self-esteem produces many comical moments as he struggles with his fervent desire to experience sex with another human being. His Prom night seduction episode ends in a fiasco. He questions the mores of his strict Irish Catholic upbringing and what part fate plays in his existence. When Cathy, his first love, breaks up with him, he suffers a complete breakdown. With the help of his nerdy friends, he becomes emotionally strong enough to challenge his sadistic basketball coach and ends up as the school hero. Then just as it appears his life is in order, he learns the tragic truth about Cathy. His new friend Carrie tries to help, but only the extended hand of Bob, his mentor and therapist, can save him. Will Jerry take it? In *The Hero of Barryton*, Jerry's grandfather, Patrick O'Connor, had to face many obstacles. In this follow-up novel, O'Connor's grandson has his own demons to conquer. Unfortunately, young Jerry doesn't possess his grandfather's strength. He must rely on his family, friends and his own sense of humor to win the final battle toward maturity.

ambiguities of British policy in Iran and demonstrates its centrality to post war imperial reorientation Situating Iran within Britain s informal empire Jack Taylor demonstrates that Clement Attlee s Labour Government saw Iranian oil as critical to the construction of a domestic New Jerusalem and used coercion propaganda and espionage to preserve their control over it In doing so they were forced to confront not only the emerging Cold War but local resistance expressed through diverse forms including trade unionism Soviet inspired Marxism and popular nationalism Oil Nationalism and British Policy in Iran offers new insight into the scale of British interference in Iran and its ultimate failure It reveals that as London s policy floundered the United States independently took steps to safeguard their own regional economic and security interests Although British actors were critical in the operation to depose Prime Minister Mohammad Mossadegh following his government s nationalisation of the oil industry they were ultimately unable to sustain their informal empire in Iran
