Osborne, 1980 *THE SUBTLE ART OF DEALING WITH PEOPLE* Aruna Joshi, 2021-10-21 BE A PEOPLE PERSON Why are some people difficult to deal with while others are people magnets Why do some people go unnoticed while others are unforgettable Be it in your professional personal or social life you come across all kinds of people and to be able to deal with them can be challenging yet rewarding The Subtle Art Of Dealing With People offers you tools and techniques with real life examples from the author's life It draws on your authentic nature to win with people rather than trying to impress them This book is a practical guide to Communicating effectively Mastering the art of saying No Building genuine relationships Learning effective listening skills Cultivating people skills for the digital age Whether meeting people personally or over a video call this book prepares you to influence people and make a memorable impact in every situation Gorilla Theory - The Art of Avoiding Project Delivery Disaster , The Art of Dealing With People Les Giblin, 2001-01-01 What is the one quality that all successful people have in common They have mastered the art of dealing with people Let this book show you how to Achieve your goals Handle the human ego Become a master conversationalist Make others feel good about themselves And much more Skill with people is the one essential ingredient for success and happiness at home and in business The Art of Dealing With People gives you the skills to take your people skills to a level that you never thought possible Skill in human relations is similar to skill in any other field in that success depends on understanding and mastering certain basic general principles You must not only know what to do but why you're doing it As far as basic principles are concerned people are all the same Yet each individual person you meet is different If you attempted to learn some gimmick to deal successfully with each separate individual you met you would be faced with a hopeless task Influencing people is an art not a gimmick When you apply gimmicks in a superficial mechanical manner you go through the same motions as the person who has a way but it doesn't work for you The purpose of this book is to give you knowledge based upon an understanding of human nature why people act the way they do The methods presented in this book have been tested on thousands of people who have attended my human relations seminars They are not just my pet ideas of how you should deal with people but ideas that have stood the test of how you must deal with people That is if you want to get along with them and get what you want at the same time Yes we all want success and happiness And the day is long past if it ever existed when you could achieve

these goals by forcing people to give you what you want And begging is no better for no one has respect for or any desire to help the person who constantly kowtows and literally goes around with his hand out begging other people to like him The one successful way to get the things you want from life is to acquire skill in dealing with people Download now and you will learn how
