Art In Focus Washington:

Art in Focus Gene A. Mittler, 1986 **Thailand in Focus**, 1997 **The Fine Arts in America** Joshua C. Taylor, 1981-02-15 Though comparatively short it is no once over lightly chronicle full of insignificant names and dates It brilliantly achieves its principal aim to provide readers with a compact but broad and well rounded conception of the progress of the fine arts in America from ca 1670 to the present day It is a fascinating book full of new vistas it has all the earmarks of an instant classic American Artist Taylor describes changing definitions of art as much as he describes art itself and he shows how the shifting forms of patronage affected the forms of art He analyzes artists associations and he shows how museums and schools have expanded the audience for art In short he places artists and their work in cultural context This treatment of the social history of art is the most original and intriguing aspect of Taylor s sketch Journal of American History This is a brilliantly subtle book It builds with one insight after another and suddenly the reader finds that a whole new way of looking at American art is being proposed After decades of thinking and looking and teaching Dr Taylor has written it all down This work will become a classic interpretation almost overnight Peter Marzio director Corcoran Gallery of Art Interest in American art is unlikely to abate Mr Taylor s short book is an invaluable guide through this activity and to its traditions Neil Harris Wall Street Journal **Stanislavsky in Focus** Sharon Marie Carnicke, 1998 This volume traces the modern critical and performance history of this play one of Shakespeare s most loved and most performed comedies The essay focus on such modern concerns as feminism deconstruction textual theory and queer theory *Careers in Focus* Facts on File, 2010-05-17 Discusses careers in the arts describing the history of each position the education training and skills required the salary range and the job market outlook *Ireland in Focus* Eóin Flannery, Michael Griffin, 2009-06-01 From an analysis of the Guinness brand s reflection of Irish identity to an exploration of murals and film portrayals of political prisoners this pioneering collection of essays seeks to present Ireland s relationship to visual culture as a whole While other works have explored the imagistic history of Ireland most have restricted their lens to a single form of visual representation Ireland in Focus is the first book to address the diverse range of visual representations of national and communal identity in Ireland The contributors examine the politics of visual representation from both historical and contemporary perspectives Drawing from the areas of cultural theory postcolonial studies art criticism documentary and archival history and gender studies the essays provide novel insights on a variety of visual cultural forms including film theater photography landscape art political murals and the visual iconography of commercial marketing Bringing together established scholars and emerging young critics in the field Ireland in Focus breaks new ground in showcasing the essential dynamism of visual culture and its relationship to Irish studies **In and Out of Focus** Christraud M. Geary, 2003-05-02 This book accompanies an exhibition at the National Museum of African Art Smithsonian Institution on the role of photography in Central Africa This is the first book to link two related themes the role of photographic images in constructing and circulating fantasies ideas

and sentiments in Europe and the US relating to the peoples of Central Africa and the role of photography in enabling Africans to project images of themselves by becoming familiar with photographic technology Broad in thematic and temporal scope the book focuses on several time periods especially on the years before and between the two world wars This is also the first publication devoted to the important holdings of the Eliot Elisofen Photographic Archives a department of the National Museum of African Art Smithsonian Institution and a unique repository with more than 200 000 historical and contemporary images from all over Africa This book raises important issues associated with photographic practice in Africa the distribution of images the circulation of ideas in Europe and the US and African responses to photography through several poignant case studies This book also advances the scholarly discourse on colonial anthropological photography and contributes to a better understanding of African responses to photography
