Science, Spirituality and the Modernization of India Makarand R. Paranjape, 2009-04-01 Spirituality played a key role in the construction of Indian modernity While science has certainly been an agent of modernization in India and other non Western countries what makes Indian modernity somewhat special is that spiritual leaders have also been instrumental in the process Moreover leading Indian scientists and spiritualists have recognized the immense potential for dialogue between the two disciplines Post colonial India with its ready access to a holistic spirituality and significant achievements in science and technology is a fertile site for such a

dialogue Each of the book's four sections addresses specific themes 1 The tension not just between science and spirituality but also between the East and West 2 how some key figures in India became carriers of modern consciousness and explored the relationship between science and spirituality in the very process of trying to reform their society 3 significant areas of research in which science and spirituality are both deeply implicated and 4 the relationship of both scientific and spiritual practice with gender and social justice

Explorations in Art and Technology Linda Candy, Ernest Edmonds, 2012-12-06 Explorations in Art and Technology is about the creative process in action through the eyes of practitioners and researchers The book explores the fascinating relationship between artist and technologist through studies of innovative projects that push the boundaries of digital art The research sheds new light on the nature of interaction between people and computers and provides insight into the characteristics of environments in which creativity can be enhanced In doing so it presents a case for organisations to develop strategies for offering environments in which collaborative sustainable partnerships can thrive What emerges is a compelling story of new visions and new forms in a field that is set to transform traditional norms in both art and technology as we move through the 21st Century Additional information and links are available at <http://www.creativityandcognition.com>

Mad and Divine Sudhir Kakar, 2009-08 Sudhir Kakar India's foremost practitioner of psychoanalysis has focused his career on infusing this preeminently Western discipline with ideas and views from the East In Mad and Divine he takes on the separation of the spirit and the body favored by psychoanalysts cautioning that a single minded focus on the physical denies a person's wholeness Similarly Kakar argues to focus on the spirit alone is to hold in contempt the body that makes us human Mad and Divine looks at the interplay between spirit and psyche and the moments of creativity and transformation that occur when the spirit overcomes desire and narcissism Kakar examines this relationship in religious rituals and healing traditions both Eastern and Western as well as in the lives of some extraordinary men the mystic and guru Rajneesh Gandhi and the Buddhist saint Drukpa Kunley Enriched with a novelist's felicity of language and an analyst's piercing insights and startling interpretations Mad and Divine is a valuable addition to the literature on the integration of the spirit and psyche in the evolving psychology of the individual
