## 200 Years With The Rutland Herald:

Centennial Celebration of the Settlement of Rutland, Vt., October 2d, 3d, 4th and 5th, 1870, 1870      *200 Years with the Rutland Herald* Robert W. Mitchell, 1991 Consists of reproductions of pages from the Rutland daily herald      Two Vermonts Paul M. Searls, 2006 Two Vermonts establishes a little known fact about Vermont that the state's fascination with tourism as a savior for a suffering economy is more than a century old and that this interest in tourism has always been dogged by controversy Through this lens the book is poised to take its place as the standard work on Vermont in the Gilded Age and the Progressive Era Searls examines the origins of Vermont's contemporary identity and some reasons why that identity Who is a Vermonter is to this day so hotly contested Searls divides nineteenth century Vermonters into conceptually uphill or rural parochial and downhill or urban cosmopolitan elements These two groups he says negotiated modernity in distinct and contrary ways The dissonance between their opposing tactical approaches to progress and change belied the pastoral ideal that contemporary urban Americans had come to associate with the romantic notion of Vermont Downhill Vermonters espousing a vision of a mutually reinforcing relationship between tradition and progress unilaterally endeavored to foster the pastoral ideal as a means of stimulating economic development The hostile uphill resistance to this strategy engendered intense social conflict over issues including education religion and prohibition in the late nineteenth and early twentieth centuries The story of Vermont's vigorous nineteenth century quest for a unified identity bears witness to the stirring and convoluted forging of today's Vermont Searls's engaging exploration of this period of Vermont's history advances our understanding of the political economic and cultural transformation of all of rural America as industrial capitalism and modernity revolutionized the United States between 1865 and 1910 By the late Progressive Era Vermont's reputation was rooted in the national yearning to keep society civil personal and meaningful in a world growing more informal bureaucratic and difficult to navigate The fundamental ideological differences among Vermont communities are indicative of how elusive and frustrating efforts to balance progress and tradition were in the context of effectively negotiating capitalist transformation in contemporary America      *Vermont History*, 1993      **Comprehensive Calendar of Bicentennial Events** American Revolution Bicentennial Administration, 1975      **Congressional Record** United States.
