Walker, 2019-11-08 This miscellany puts readers around the table with a teacher who has provided the church with wisdom and passion and introduces a new voice to the ongoing conversation about the relationship between the gospel and culture

Andrew Walker's ecclesial intelligence and broad interdisciplinary approach to theology and sociology will undoubtedly capture the imagination of many who are curious about the church's mission in the modern West. Notes from a Wayward Son represents a broad sampling of Walker's writings from a distinguished forty-five year career from explorations of Pentecostalism and Charismatic Renewal to Eastern Orthodoxy. C. S. Lewis and Deep Church from the impact of modernity on the ecclesia to mission and ecumenism in the West today. In a world and a church often driven by the latest fashions, Walker's is a voice to which we will want to listen.

The Growth of Religious Diversity - Vol 1 Gerald Parsons, 2012-11-12. This two-volume set considers the role and significance of religion in post-war Britain, focusing in particular upon the closely inter-related themes of the decline of a specifically Christian Society and the emergence of a culturally and religiously plural society. Three core questions are examined in depth: to what extent and in what ways has religion remained a significant factor in British culture and society in the period since 1945; what role does religion play in interpreting and understanding the development of a multi-cultural and multi-ethnic society in post-war Britain; and to what extent has Britain remained or ceased to be a religious society during this period. Volume 1: Traditions analyses the history and development of the major religious groups present in Britain in the period since 1945. The major religious traditions examined include the traditional Christian churches, Judaism, Islam, Hinduism, Sikhism, Afro-Caribbean religious groups, New Religious Movements, and the implicit religion of the silent majority who remain detached from organised religion but are by no means simply secular. Volume 2: Controversies explores some of the challenges, tensions, and controversies presented by the emergence of an increasingly religiously plural society in Britain since 1945. In particular, it focuses on the impact of religious pluralism on both the Christian churches and other religious traditions; the relationship between communal and national identities and religion; women and religion; and the relationship between religion and changing attitudes to personal and especially sexual morality.

The Growth of Religious Diversity: Traditions Gerald Parsons, 1993. These two volumes consider the significance of religion in post-war Britain, concentrating on the decline of the specifically Christian Society and the emergence of a culturally and religiously plural society.

Generous Ecclesiology Julie Gittoes, 2014-07-28. Generous Ecclesiology seeks to present a positive theological response to the issues raised by Mission Shaped Church and For the Parish. The former reminds us that the church is to engage in creative and imaginative ways with our missionary calling. The latter affirms the place of inherited patterns and structures which cannot simply be discarded.

Ecclesianarchy John Williams, 2020-09-30. Strategic thinking about ministry and mission has tended to focus on the challenges of communication and presentation. Less attention has been paid to the effects that this thinking has on ministry. There is an unacknowledged dilemma for churches insofar as they are caught between the challenge to re-shape ministry in response to cultural change and the belief that there are certain God-given immutable foundations for ministerial order that must be retained. Arguing that what is needed is a provisional approach to ministry which recognises that all forms of

ministry are and always have been a response to social and cultural context this book brings theological and practical insight to bear on the question of ministry's provisionality In the end it asks is the only way through this dilemma a kind of Ecclesianarchy
