**William Green**

A decorative red circular graphic element, resembling a stylized sun or a lens flare, is positioned to the right of the author's name. It has a soft, glowing red center that fades into a lighter red and then into the white background.

## Art Of The Surimono:

**ART OF THE SURIMONO.** Theodore Robert Bowie,1979      **Surimono** Roger Start Keyes,1991      Art of the Surimono Theodore Robert Bowie,James T. Kenney,Fumiko Togasaki,1979      The Art of Surimono Roger S. Keyes,1985

**The Private World of Surimono** Sadako Ohki,2020-04-07 A detailed look at a genre that combines virtuoso printmaking techniques sophisticated imagery and engaging playful poetry This beautiful volume celebrates the tradition of the Japanese surimono print Produced from around 1800 until 1840 during the Edo period surimono printed things in Japanese combine intricate artwork and playful poetry and their small print runs and exclusive audiences allowed for lavish yet subtle surface treatments such as embossing and gilding Enjoyed for their learned allusions to literature and contemporary culture surimono continue to delight and perplex scholars with their visual puns and wordplay Imagery ranges from delicate domestic still lifes to spirited vignettes of the natural world while the poems are often lighthearted takes on the classical Japanese waka form With its rich text and scholarly apparatus including names and titles in kanji characters as well as transliterations and translations of the poems on the catalogued prints The Private World of Surimono serves as a critical resource for scholars of Japanese art and history and offers general readers insight into this rare and innovative print form

*Reading Surimono* John T. Carpenter,Museum Rietberg,2008 This full colour catalogue illustrates and describes some 300 surimono privately published deluxe Japanese prints belonging to the Museum of Design Zurich which were recently placed on long term loan to the Museum Rietberg Zurich Originally bequeathed to the Museum of Design by the Swiss collector Marino Lusy 1880 1954 the collection includes many rare and previously unpublished prints Edited by John T Carpenter with contributions from eleven Edo art and literary specialists this scholarly publication investigates surimono as a hybrid genre combining literature and art Each print in the Lusy Collection is described in detail including translations of all accompanying poems This publication is not only indispensable to specialists in ukiyo e but has much to offer any reader interested in traditional Japanese culture Book Jacket      **Surimono** Roger S. Keyes,Helen Foresman Spencer Museum of Art,1984      **The Art of Friendship** Mary Redfern,2017 The Art of Friendship Japanese Surimono Print exhibition was held in the Chester Beatty Library to mark the 60th year anniversary of formal diplomatic relations between Japan and Ireland The word surimono means printed thing in Japanese These were privately commissioned by poetry groups typically as gifts for special occasions such as the New Year The quality and refinement of surimono appealed to Sir Chester Beatty and he amassed a collection considered one of the finest in the world 00Exhibition Chester Beatty Library Dublin Ireland 03 03 27 08 2017      *Japanese Woodblock Prints in Miniature: The Genre of Surimono* Kurt Meissner,1990-07-15 With dozens of classic miniature Japanese woodblock prints and informative text this Japanese art book is an essential for print collectors Of the many genres of ukiyo e perhaps the least known is that of the diminutive surimono produced by Utamaro Kiyonaga Hokusai Hiroshige and others They were the small relatively little known woodblock prints of the Tokugawa era produced in smaller

numbers and better quality than the ukiyo e prints as we know them today This beautifully illustrated book a collector s item is based on the author s private collection of more than sixty years It is a unique introduction to the background and aesthetic appreciation of the rare and elegant art form Included in the pages are notes on technique terminology surimono collecting and commissioning as well as biographies of known surimono artists and a detailed list of surimono catalogs and exhibitions The text is supplemented by 33 color plates Index Glossary and Annotated Bibliography The Art of Surimono Roger Keyes,1985 **The Art of Surimono** Roger Keyes,1985 *The art of Surimono* Roger Keyes,1985 Leaves of Words Daniel J. McKee (0d),2008 This dissertation challenges the conventional treatment of surimono as pictorial greeting announcement cards comprising a subcategory of ukiyo e a definition based on shortsighted understanding of the genre s history that derives from distorting projections of western social forms and interests onto a Japanese case By examining surimono s informing context and broader history this study redefines the genre as an early modern variation on the rich traditions of ritual and seasonal poetic presentations in Japan Such an approach allows us to understand the defining characteristics of surimono their historical development and social uses in symbolic exchanges in new ways highlighting poetry as the key component that gives these works their unique form function and semiotic significance My study begins with a history of reception contrasting surimono s treatment as art historical objects in the west from the late nineteenth century with Tokugawa period definitions I then examine the cultural background summoned up by the formats content and methods of inscription and exchange employed by surimono s makers to give significance to their form semiotically within the context of ritual poetic exchanges Showing how surimono emerged as a latterday woodblock printed version of the calligraphic poetic presentation I look in detail at early surimono from the turn of the eighteenth century only recently treated as part of this genre and especially the role of illustration in such works The nature of these initial haikai works is then contrasted with that of the better known ukiyo e illustrated ky ka surimono to reveal how poetry functions as a kind of genetic code informing every physical aspect of surimono Distinctions between word and image in surimono blur in the mutual interactions between these signifying systems The result of the broad view taken in this study which includes haikai and ky ka practices in relation to customs of composition inscription and presentation established in waka and renga is a new view of surimono as an art form defined by its poetry in which in keeping with the classical ideal of the poetic presentation the work itself becomes a material manifestation of poetic ideas tones principles and approaches to representation Abstract Art and Artifice in Visual Culture Sonia Coman,Vasile-Ovidiu Prejmerean,Michael Yonan,2024-12-30 This edited volume explores the notion of artifice in modern visual culture ranging from the eighteenth century to the present in countries around the globe Artifice has been regarded as a primarily Western phenomenon playing as it does a central role in European art theory since the Renaissance This volume proposes that artifice is better understood as a transcultural artistic phenomenon and requires far broader conceptualization across international contexts It acquaints readers with works of art

visual modes of communication and concepts originating in France Germany the United States Japan and China and includes painting sculpture drawings prints photographs film and virtual reality augmented reality VR AR objects Contributors demonstrate how practices of artifice function as both symbol and form in parallel and divergent ways in multiple cultural settings The book will be of interest to scholars working in art history visual culture and material culture Ukiyo-e Explained David Bell,2021-10-01 A great many volumes already exist on the subject of ukiyo e mostly single focus works intended to appeal to connoisseurs or art historians Ukiyo e Explained however is the first integrated study with wider scholarly appeal to show how ukiyo e is art but also social history culture and craft Indeed ukiyo e or floating world pictures form one of the most popular and widely known forms of Japanese art Their history has been well documented in the past and their distinctively decorative often sensual pictorial character is familiar to audiences around the world This study illuminates new pathways to a greater appreciation of ukiyo e by addressing the environments and conditions under which the artists worked together with the factors that determined or conditioned the peculiar stylistic character of ukiyo e It also examines the particular forces that governed this distinctive type of picture making and the corresponding development of popular tastes with the audiences of the day focusing especially on contemporary aesthetic sensibilities the ways artists learned their craft and the conditioning qualities of their medium

**Networks and Practices of Connoisseurship in the Global Eighteenth Century** Valérie Kobi,Kristel Smentek,Chonja Lee,2023-12-31 The 18th century was the age of the connoisseur It was also an era of an expanding global consciousness born of accelerating trade and imperial conquest This volume puts into dialogue the consolidation of connoisseurship as an empirical mode of artistic analysis in Europe and Asia and the increasing exposure to different modes of artmaking facilitated by local and global networks over the course of the long 18th century Focusing on exchanges between India Japan China and Europe the contributors to this volume examine the complex and nuanced impacts on connoisseurial practice of encounters with artworks from different regions of the globe the international networks that made those encounters possible and the intricate transactions through which connoisseurial knowledge of art was generated Expansive focus on practices and networks in India Japan and Europe in the 18th century Complexities and asymmetries of connoisseurship in an expanding world *Harvard's Art Museums* Harvard University. Art Museums,James B. Cuno,1996 Examines the three Harvard art museum collections providing an overview of the collection and discusses technical information and historical interpretation *Japanese Poetry Prints* Daniel McKee,2006 *Japanese Woodblock Prints* William Green,1993 The ultimate research tool for the study of Japanese prints this publication represents eight years of research by the author William Green It lists over 6000 publications dating from 1822 to 1993 concentrating on those in English In addition the inclusion of newspaper and periodical reviews of the most important books and catalogs enables the academic debate concerning Japanese prints to be followed This book is divided along thematic lines into 15 chapters and also contains three indexes making it an easy to use reference work for students scholars and collectors alike

The Poetic Image G. C. Uhlenbeck, 1987
