Hollywood's Monstrous Moms Kassia Krone, 2024-04-22 From Carrie and Rosemary's Baby to Us Hereditary and Run the image of the mentally ill mom as villain looms large in the horror genre What do these movies communicate about mothers living with mental illness and how do these depictions affect them Portraying mentally ill moms as problems to be overcome often by their own children perpetuates harmful stereotypes with potential real world consequences such as the belief that these women are unfit to bear or raise children More compassionate representations are needed to lessen the social stigma associated with the mentally ill Fortunately some of the contemporary horror films are attempting to achieve that task with critical success Using case studies from a broad range of films including the classic campy slasher or prestige and placing them within their historical context this work extends conversations about horror and mental illness such as post partum depression bulimia Munchausen by proxy syndrome and others Highlighting the trope of the mentally ill mother as a pervasive image within the genre furthers examination of how these films challenge or reflect existing stereotypes and illustrates how horror can be both a site of oppression and a source for positive transformation **Forbes**, 1994 **Video Source Book**, 2006 A guide to programs currently available on video in the areas of movies entertainment general interest education sports recreation fine arts health science business industry children juvenile how to instruction **Bowker's Complete Video Directory, 1999**, 1999 *Hollywood on Stage* Kimball King, 2013-07-04 Playwrights have been depicting Hollywood as a cultural desert and an industry of profit driven philistines ever since the early days of the movies This collection of original essays covers the period from the 1920s to the present but concentrates on such contemporary

playwrights as David Mamet Sam Shepard David Rabe Arthur Kopit and Adrienne Kennedy A substantial proportion of the volume is devoted to a discussion of the way in which these authors deconstruct Hollywood myths to reveal painful social and psychological issues in American life providing a deeper and darker picture than the simple satires of movie making in the 1920s and 1930s or Odets's comparison of the commercially debased Hollywood with the higher purer art of the theatre To complete and further complicate the picture the volume concludes with essays on the African American experience gay writers and feminist writing as seen through the lens of Marlane Myer's *ETTA JENKS* It is obvious that the legitimate stage remains a watchdog and constant critic of what is possibly the world's most powerful cultural phenomenon This book will be eagerly read by all students of film theatre and 20th century literature
