Between Two Generations:

Two Generations, Partners in Prevention ,1999 **Alternating Generations** Hermann Adler,1894 *Temperature and Precipitation in Relation to the Number of Generations of European Corn Borer in the United States* Kenneth Derwin Arbuthnot,1949 **Universal Access in Human-Computer Interaction. Users Diversity** Constantine Stephanidis,2011-06-27 The four volume set LNCS 6765 6768 constitutes the refereed proceedings of the 6th International Conference on Universal Access in Human Computer Interaction UAHCI 2011 held as Part of HCI International 2011 in Orlando FL USA in July 2011 jointly with 10 other conferences addressing the latest research and development efforts and highlighting the human aspects of design and use of computing systems The 70 revised papers included in the second volume were carefully reviewed and selected from numerous submissions The papers are organized in the following topical sections user models personas and virtual humans older people in the information society designing for users diversity cultural and emotional aspects and eye tracking gestures and brain interfaces Understanding Saving Fumio Hayashi,1997 Analysis of consumption and saving decisions by households has always been one of the most active areas of research in economics and with good reason Private consumption is the most important component of aggregate demand in a capitalist economy and explaining consumption is the key element in most macroeconomic forecasting models To evaluate the effect of government policies invariably requires the knowledge of how they change parameters relevant for household decision making Understanding Saving collects eleven papers by economist Fumio Hayashi along with two previously unpublished chapters for a total of thirteen chapters The monograph which brings together Hayashi s empirical research on saving is divided into three sections Part I Liquidity Constraints contains five studies that test the well known implication of the Life Cycle Permanent Income hypothesis that households shield consumption from income fluctuations Part II Risk Sharing and Altruism contains three papers that examine the interactions between related and unrelated households predicted by the hypothesis for the US and Japanese households The three papers in Part III Japanese Saving Behavior present the author s explanation of the high saving rate in postwar Japan **Working-Class Life in Northern England, 1945-2010** Tony Blackshaw,2013-07-30 Taking a fresh look the history of northern working class life in the second half of the twentieth century this book turns to the concept of generation and generational change The author explores Zygmunt Bauman s bold vision of modern historical change as the shift from solid modernity to liquid modernity **Aspects of Soft Computing, Intelligent Robotics and Control** János Fodor,2009-08-20 Soft computing as a collection of techniques exploiting approximation and tolerance for imprecision and uncertainty in traditionally intractable problems has become very effective and popular especially because of the synergy derived from its components The integration of constituent technologies provides complementary methods that allow developing flexible computing tools and solving complex problems A wide area of natural applications of soft computing techniques consists of the control of dynamic systems including robots Loosely

speaking control can be understood as driving a process to attain a desired goal Intelligent control can be seen as an extension of this concept to include autonomous human like interactions of a machine with the environment Intelligent robots can be characterized by the ability to operate in an uncertain changing environment with the help of appropriate sensing They have the power to autonomously plan and execute motion sequences to achieve a goal specified by a human user without detailed instructions In this volume leading specialists address various theoretical and practical aspects in soft computing intelligent robotics and control The problems discussed are taken from fuzzy systems neural networks interactive evolutionary computation intelligent mobile robotics and intelligent control of linear and nonlinear dynamic systems

Yearbook of the United States Department of Agriculture ,1901 **Christian Education Curriculum for the Digital Generation** Jong Soo Park,2015-02-16 This book is about exploring and presenting a model of digital based curriculum for Christian education suitable for the digital ways of learning communicating and thinking Park discusses the limitations of analog based curricula most of current curricula and necessities for digital oriented ones Then he provides a new model of curriculum curriculum as software Curriculum as software is a curricular framework for embracing digital culture like open flat network service centered management interactive communication and offline online hybrid learning space It consists of four spiral stages analysis design simulation and service In the process of designing units 4R Movement a new learning theory is utilized to encourage today s young people to construct their own knowledge after critically analyzing various resources of information 4R embeded courses are implemented in the four movements reflection reinterpretation re formation and re creation *Through Harsh Winters* Akemi Kikumura,2013-04-09 Dr Kikumura has written a moving study of a woman whose large spirit courage dedication to her principles and common sense is a model to women of all ages and ethnic origins It reminds us of the uses of culture giving otherwise ordinary lives a dignity and purpose that enlarges them linking even mundane concerns to a meaningful sense of history to others to one s own ancestors to the gods Dr Kikumura writes about her own mother a Japanese American whose life works are of the kind not ordinarily recorded or applauded Yet her story is worthy of admiration not less than inspirational at times We can be grateful that anthropologists have recently come to appreciate the value of looking at the significant people in their own experience as people having something to teach the world for a tale told about people known and loved has an immediacy and vitality that is completely engaging and convincing The reader leaves this work with affection and a touch of envy for the insight into the mother and daughter their special relationship deepened and understood through the device of a conscious study Barbara Myerhoff University of Southern California **Entrepreneurship Across Generations** Eleanor Hamilton,2013 There is so much to praise in this important and timely book Drawing on unique fresh and intimate qualitative studies of families and the complex histories of their lives and businesses the book will invigorate entrepreneurial studies with its intricate theoretically bold and innovative analysis The author takes us on a sensitive and fascinating journey with these families and makes an outstanding

contribution conceptually politically ethically and methodologically to the field showing us how narratives are not simply methodological tools but ontological resources for gender and identity formation It is an elegant and refreshing book which will be a rewarding and enlivening read for students and researchers Elaine Swan University of Technology Sydney Australia Thoughtful perceptive and meticulously researched Eleanor Hamilton's *Entrepreneurship across Generations* is an important contribution that will help advance the field of family business studies both conceptually and empirically Based on fascinating field work with families in business and placing family at the very heart of her study Hamilton shows through the stories her subjects tell just how deeply and complexly family and firm are intertwined A must read for all those interested in family firm entrepreneurship Andrew Popp University of Liverpool Management School UK *Entrepreneurship across Generations* examines dimensions of identity gender and learning to understand the complex fabric of family business An interpretation of narratives from two generations in five families constitutes entrepreneurship as an inherently social rather than individual phenomenon This enriching book explains how entrepreneurial capacity is shared between generations showing how learning is embedded within everyday social practice in the family and the business It explores patriarchal practice and gendered entrepreneurial identities in family business The author challenges dominant discourses of entrepreneurship She argues that entrepreneurial identities are mediated by narrative and subject to constant negotiation within and across generations With a new perspective on entrepreneurship this insightful study will be essential and supplementary reading for students and practitioners within the field of entrepreneurship and family business

Principles of Public Finance

Toshihiro Ithori, 2016-11-03 This textbook equips instructors and students with an overview of the existing literature so that the latter can attain an overall understanding of macroeconomic and microeconomic public finance The literature on public finance has grown dramatically with theoretical studies and empirical analysis and much of the focus has been on macroeconomic effects of public services The standard textbook offerings however are mainly restricted to microeconomic topics of public finance This text intends to fill this gap by presenting a theoretical based comprehensive explanation of public finance Particular emphasis is directed at developing tools that can be applied theoretically and empirically to clarify essential economic concerns in the current public sector in advanced countries including Japan Such concerns include the macroeconomic effect of fiscal policy the dependence on bonds for covering government deficits and social security reform The main text explains the standard concepts of public finance and the appendix offers various advanced topics The material will facilitate an understanding of how to investigate changes in the public sector interpret results and basically do research on fiscal policy The textbook will be of value to a broad range of course offerings including those generally focused on fiscal policy on social security reform and on tax reform

Evolution Sewall Wright, 1986-09 This volume emphasizes the period

before 1950 During this period Wright thought of himself primarily as an experimental physiological geneticist rather than as a theoretical population geneticist

Confucianism and Reflexive Modernity Sang-Jin Han, 2019-12-16 Confucianism and

Reflexive Modernity offers an excellent example of a dialogue between East and West by linking post Confucian developments in East Asia to a Western idea of reflexive modernity originally proposed by Ulrich Beck Anthony Giddens and Scott Lash in 1994 The author makes a sharp confrontation with the paradigm of Asian Value Debate led by Lee Kwan Yew and defends a balance between individual empowerment and flourishing community for human rights basically in line with Juergen Habermas but in the context of global risk society particularly from an enlightened perspective of Confucianism The book is distinguished by sophisticated theoretical reflection comparative reasoning and solid empirical argument concerning Asian identity in transformation and the aspects of reflexive modernity in East Asia **Understanding Population**

Genetics Torbjörn Säll,Bengt O. Bengtsson,2017-09-25 An inspiring introduction to a vital scientific field The reader is taken through ten mathematical derivations that lead to important results explaining in a hands on manner the key concepts and methods of theoretical population genetics The derivations are carefully worked out and easy to follow Particular attention is given to the underlying assumptions and the mathematics used The results are discussed and broadened out with relevant current implications All topics feature questions with helpful answers The book is intended for the reader who already knows some population genetics but requires a more comprehensive understanding It is particularly suited to those who analyse genetic data and wish to better grasp what their results actually mean It will also be helpful for those who wish to understand how population genetics contributes to the explanation of evolution Or as the writers claim If one wants to understand life in all its improbable and amazing richness one must start by understanding population genetics **Personal**

History & Health Leo Srole,Ernest Joel Millman, Personal History and Health by Leo Srole and Ernest Joel Millman is a posthumous synthesis of Leo Srole s seminal longitudinal study Srole and Millman analyze relationships among gender generation socioeconomic status mental health and history of somatic disorders using the statistical methods of multiple correlation and regression analysis Through Millman s work Srole s pioneering exploration of social age and adult mental health in particular how they differed for the women and men of the Midtown Longitudinal Study has been completed

Host Communities and Pilgrimage Tourism Ricardo Nicolas Prozano,Joseph M. Cheer,Xosé Manuel Santos,2023-04-25 This book delves into topics on pilgrimage travel and communities from a variety of perspectives through academic research based on the Middle East Northeast Asia the Indian subcontinent and Europe where sacred sites have become of great importance for both international and domestic tourism In particular Europe and Asia possess a high volume of world renowned pilgrimage sites that are currently being developed as tourism destinations in their respective countries such as Santiago de Compostela Spain Lourdes France and Koyasan Japan This book includes studies on these two continents that harbor both a great history of pilgrimage tradition as well as tourism development related to religious travel The book importantly covers the role of the community in religious tourism as well as the impact on the locals which is comparatively an unexplored area Whilst pilgrimage is seen as an effective tool to revitalize local economies this book also reveals the

different challenges to achieving this goal Realizing the importance of the interrelationship of community and pilgrimage travel as well as the lack of studies on it this book seeks to address this research gap through 14 chapters divided into two parts Communities and Constestation and Pilgrimage Shaping Communities To ensure diverse perspectives case studies from different Eurasian countries written by authors with expertise in the study of pilgrimage and religious travel are included Readers can expect to gain new perspectives by having a deeper comprehension of the community side of pilgrimage travel in Eurasia and thus an integral understanding of contemporary pilgrimage **Encyclopedia of Biology** Don

Rittner,Timothy Lee McCabe,2004-08 Contains approximately 800 alphabetical entries prose essays on important topics line illustrations and black and white photographs **Family Change and Family Policies in Contemporary China** Hu

Zhan,2025-09-05 This book examines the dramatic transformation of Chinese families in recent decades analyzing how economic and social policies and changes have reshaped family structures and relationships The book explores government policy responses to emerging family related challenges while balancing traditional values with modern realities In seven detailed chapters the author explores key aspects of China s family evolution including changing family structures intergenerational dynamics social services and institutional reconfiguration The work provides an in depth analysis of how policies have adapted to address population aging shifting Special attention is given to the delicate balance between preserving traditional family values and accommodating inevitable demographic and economic changes This title will be essential reading for scholars policymakers and students of Chinese studies sociology and social policy It will also provide valuable insights for anyone interested in understanding contemporary Chinese society and family dynamics **Abraham**

Bar Hiyya on Time, History, Exile and Redemption Hannu Töyrylä,2014-07-03 An analysis of Megillat ha Megalleh by Abraham Bar Hiyya 12th c as a complete text in its historical and cultural context showing that the work written at a time when Jews increasingly came under Christian influence and dominance presents a coherent argument for the continuing validity of the Jewish hope for redemption In his argument Bar Hiyya presents a view of history the course of which was planted by God in creation which runs inevitably towards the future redemption of the Jews Bar Hiyya uses philosophical scientific biblical and astrological material to support his argument and several times makes use of originally Christian ideas which he inverts to suit his argument
