Agrawal,1990 *Painting of the Romantic Era* Norbert Wolf,1999 This penetrating study of one of the most fruitful epochs in European art presents the Renaissance not simply as the rebirth of classical styles but also as the period that saw the invasion of man and his world into the domain of the arts

English Literature Advancing Through History 5 - The Romantic Period Petru Golban,2024-11-26 It appears that literary work possesses eternal temporal validity due to its autonomous aesthetic value whereas criticism provides points of view having temporary and transitory significance Despite such claims the vector of methodology in our series of books dealing with the history of English literature relies on Viktor Shklovsky T S Eliot Mikhail Bakhtin and especially Yuri Tynyanov whose main reasoning would be that literature is a system of dominant central and peripheral marginalized elements to us tradition centre versus innovation margin engaged in a battle for supremacy demarginalization and the right to form a new literary system and the development or historical advancement of literature is the substitution of systems Roman Jakobson and French structuralism on the whole later Linda Hutcheon with her system and constant and Bran Nicol with the dominant to say nothing about Itamar Even Zohar and his theory of polysystem to a certain extent Julia Kristeva and even Homi Bhabha as well as our humble contribution we would like to believe maintain Tynyanov s line of thinking and concepts alive which have developed and emerged nowadays more like a kind of neo formalism Focusing on literary practice applying critical theory and emerging from within our own teaching experience the books in the present series are theoretical and surveyistic like a monograph whereas their more practical and text oriented aspect should appeal as a student handbook for didactic purposes in which certain literary works belonging to various writers of different trends movements and periods are analysed and compared with regard to their source form thematic arrangements ideas motifs character representation strategies intertextual perspectives structural or narrative techniques and other aspects

Romanticism Norbert Wolf,2025-09-02 This richly illustrated volume invites readers to explore the phenomenon and fascination of Romanticism a movement that shaped the cultural and aesthetic landscape of the nineteenth

century and continues to resonate in modern consciousness The Romantic era ignited a profound shift in the arts celebrating imagination emotion and the sublime power of nature The book offers a nuanced view of Romanticism's revolutionary impact It journeys through the movement's origins in the experimental ferment of the eighteenth century its apex in German French and British painting and its later echoes across Europe and North America The author examines key figures such as Caspar David Friedrich J M W Turner Eugene Delacroix and Théodore Géricault exploring their transformative approaches to landscape light and human passion The narrative also unravels the movement's intricate relationship with themes of melancholy the sublime and the spiritual reconciliation of the individual with the universal Acclaimed art historian Norbert Wolf illuminates Romanticism's capacity to evoke longing its poeticization of life through art and its engagement with profound contradictions an embrace of both light and shadow By tracing the stylistic and cultural trajectories of Romantic painting from Germany's High Romanticism to the North American Hudson River School he situates these works within broader artistic and intellectual traditions Filled with breathtaking reproductions of major works and backed by impeccable scholarship Romanticism reveals a movement that transcended national boundaries and bridged the intersection of emotion imagination and the sublime

Historical Dictionary of Romantic Art and Architecture Allison Lee Palmer, 2019-07-26 Romanticism is multifaceted and a wide range of nostalgic emotional and exotic concerns were expressed in such styles and movements as the Gothic Revival Classical Revival Orientalism and the Pre Raphaelite Brotherhood Some movements were regional and subject specific such as the Hudson River School of landscape painting in the United States and the German Nazarene movement which focused primarily on religious art in Rome The movements range across Western Europe and include the United States This dictionary will provide a fuller historical context for Romanticism and enable the reader to identify major trends and explore artists of the period This second edition of Historical Dictionary of Romantic Art and Architecture contains a chronology an introduction and an extensive bibliography The dictionary section has over 300 cross referenced entries on major artists of the romantic era as well as entries on related art movements styles aesthetic philosophies and philosophers This book is an excellent resource for students researchers and anyone wanting to know more about Romantic art

The Subject of Aesthetics Tone Roald, 2015-11-24 How does art influence us In *The Subject of Aesthetics* Tone Roald approaches aesthetics as a psychological discipline showing how works of art challenge our habitual ways of perceiving the world While aesthetics has traditionally been a philosophical discipline Roald discusses how it is very much alive in the realm of psychology a qualitative psychology of lived experience But what actually constitutes an aesthetics of lived experience The book answers that question by analyzing people's own engagement with visual art What emerges is that the object of aesthetics is indeed the subject
