Art Of National Geographic A Century Of Illustrations

Rachel Sandford

Art Of National Geographic A Century Of Illustrations:

The Art of National Geographic Alice A. Carter, 2009 For more than a century the National Geographic Society's illustrators have taken readers to places beyond the reach of the camera's lens on extraordinary journeys of the imagination to destinations that can be seen only through the artist's eye. With vivid colors and subtle brush strokes they have led us back to the birth of our planet and forward to the colonization of space. They have laid out before our wondering eyes the enigmatic faces of our earliest ancestors and the rich mysteries of the natural world. Selected from the more than 12,000 illustrations in the National Geographic archives, the 156 stunning images reproduced in this book make up the first comprehensive exhibition of this important collection of artwork. The 65 illustrators represented include such widely known artists as N.C. Wyeth, Andrew Wyeth, James Gurney, Syd Mead, and three-time Caldecott Award winner Jerry Pinkney, as well as many others whose unmistakable styles are known to National Geographic readers worldwide. *The Art of National Geographic* explores science and nature, humankind's accomplishments and conflicts, and all the wonders of the universe in a wide variety of media from oil paint and watercolor to cutting-edge computer graphics. In his salutary foreword, renowned scientist and author Stephen Jay Gould confirms the continuing importance of illustration to scientific investigation. In the book's lively and informative text, Alice A. Carter, an award-winning illustrator herself, reveals as much about the scenes' adventure of creating this art and the science behind it as it does about the artists themselves. For art lovers, armchair explorers, history and science buffs alike, *The Art of National Geographic* is at once a glorious visual treasury and an invaluable reference. A sweeping excursion through our world and our achievements and a fascinating history of the National Geographic Society's century-long commitment to outstanding illustration.

Polar Explorations Don Nardo, 2011-03-02 One of the least understood places in the world, the North and South poles have captivated the imagination of scientists, adventurers, and ordinary people for centuries. With an abundance of natural resources, including crude oil, and the possibility for new scientific breakthroughs, the race to understand the poles has at various times led many nations to make political claims in a rush to exercise control over this terrain. This comprehensive volume offers detailed accounts of the major polar explorations, the political and scientific stakes in the quest to map and contain the Arctic and Antarctica. Chapters discuss the contest for the North Pole, the heroic age of exploration of the South Pole during the beginning of the twentieth century, the evolution of scientific technology and its effect on research in the harsh environment, and the trends in modern polar research.

Communication Arts, 2000
The Vikings Don Nardo, 2010-09-10 Known for hit and run raids that struck terror into the hearts of villagers across Europe during the Middle Ages, the Vikings were independent farmers but also daring explorers sailing far from Scandinavia in search of new land to conquer and farm. Author Don Nardo unpacks the many myths surrounding the Vikings with this comprehensive account of their culture and impact upon the course of history. Chapters approach the subject with accessible language, maps, and timelines to broaden student understanding and facilitate research. Topics discussed in this

edition include the origin of the Vikings conquests and expansions the nature of Viking communities Norse mythology explorations of the West and the end of the Viking age **New York Magazine** ,1988-09-12 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Illustrators ,2000 *Britannica Student Encyclopedia (A-Z Set)* Encyclopaedia Britannica, Inc,2012-01-01 Entertaining and informative the newly updated Britannica Student Encyclopedia helps children gain a better understanding of their world Updated for 2012 more than 2 250 captivating articles cover everything from Barack Obama to video games Children are sure to immerse themselves in 2 700 photos charts and tables that help explain concepts and subjects as well as 1 200 maps and flags from across the globe Britannica Student is curriculum correlated and a recent winner of the 2008 Teachers Choice Award and 2010 AEP Distinguished achievement award Public Library Catalog Juliette Yaakov,2004 More than 8 000 books in the main volume More than 2 400 new titles in annual paperbound supplements More than 2 000 analytic entries for items in collections and anthologies *Kiplinger's Personal Finance* ,1966-12 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics *Scythians and Sarmatians* Kathryn Hinds,2010 Learn all there is to know about Scythians and Sarmatians who played a compelling but often overlooked role in ancient history *Catalog of Copyright Entries.
