Berger,2005-05-27 Since the 1920 s the New York Yankees have become the most successful sports franchise in history because of the way they manage their talent and their organization So how do they do it The Yankees sustained success can be traced to 14 core management principles applicable to any business operating today These principles embrace cultivation of home grown talent creation of a culture that demands excellence pursuit and introduction of the most talented players from outside the organization promotion of a diversified workforce and utilization of a productive farm system as currency in making talent deals *1969 Miracle Mets* Steven Travers,2006-03-17 In the 1977 movie *Oh God* George Burns playing the deity is asked to prove his divinity by performing a miracle Burns replies The last miracle I did was the 1969 Mets Before that I think you have to go back to the Red Sea This book tells the tale of the single most impossible unbelievable and wonderful sports story of all time of the 1969 Amazin Mets and their incredible spring summer and fall But it does much more than simply recount how the worst sports franchise ever ascended to greatness in a few short months The 1969 Miracle Mets is the story of tumultuous times the 1960s Against the backdrop of the Vietnam War the New York Mets proved to be a metaphor for a changing America and in retrospect the catapult for the eventual comeback of a battered yet unbowed Metropolis Tom Seaver and his teammates come alive in these pages as the final symbols of an innocent age an age when the greatest icons in American culture New York sports heroes mounted the stage in awesome splendor before Watergate before free agency before the mercenaries took over
