In today's materialistic world everybody feels the pinch of stress. It is beneficial if it needs to be managed for optimum results and happy living. This book also provides several tips for successful living. It is hoped that these will greatly help the readers in changing their daily lifestyle to lead a happy and peaceful life *The Art of Happiness* John Cowper Powys, 2011-05-19 It is not our struggle to be happy that is mistaken; it is

our false idea that we can find happiness anywhere but in ourselves happiness does not depend on outward things It is born of the mind it is nourished by the mind it is what rises like breath in a frosty air from the mind's wrestling with its fate The Art of Happiness first published in 1935 belongs to John Cowper Powys's sequence of philosophical writings and finds him exploring the problem of how man lives with his fellow man and also with woman that is to say here as opposed to the abstract arguments concerning Man in the universe Powys is concerned with the practical arguments such as arise between man and his neighbour his wife his lover and also with man's arguments against himself all in the pursuit of happiness The careful reader will find herein hints clues intimations as to how we all might become a little happier an invitation few of us would feel so fortunate as to refuse
