## **Bewitching Braid:**

*The Bewitching Braid* David Brookshaw, 2004-08-01 The *Bewitching Braid* set in Macau in the 1930s is a tale of forbidden love between a Macanese boy from a privileged family in the Christian city and a beautiful water seller from the Chinese quarter of Cheok Chai Un. Against a background of small town prejudice, the story traces the trials and tribulations of the couple in their attempts to be accepted in their respective communities and to understand each other across their cultural divides. The novel is a look into the inner world of the Eurasian inhabitants of the city and their relationship with their Chinese and Portuguese legacies. Here Senna Fernandes depicts the emergence of a new, more liberal Macao in which its Portuguese and Chinese traditions are harmonized by true love. The original Portuguese version *A Tranca Feiticeira* was made into a successful film in 1997.

**Gateway to Eurasian Culture (2005 Edition - EPUB)** Asiapac Editorial, 2018-10-08 The famous author Rudyard Kipling once wrote East is East and West is West and never the twain shall meet. Yet they have met in the Eurasian people, blending cultures and world views profoundly alien to each other. From the surprising blend of flavours in Eurasian cuisine to their distinctive language and customs, synthesis and fusion are the keywords that define the Eurasian people long before the concept was popularised by the rise of the global village. What does it mean to be Eurasian? Bridging the traditional divide between East and West, the Eurasian people are able to draw on an unmatched wealth of traditions for inspiration in the arts and cuisine. Join us on a voyage of discovery as we explore the rich and unique heritage of a true world culture in this part of the Asiapac Culture series.

**Macao - Cultural Interaction and Literary Representations** Katrine K. Wong, C.X. George Wei, 2013-10-15 Macao, the former Portuguese colony in southeast China from the 1550s until its return to China in 1999, has a long and very interesting history of cultural interaction between China and the West. As an entity with independent political power and a unique social setting and cultural development, the identity of Macao's people is not only indicative of the legacy and influence of the region's socio-historical factors and forces, but it has also been altered, transformed, and maintained because of the input, action, interaction, and stimulation of creative arts and literatures. Held together by racial accommodation and tolerance and active cultural interactions, Macao's phenomenon can be characterized as hybridization. This book is a presentation of the ongoing hybridization of Macao and is in itself a hybrid covering a wide range of issues. Putting forward substantial new research findings, the book explores the nature of cultural interaction in Macao and how the city has been constructed and perceived through literature and other art forms. It is a companion volume to *Macao: The Formation of a Global City*. *How to Find Happiness in Under Three Weeks* Dominique Laurent Pfaff, 2008-03-26 Having spent a gloomy semester in Paris as a student long ago, Franny Laforet is one Californian who doesn't harbor any romantic notions about

France All the same she finds herself drafted as scout for a group of friends planning a reunion at a Provenal chateau Her plane unfortunately lands at De Gaulle at the time of the attack on the World Trade Center With the rest of the group stuck back home due to the cancellation of transatlantic flights Franny seems fated to a lonely vacation spent exploring the countryside around the chateau and speculating about the natives The natives meanwhile have their own preoccupations The chateau himself Hughes Degency an ex banker struggling to establish an organic winery has been reduced to camping out in the woods while he rents his posh residence to Americans he detests Franny and Hughes soon discover that national antagonism is no obstacle to sexual attraction Serendipity eventually fills the chateau with a mixture of French and American guests whose intentions are not uniformly honorable Amidst the ensuing bustle cross cultural debates and nefarious schemes the would be lovers will have a very short time to work out their feelings **Taste of Macau** Annabel Jackson,2003-09-01

Over 450 years ago the Portuguese landed in what was to be the first European colony in Asia Macau bringing their culture and their cuisine This lavishly illustrated cookbook is the first to introduce to the English speaking world one of the oldest fusion cuisines in Asia It includes 62 recipes most of which are straight from the source old family recipe collections or the files of influential Macanese chefs This book comes at an important time just after the handover in 1999 of Macau from Portuguese to Chinese rule a time when most of the Portuguese community is leaving Macau and authentic Macanese culture and way of life seems doomed to rapidly disappear Thus this book is much more than a cookbook it is a project to preserve and share for the first time a very important aspect of the Macanese world The author has spent almost ten years collecting and testing these heritage recipes getting in touch with the Macanese diaspora and asking them to reflect back and write about food in Macau Taste of Macau can be used as a complete reference guide to Macanese cuisine as it includes information on ingredients and where to buy them stories and information about the few remaining authentic restaurants in Macau and a fascinating discussion on the relationship between food and culture through literary excerpts and personal testimonies from important figures in the Macanese community *Review of culture* ,2008 **Rituals and Traditional**

**Events in the Modern World** Jennifer Laing,Warwick Frost,2014-10-30 Many events have evolved over centuries drawing on local customs and conditions However as the world becomes increasingly globalised traditional events and the identities they support are increasingly being challenged and rituals may be lost Reacting against this trend towards homogeneity communities strive to preserve and even recreate their traditional events which may require rituals to be resurrected or reinvented for a new audience The aim of this book is to explore the role of traditional events and rituals in the modern world The 16 chapters cover a range of case studies of the performance of ritual through events including their historical antecedents and development over time as well as their role in society link with identities both seemingly fixed and fluid and their continued relevance The cases examined are not museum pieces but rather vibrant festivals and events that continue to persist Drawing on the power of history and cultural tradition they are manifestations of heritage existing in three

temporalities celebrating the past occurring in the present and aiming to continue into and influence the future Iconic events including Chinese New Year Hogmanay and the New Orleans Mardi Gras are examined and examples are drawn from a diverse range of countries such as South Korea China Laos the United States Scotland Italy India and Haiti This volume provides a deep understanding upon the role of tradition and ritual within events from a global perspective and will be valuable reading for students researchers and academics interested in events heritage and culture

**Portuguese and Luso-Asian Legacies in Southeast Asia, 1511-2011: The making of the Luso-Asian world, intricacies of engagement** Laura Jarnagin, 2011 Five hundred years later a conference held in Singapore brought together a large group of scholars from widely different national academic and disciplinary contexts to analyse and discuss the intricate consequences of Portuguese interactions in Asia over the longue duree The result of these discussions is a stimulating set of case studies that as a rule combine original archival and or field research with innovative historiographical perspectives Luso Asian communities real and imagined and Luso Asian heritage material and symbolic are studied with depth and insight The range of thematic chronological and geographic areas covered in these proceedings is truly remarkable showing not only the extraordinary relevance of revisiting Luso Asian interactions in the longer term but also the surprising dynamism within an area of studies which seemed on the verge of exhaustion After all archives from all over the world from Rio de Janeiro to London from Lisbon to Rome and from Goa to Macao might still hold some secrets on the subject of Luso Asian relations when duly explored by resourceful scholars

**The Making of Macau's Fusion Cuisine** Annabel Jackson, 2020-03-09 In *The Making of Macau's Fusion Cuisine From Family Table to World Stage* Annabel Jackson argues that Macanese cuisine cannot be seen as a unique product of Portuguese colonialism in southern China Instead it needs to be understood in the context of Portugal's culinary footprint in Asia and beyond She contends that the culinary cultures of other Portuguese colonies in Asia and Africa also influenced the cuisine in Macau Macanese cuisine plays a role in evoking a sense of Macanese identity within Macau as well as in the Macanese diaspora As the Macanese have increasingly defined themselves as an ethnically and culturally distinct group their cuisine has growingly been seen as a critical identifier of cohesion and difference The book shows how Macanese cuisine is moving from being an everyday production of food in a domestic setting to something more symbolic and ceremonial It also argues that the practice of recipe sharing historically controversial among the Macanese is now viewed as an important process Drawing on information gathered through interviews and surveys the book is a fascinating study of the history and development of Macanese cuisine one of the oldest fusion cuisines in Asia Annabel Jackson has more than enough knowledge to share with the readers many insights and interesting stories which are embedded in history and cultural interactions among various ethnic groups in Macau and beyond Given the fact that Macau has become the city of gastronomy this book brings in rich information and knowledge for locals and visitors to taste and to remember Sidney Cheung The Chinese University of Hong Kong Annabel Jackson's study of the development of

Macanese cuisine and its role in evoking a sense of Macanese identity within Macau and the Macanese diaspora should contribute to the growing interest in the study of food and foodways within cultural and postcolonial studies Written in a lively and engaging way it achieves a good balance between the use of primary sources and theoretical references to buttress its arguments David Brookshaw University of Bristol *Portuguese and Luso-Asian Legacies in Southeast Asia, 1511-2011, vol. 1* Laura Jarnagin, 2003-08-01 In 1511 a Portuguese expedition under the command of Afonso de Albuquerque arrived on the shores of Malacca taking control of the prosperous Malayan port city after a swift military campaign Portugal a peripheral but then technologically advanced country in southwestern Europe since the latter fifteenth century had been in the process of establishing solid outposts all along Asia's littoral in order to participate in the most active and profitable maritime trading routes of the day As it turned out the Portuguese presence and influence in the Malayan Peninsula and elsewhere in continental and insular Asia expanded far beyond the sphere of commerce and extended over time well into the twenty first century Five hundred years later a conference held in Singapore brought together a large group of scholars from widely different national academic and disciplinary contexts to analyse and discuss the intricate consequences of Portuguese interactions in Asia over the longue duree The result of these discussions is a stimulating set of case studies that as a rule combine original archival and or field research with innovative historiographical perspectives Luso Asian communities real and imagined and Luso Asian heritage material and symbolic are studied with depth and insight The range of thematic chronological and geographic areas covered in these proceedings is truly remarkable showing not only the extraordinary relevance of revisiting Luso Asian interactions in the longer term but also the surprising dynamism within an area of studies which seemed on the verge of exhaustion After all archives from all over the world from Rio de Janeiro to London from Lisbon to Rome and from Goa to Macao might still hold some secrets on the subject of Luso Asian relations when duly explored by resourceful scholars Rui M Loureiro Centro de Historia de Alem Mar Lisbon **Macau History and Society** Zhidong Hao, 2011-01-01 Macau History and Society illuminates the early Portuguese maritime exploration along China's south coast political and economic development in Macau and current social problems The book makes significant contributions to a political sociology of Macau emphasizing how different civilizations and cultures interacted with one another and explores how a new Macau identity can be constructed Democratization has been a never ending process in Macau since the 1500's Macau's experience indicates that sovereignty has been shared rather than exclusive Although civilizations and cultures do clash they also cooperate But the Macau model is deeply flawed Hao contends that Macau needs to build a new multicultural identity and a cosmopolitan political and economic identity Everyday Fashions of the Forties As Pictured in Sears Catalogs JoAnne Olian, 2013-08-16 What American men women and children wore in the 1940s shown in 122 fully illustrated and captioned pages selected from rare copies of Sears catalogs Reproduced in large format on high quality glossy stock **The Travel Book** Lonely Planet, 2016-10-01 Lonely Planet The world's leading travel guide publisher Take a journey
