## Arte Español 79:

**Arte español**, 1926 *Subject Catalog, 1979* Library of Congress, 1979 Library of Congress Catalogs Library of Congress, 1980 **El arte epistolar en el renacimiento español** Jamile Trueba Lawand, 1996 A study of letter writing in Renaissance Spain The subject of this book is the art of letter writing in the Renaissance period which particularly in the case of Spain has been unjustly neglected The first part examines two major sixteenth century treatises on letter writing Erasmus's *Opus de conscribendis epistolis* 1522 and Juan Luis Vives's *De conscribendis epistolis* 1536 concluding that the two were composed independently rather than one being derived from the other The author goes on to look at two important collections of letters Fray Antonio de Guevara's *Epistolas familiares* and St Teresa's *Epistolario* showing the vital differences between them Professor JAMILE TRUEBA LAWAND is Professor of Spanish at Berry College Georgia USA *Monographic Series* Library of Congress, **Arte e ideología en el País Vasco: 1940-1980** Ana María Guasch, 1985-05-07 Este libro estudia con una rigurosa metodología a una de las manifestaciones más significativas de nuestro arte contemporáneo el arte vasco Pero esta obra supera el ámbito geográfico convirtiéndose en un modelo metodológico del análisis de los fundamentos las causas y el comportamiento social del fenómeno artístico A partir de la consideración de que las interrelaciones entre arte y sociedad no surgen de una manera impersonal sino que son producto de la mediación individual y colectiva el libro analiza las estructuras sociales que posibilitan o truncan la existencia de las creaciones plásticas la política de difusión cultural y de enseñanzas artísticas que promueve una determinada manera de entender el arte la lucha tanto del artista como de los grupos para definir la esencialidad técnica y cultural o la universalidad de sus obras las ideologías que impulsan cada uno de estos planteamientos de la realidad y las tendencias estilísticas a que dan lugar Todo ello se complementa con una importante recopilación de documentos algunos de ellos inéditos y una extensa bibliografía que convierten el libro en un instrumento insustituible para acercarse al mundo del arte vasco *A Companion to Spanish Women's Studies* Xon de Ros, Geraldine Hazbun, 2014 This volume presents an overview of the issues and critical debates in the field of women's studies including original essays by pioneering scholars as well as by younger specialists New pathfinding models of theoretical analysis are balanced with a careful revisiting of the historical foundations of women's studies **Sculpture Collections in Early Modern Spain** Kelley Helmstutler Di Dio, Rosario Coppel, 2016-04-01 In the past decade there has been a surge of Anglophone scholarship regarding Spain in the sixteenth and seventeenth centuries which has led to a reframing of the discourses around Spanish culture of this period Despite this new interest in which painting in particular has been singled out for treatment a comprehensive study of sculpture collections and the status of sculpture in Spain has yet to be produced *Sculpture Collections in Early Modern Spain* is the first book to assess the phenomenon of sculpture collecting and in doing so it alters the previously held notion that Spanish society placed little value in this art form Di Dio and Coppel reveal that due to the problems and expense of their transport from Italy sculptures were in fact status symbols

in the culture Thus they were an important component of the collections formed by the royal family cultivated noble collectors humanists and artists who had pretensions of high status This book is especially useful to specialists for its discussion of the typologies of collections and objects and of the mechanics of state gifts transport and collection display in this period An appendix presents extensive archival documentation most of which has never before been published The authors have uncovered hundreds of new documents about sculpture in Spain and new documentary evidence allows them to propose several new identifications and attributions Firmly grounded in extensive archival research *Sculpture Collections in Early Modern Spain* redefines the socio political and art historical importance of sculpture in early modern Spain Most importantly it entirely transforms our knowledge regarding the presence of sculpture in a wide range of Spanish collections of the period which until now has been erroneously characterized as close to non existent **Subject Catalog** Library of Congress,1980 *Spanish Horror Film* Antonio Lazaro-Reboll,2012-11-20 *Spanish Horror Film* is the first in depth exploration of the genre in Spain from the horror boom of the late 1960s and early 1970s to the most recent production in the current renaissance of Spanish genre cinema through a study of its production circulation regulation and consumption The examination of this rich cinematic tradition is firmly located in relation to broader historical and cultural shifts in recent Spanish history and as an important part of the European horror film tradition and the global culture of psychotronics

**Reception and Renewal in Modern Spanish Theatre, 1939-1963** John London,1997 The book constitutes the first attempt to provide an overview of the reception of foreign drama in Spain during the Franco dictatorship John London analyses performance stage design translation censorship and critical reviews in relation to the works of many authors including Noel Coward Arthur Miller Eugene Ionesco and Samuel Beckett He compares the original reception of these dramatists with the treatment they were given in Spain However his study is also a reassessment of the Spanish drama of the period Dr London argues that only by tracing the reception of non Spanish drama can we understand the praise lavished on playwrights such as Antonio Buero Vallejo and Alfonso Sastre alongside the simultaneous rejection of Spanish avant garde styles A concluding reinterpretation of the early plays of Fernando Arrabal indicates the richness of an alternative route largely ignored in histories of Spanish theatre *The Legacy of Muslim Spain* Salma Khadra Jayyusi,2021-12-06 The civilisation of medieval Muslim Spain is perhaps the most brilliant and prosperous of its age and has been essential to the direction which civilisation in medieval Europe took This volume is the first ever in any language to deal in a really comprehensive manner with all major aspects of Islamic civilisation in medieval Spain *El arte español entre Roma y París (siglos XVIII y XIX)* Luis Sazatornil Ruiz,Frédéric Jiménez,2014-07-24 Francia Italia y España conforman uno de los escenarios más atractivos del arte europeo en los siglos XVIII y XIX La particularidad de estos dos siglos desde el último barroco hasta el umbral de las vanguardias es justamente el papel protagonista de Roma y París en la construcción de una Europa de las artes Los estudios reunidos en este libro colectivo permiten situar el arte español en esta compleja red internacional de

transferencias construida en torno a las dos metrópolis culturales europeas El elocuente ejemplo de las relaciones entre España y las capitales del arte europeo con especial incidencia en la circulación de artistas ideas y obras permite confirmar el carácter renovador de la Roma del Setecientos y evaluar el dominio de París en la escena artística del siglo XIX El propósito es en definitiva superar las visiones nacionales y subrayar la importancia de los ejes de circulación e intercambio que vertebraban Europa en la transición del sistema artístico entre las pocas moderna y contemporánea

**Queen as King** Therese Martin, 2006-10-31 Queen as King traces the origins of San Isidoro in León as a royal monastic complex following its progress as the site changed from a small eleventh century palatine chapel housed in a double monastery to a great twelfth century pilgrimage church served by Augustinian canons Its most groundbreaking contribution to the history of art is the recovery of the lost patronage of Queen Urraca reigned 1109-1126 Urraca maintained yet subverted her family's tradition of patronage on the site to understand her history is to hold the key to the art and architecture of San Isidoro This new approach to San Isidoro and its patronage allows a major Romanesque monument to be understood more fully than before

**National Union Catalog**, 1980 Includes entries for maps and atlases

**Portrait of a young nobleman: a knight of the Order of Calatrava** Fernando Montesinos, 2017-11-06

**Early Modern Dynastic Marriages and Cultural Transfer** Professor Joan-Lluís Palos, Professor Magdalena Sánchez, 2016-01-28 Toward the end of the fifteenth century the Habsburg family began to rely on dynastic marriage to unite an array of territories eventually creating an empire as had not been seen in Europe since the Romans Other European rulers followed the Habsburgs lead in forging ties through dynastic marriages Because of these marriages many more aristocrats especially women left their homelands to reside elsewhere Until now historians have viewed these unions from a primarily political viewpoint and have paid scant attention to the personal dimensions of these relocations Separated from their family and thrust into a strange new land in which language attire religion food and cultural practices were often different these young aristocrats were forced to conform to new customs or adapt their own customs to a new cultural setting Early Modern Dynastic Marriages and Cultural Transfer examines these marriages as important agents of cultural transfer emphasizing how marriages could lead to the creation of a cosmopolitan culture common to the elites of Europe These essays focus on the personal and domestic dimensions of early modern

European court life examining such areas as women s devotional practices fashion patronage and culinary traditions
