An Introductory Bibliography for Japanese Studies, 1974 *The English Language Poetry of South Asians* Mitali Pati Wong, Syed Khwaja Moinul Hassan, 2013-01-24 In this study ten independent critical essays and a coda explore the English language poetry of South Asians in terms of time place themes and poetic methodologies The transnational perspective taken establishes connections between colonial and postcolonial South Asian poetry in English as well as the poetry of the old and new diaspora and the Subcontinent The poetry analysis covers the relevance of historical allusions as well as underlying concerns of gender ethnicity and class Comparisons are offered between poets of different places and time periods yielding numerous sociopolitical paradigms that surface in the poetry Embracing the Firebird Janine Beichman, 2002-07-31 How did a girl from the provinces meant to do nothing more than run the family store become a bold and daring poet whose life and work helped change the idea of love in modern Japan *Embracing the Firebird* is the first book length study in English of the early life and work of Yosano Akiko 1879 1942 the most famous post classical woman poet of Japan It follows Akiko who was born into a merchant family in the port city of Sakai near Osaka from earliest childhood to her twenties charting the slow process of development before the seemingly sudden metamorphosis Akiko s later poetry has now begun to win long overdue recognition but in terms of literary history the impact of *Midaregami Tangled Hair* 1901 her first book still overshadows everything else she wrote for it brought individualism to traditional tanka poetry with a tempestuous force and passion found in no other work of the period *Embracing the Firebird* traces Akiko s emotional and artistic development up to the publication of this seminal work which became a classic of modern Japanese poetry and marked the starting point of Akiko s forty year long career as a writer It then examines *Tangled Hair* itself the characteristics that make it a unified work of art and its originality The study throughout includes Janine Beichman s elegant translations of poems by Yosano Akiko both those included in *Tangled Hair* and those not as well as poems by contemporaries such as Yosano Tekkan Yamakawa Tomiko and others **Rice, Agriculture, and the Food Supply in Premodern Japan** Charlotte von Verschuer, Wendy Cobcroft, 2016-02-22 The majority of studies on the agricultural history of Japan have focused on the public administration of land and production and rice the principal source of revenue has received the most attention However while this cereal has clearly played a decisive role in the public economy of the Japanese State it has not had a predominant place in agricultural production Far from confining its scope to a study of rice growing for tax purposes this volume looks at the subsistence economy in the plant kingdom as a whole This book examines the history of agriculture in premodern Japan from the 8th to the 17th century dealing with the history of agricultural techniques and food supply of rice wheat millet and other grains Drawing extensively on material from history literature archaeology ethnography and botany it analyses each of the farming operations from sowing to harvesting and the customs pertaining to consumption It also challenges the widespread theory that rice cultivation has been the basis of Japaneseness for two millennia and the foundation of Japanese

civilization by focusing on the biodiversity and polycultural traditions of Japan Further it will play a role in the current dialogue on the future of sustainable agricultural production from the viewpoints of ecology biodiversity dietary culture and food security throughout the world as traditional techniques such as crop rotation are explored in connection with the safeguarding of the minerals in the soil Surveying agricultural techniques across the centuries and highlighting the dietary diversity of Japan this book will appeal to students and scholars of Japanese history the history of science and technology medieval history cultural anthropology and agriculture

BOOK JACKET *Japanese Cinema Between Frames* Laura Lee,2017-11-08 This book explores the rich complexity of Japan s film history by tracing how cinema has been continually reshaped through its dynamic engagement within a shifting media ecology Focusing on techniques that draw attention to the interval between frames on the filmstrip something that is generally obscured in narrative film Lee uncovers a chief mechanism by which from its earliest period the medium has capitalized on its materiality to instantiate its contemporaneity In doing so cinema has bound itself tightly with adjacent visual forms such as anime and manga to redefine

itself across its history of interaction with new media including television video and digital formats Japanese Cinema Between Frames is a bold examination of Japanese film aesthetics that reframes the nation's cinema history illuminating processes that have both contributed to the unique texture of Japanese films and yoked the nation's cinema to the global sphere of film history

Poetry in a Global Age Jahan Ramazani, 2020-10-29 Ideas culture and capital flow across national borders with unprecedented speed but we tend not to think of poems as taking part in globalization Jahan Ramazani shows that poetry has much to contribute to understanding literature in an extra-national frame Indeed the globality of poetry he argues stands to energize the transnational turn in the humanities Poetry in a Global Age builds on Ramazani's award-winning *A Transnational Poetics* a book that had a catalytic effect on literary studies Ramazani broadens his lens to discuss modern and contemporary poems not only in relation to world literature war and questions of orientalism but also in light of current debates over ecocriticism translation studies tourism and cultural geography He offers brilliant readings of postcolonial poets like Agha Shahid Ali Lorna Goodison and Daljit Nagra as well as canonical modernists such as W B Yeats Wallace Stevens T S Eliot and Marianne Moore Ramazani shows that even when poetry seems locally rooted its long memory of forms and words its connections across centuries continents and languages make it a powerful imaginative resource for a global age This book makes a strong case for poetry in the future development of world literature and global studies *The Literary World* ,1883
