Sagar, 2006-01-01 A literary figure often overshadowed by his famed wife Sylvia Plath and their troubled marriage Ted Hughes was a brilliant poet in his own right who wrote some of the most important British poetry of the twentieth century The first in depth study of Hughes s personal papers published after his death The Laughter of Foxes is here offered in a newly revised second edition An intimate yet critical survey of Hughes s work The Laughter of Foxes is penned by an acclaimed scholar and one of Hughes closest friends Keith Sagar probes all aspects of the poet s life and work delving into the specifics of his life as revealed by his writings and correspondence A wide array of topics including the mythic imagination the poetic relationship between Plath and Hughes and a detailed analysis of Hughes s poem A Dove Came through its evolving drafts reveals fascinating new avenues of literary and biographical analysis in Hughes s work Augmenting the rich text in this edition are excerpts of letters from Hughes to Sagar a detailed chronology of Hughes s life by Ann Skea and the first publication of the story Crow Sagar also revisits his original introduction in this new edition expanding it with additional insights into Hughes s poetry as well as a detailed account of Hughes s version of Euripedes Alcestis A compelling study that the Daily Telegraph called invaluable for anyone interested in Hughes work The Laughter of Foxes unearths the man behind the myth who struggled to transform his imaginative life from pain into hope **Ted Hughes' Art of Healing** Daniel Xerri, 2010 The late Ted Hughes felt that healing was the most fundamental characteristic of all poetry yet until now there has been no monograph on Hughes conception of poetry as a healing device This study discuss and interprets the healing quality in Hughes poetic works and evaluates the poet s notion of its significance for human civilization Research includes Hughes and the immediate post war generation of poets in Britain and Ireland The Movement poets and Hughes relations with them Hughes as a cultural critic who perceives himself and his poetic talent as possessing redemptive function Five chapters are devoted to Hughes published works starting with HAWK IN THE RAIN and LUPERCAL the collections are discussed focusing on violence as a manifestation of energy lacking in human affairs CAVE BIRDS is analyzed in terms of the poet s adoption of alchemical motifs as a mens of showing the quester s journey to redemption MOORTOWN is made up of four parts and the healing cycle present in each of those parts is adumbrated along with analysis of arcana use of symbolism and literary allusions RIVER is

discussed with a view to clarifying Hughes interest in light healing and the redemptive elements of the end of the quest Xerri also discusses Hughes as a skeptic and as a poet willing to explore the healing quest itself with an eye on spiritual discipline in the face of existential voids An excellent study that belongs in any serious collection of Hughes work British 20th c poetry and the art of poetics Ray Hanna North American Literary Review Georgetown **The Poetry of Ted Hughes** Ted Hughes,J. Misreading England Raphaël Ingelbien, 2021-11-01 In *Misreading England Poetry and Nationhood* Since the Second World War Raphaël Ingelbien examines how issues of nationhood have affected the works and the reception of several English and Irish poets Philip Larkin Ted Hughes Geoffrey Hill and Seamus Heaney This study explores the interactions between post war English poets and the ways in which they transformed or misread earlier poetic visions of England Romantic Georgian Modernist It also traces often neglected but crucial links between their troubled poetics of Englishness and Seamus Heaney's poetry of Irish nationhood This radically intertextual approach takes issue with influential accounts of post war poetry that have drawn on postcolonialism Instead of being made to reflect contemporary agendas the poetics of nationhood are here considered in all their textual and ideological complexity and restored to the historical intellectual and literary contexts which postcolonial emphases on identity often play down or simplify Whereas critics in post devolution Britain increasingly use texts to debunk or promote specific versions of national identity this study interrogates the very terms in which the debate has been conducted Its metacritical analyses expose the contradictions of identity politics and its intertextual readings help re draw the map of post war poetry in Britain and Ireland
