Introduction to the Art of Painting in Oil Colours J. Cawse,1839 **The Painting of Modern Life** Timothy J. Clark,1985 From T J Clark comes this provocative study of the origins of modern art in the painting of Parisian life by Edouard Manet and his followers The Paris of the 1860s and 1870s was a brand new city recently adorned with boulevards cafes parks Great Exhibitions and suburban pleasure grounds the birthplace of the habits of commerce and leisure that we ourselves know as modern life A new kind of culture quickly developed in this remade metropolis sights and spectacles avidly appropriated by a new kind of consumer clerks and shopgirls neither working class nor bourgeois inventing their own social position in a system profoundly altered by their very existence Emancipated and rootless these men and women flocked to the bars and nightclubs of Paris went boating on the Seine at Argenteuil strolled the island of La Grande Jatte enacting a charade of community that was to be captured and scrutinized by Manet Degas and Seurat It is Clark s cogently argued and profusely illustrated thesis that modern art emerged from these painters attempts to represent this new city and its inhabitants Concentrating on three of Manet s greatest works and Seurat s masterpiece Clark traces the appearance and development of the artists favorite themes and subjects and the technical innovations that they employed to depict a way of life which under its liberated pleasure seeking surface was often awkward and anxious Through their paintings Manet and the Impressionists ask us and force us to ask ourselves Is the freedom offered by modernity a myth Is modern life heroic or monotonous glittering or tawdry spectacular or dull The Painting of Modern Life illuminates for us the ways both forceful and subtle in which Manet and his followers raised these questions and doubts which are as valid for our time as for the age they portrayed [A Familiar Treatise on the Fine Arts, Painting, Sculpture, and Music](#) Josiah Holbrook,1834 *Deleuze on Music, Painting, and the Arts* Ronald Bogue,2014-02-04 Bogue provides a systematic overview and introduction to Deleuze s writings on music and painting and an assessment of their position within his aesthetics as a whole Deleuze on Music Painting and the Arts breaks new ground in the scholarship on Deleuze s aesthetics while providing a clear and accessible guide to his often overlooked writings in the fields of music and painting
