Visually Speaking Ellen G. Horovitz, 2007

Deafness may or may not be considered a disability by those afflicted with auditory loss but it is indeed a physical difference that has resulted in a language system From language springs culture and Deaf language is indeed a cultivation that celebrates such ethnology As a result most of the authors in this book recognize that discernment when referring to the Deaf culture and their unique pictorial sign language Sign language vibrates through space as a three dimensional language system which arcs in past present and future just by mere body positioning and facial expression This enchanting language crosses culture and is indeed classified codified and uniquely its

own system Because of the complexity of this pictorial system from a developmental cognitive and emotional standpoint invited contributions from some of the foremost authorities on Deafness pepper these readings As many of the contributors note there has been an antiquated prejudice against Deaf culture and a reluctance to treat those who are Deaf in an appropriate fashion The authors in this volume have refuted the mistaken conviction that Deaf individuals lack creativity intelligence or the insight to be helped through psychotherapy and or mental health services One of the most wonderful things about this book is that finally the Deaf are being recognized as the full human beings they have always been who deserve full access to all of our resources Celebrating the unique strengths of Deaf individuals while rejecting the focus on their weaknesses is sprinkled throughout the pages of this book Indeed this offers a vantage point that is both optimistic and realistic And best of all there are chapters which will sensitize inform and inspire Doctor Ellen G Horovitz has done a service to anyone who offers art therapy to the Deaf Through promoting healthier art therapy for the hearing impaired those who are assisted will be able to live fuller more rewarding creative lifestyles

Boursier, 2021-06-03 Art As Witness is an invitation for professors researchers clergy educators students and activists to creatively integrate the arts in theology and religious studies for a practical theology of arts based research that prioritizes public witness This methodology challenges the traditional written word as being the privileged norm arguing that this emerging research genre is an excellent viable and necessary option for research that supports promotes and publicizes liberating theology for the marginalized victimized and oppressed It includes a detailed case study of Art Inside Karnes the all volunteer arts based ministry of presence the author facilitated inside a for profit immigrant family detention center that became the Power of Hope traveling art exhibit for education advocacy and public witness This primer covers practical ethical legal and political matters includes pedagogical examples for how to use arts based research for student assessment in theology and religious studies and provides an overview of arts options including literary genres visual arts fabric arts theater filmmaking and new media with digital content Art as Witness features 40 illustrations several case studies and multiple contributing theologian artists who engage the arts in themes that include immigration HIV AIDS biblical studies political protest gender equity gun law reform racial justice and more **The Art of Grief** J. Earl Rogers, 2011-02-10 Art and other expressive therapies are increasingly used in grief counseling not only among children and adolescents but throughout the developmental spectrum Creative activities are commonly used in group and individual psychotherapy programs but it is only relatively recently that these expressive modalities have been employed within the context of clinical grief work in structured settings These forms of nonverbal communication are often more natural ways to express thoughts and feelings that are difficult to discuss particularly when it comes to issues surrounding grief and loss Packed with pictures and instructional detail this book includes an eight session curriculum for use with grief support groups as well as alternative modalities of grief art therapy *Spirituality and Art Therapy* Mimi Farrelly-Hansen, 2001-01-01 The book is an exciting exploration of the different ways in which the spiritual forms an essential life enhancing component of a well rounded therapeutic approach The contributors explain how their own spiritual and creative influences interact finding expression in the use of art as a healing agent with specific populations *Spiritual Experiences in Early Childhood Education* Jennifer Mata, 2014-06-13 Spirituality is frequently avoided in the public school classroom in an attempt to prevent controversy However by ignoring preventing or discounting spirituality educators can also inhibit children s spiritual development Based on qualitative research and

interactions with both children and adults Jennifer Mata argues that educators should be responsible for addressing children's spirituality in the classroom and for re-introducing these topics into early childhood education By surveying the existing literature on spirituality Mata offers a working definition of spirituality as an essential characteristic of humanness which helps connect individuals to themselves others and to the transcendent The book portrays stories and descriptions of four kindergarten children in their classroom setting exploring their different modes of expressing and experiencing spirituality Finally *Spiritual Experiences in Early Childhood Education* offers a review of pedagogical strategies to nurture spirituality for both teachers to implement in the classroom and teacher educators to facilitate in teacher preparation programs

Therapist's Guide to Self-Care Lillie Weiss, 2004-04 Psychotherapy is an increasingly stressful profession Yet therapists spend most of their time helping clients deal with their stress not caring for their own This book is designed as a tool for the experienced counselor junior therapist and graduate student as the issues confronted and discussed herein are relevant to anyone in the field regardless of experience or expertise Dr Weiss has written a book in an easy conversational tone filled with concrete examples and blending research findings clinical experience and theoretical approaches into practical suggestions and sound advice The book is divided into three parts discussing therapist concerns and questions that are continually raised and providing practical tools based on clinical experience and research findings It will be useful to all mental health professionals who have felt the strain of their practice [Child Maltreatment: A clinical guide and reference](#)

James A. Monteleone, Armand E. Brodeur, 1998 Written in a frank plainspoken manner from the vantage of nationally recognized experts this encyclopedic reference covers all manifestations of abuse including physical psychological and sexual signs No other reference treats the topic of child maltreatment so completely giving the practitioner an understanding only years of clinical work could rival This is especially apparent in its coverage of sexual abuse While addressing the physical findings including STDs in depth this text emphasizes the most important components of the process disclosure by and interview of the suspected victim Appropriate for Pediatricians Family Practice Physicians
