Antonello da Messina and the History of Art Anna Swartwood House, 2025-03-31 This book argues that painter Antonello da Messina c 1430 1479 is a formative cross cultural figure in the practice of art history itself Featuring new interpretations of some of his best known works Anna Swartwood House shows how the uncertainties surrounding the painter have made him a uniquely pliable figure easily inserted into different narratives of contact cultural translation and exchange Using a wide range of materials including archival documents biographies civic histories collectors notes and popular literature House traces the fortunes of an artist continually defined by place The book will be of interest to scholars working in art history Renaissance studies early modern history and historiography Codename SICILYWAR: Archaeology, Museums, and Social Networks under Threat in Sicily during World War II Antonino Crisà, 2025-08-21 This text examines the impact of WWII on Sicily s archaeological sites and museums It explores how authorities managed archaeological finds reconstructs social networks during the war and compares Sicily s situation to other European contexts using newly discovered documents and a multidisciplinary approach *Archaic and Classical Greek Sicily* Franco De Angelis, 2016-02-02 Ancient Greek migrants in Sicily produced societies and economies that both paralleled and differed from their homeland Explanations for these similarities and differences have been hotly debated On the one hand some scholars have viewed the ancient Greeks as one in a long line of migrants who were shaped by Sicily and its inhabitants On the other hand other scholars have argued that the Greeks acted as the main source of innovation and achievement in the culture of ancient Sicily a culture that was still removed from that of mainland Greece Neither of these positions is completely satisfactory What is lacking in this debate is a basic framework for understanding ancient Sicily s social and economic history *Archaic and Classical Greek Sicily* represents the first ever systematic and comprehensive attempt to synthesize the historical and archaeological evidence and to deploy it to test the various historical models proposed over the past two centuries It adopts an interdisciplinary approach that combines classical and prehistoric studies texts and material culture and a variety of methods and theories to put the history of Greek Sicily on a completely new footing While Sicily and Greece had conjoined histories from the start their relationship was not one of periphery and center or of colony and state in any sense but of an

interdependent and mutually enriching diaspora At the same time local conditions and peoples including Phoenician migrants also shaped the evolution of Sicilian Greek societies and economies This book reveals and explains the similarities and differences between developments in Greek Sicily and the mainland and brings greater clarity to the parts played by locals and immigrants in ancient Sicily s impressive achievements

Art history culture** ,1999 **Italy; Handbook for Travellers: Southern Italy and Sicily, with excursions to the Lipari Islands, Malta, Sardinia, Tunis and Corfu.(11th rev. ed., 1893)** Karl Baedeker (Firm),1893 **Viewing Inscriptions in the Late Antique and Medieval World** Antony Eastmond,2015-04-20

This book considers the visual qualities of inscriptions from a cross cultural perspective focusing on the period from Late Antiquity to the Middle Ages The Invention of Art History in Ancient Greece

Jeremy Tanner,2006-03-23 The ancient Greeks developed their own very specific ethos of art appreciation advocating a rational involvement with art This book explores why the ancient Greeks started to write art history and how the writing of art history transformed the social functions of art in the Greek world It looks at the invention of the genre of portraiture and the social uses to which portraits were put in the city state Later chapters explore how artists sought to enhance their status by writing theoretical treatises and producing works of art intended for purely aesthetic contemplation which ultimately gave rise to the writing of art history and to the development of art collecting The study which is illustrated throughout and draws on contemporary perspectives in the sociology of art will prompt the student of classical art to rethink fundamental assumptions about Greek art and its cultural and social implications

Italy ... Karl Baedeker,1880 Seven Painters Who Changed the Course of Art History Brian Thom McQuade Ma.,2012 This is the biography of 7 painters who from the 14th to the 19th century changed the history of art forever The book is not just about their painting but also tells about their lives their triumphs and their disasters Italy: Southern Italy and Sicily, with excursions to the Lipari Islands, Malta, Sardinia, Tunis, and Corfu. 8th rev. ed. 1883 Karl Baedeker

(Firm),1883 **The French in the Kingdom of Sicily, 1266-1305** Jean Dunbabin,2011-03-03 Charles of Anjou's conquest of the Sicilian Regno in 1266 transformed relations between France and the kingdom of Sicily This original study of contact and exchange in the Middle Ages explores the significance of the many cultural religious and political exchanges between the two countries arguing that the links were more diverse and stronger than simply the rulers family connections Jean Dunbabin shows how influence flowed as much from south to north as vice versa and that France was strongly influenced by the experiences of those who returned after years of fighting in the Regno As well as considering the experiences of notable crusading families she sheds new light on the career of Robert II d Artois who virtually ruled the Regno for six years before returning to France to remodel the government of Artois This comparative history of two societies offers an important perspective on medieval Western Europe **Italy, Handbook for Travellers (includes Southern Italy and Sicily, with Excursions to Lipari Islands, Malta, Sardinia, Tunis, and Corfu)** Karl Baedeker,1883
