Griswold, 1964 Deals with the art and cultures of three Asian centers whose history and development have been traced only in recent years The three authors through their research and excavations played a significant part in disclosing the artistic achievements of these cultures so long unknown to the rest of the world This is an illuminating introduction to the little known Oriental art by the foremost specialists in Burmese Korean and Tibetan cultures **Imperial Pagan** Paul Strachan, 1990-01-01 This work aims to revive interest in the least examined monumental Buddhist site in Southeast Asia Burma Alexandra Green, T. Richard Blurton, 2002 This volume presents papers from a unique two day conference organized in London in 2000 by The British Museum and the School of Oriental and African Studies University of London The academic study of Burma especially the study of its cultural history has been very largely ignored over the last fifty years The conference papers published here together form a major contribution towards the
