behavioral disorders and life challenges **The Mother and the Manager** Elizabeth Ralston, 2014-08-22 In *The Mother And The Manager* Elizabeth Ralston courageously explores how our traditional gender roles create codependent behaviors in men and women and offers positive workable solutions toward dealing with this problem. *The Mother And The Manager* takes an in depth look at how our society has evolved and impacted gender roles into the twenty first century. As 12 Step recovery groups have flourished in recent years women have been educated about why they have issues such as low self esteem perfectionism rigidity relationship failures inability to get their needs met and fear of conflict. Elizabeth has bravely shared about how patriarchy has impacted her life and how recovery has helped her to empower and heal herself. She will help many who are searching for answers to their questions and will help them on the road to recovery. I salute her ability to face her fears about rocking the boat in writing this book and taking the risk to speak her truth and stay on her God inspired path. Rape, Real Pain (EasyRead Edition) , **Conquering Shame and Codependency** Darlene Lancer, 2014-05-16 A nationally recognized author and codependency expert examines the roots of shame and its connection with codependent relationships. Learn how to heal from their destructive hold by implementing eight steps that will empower the real you and lead to healthier relationships. Shame the torment you feel when you're exposed, humiliated or rejected, the feeling of not being good enough. It's a deeply painful and universal emotion yet is not frequently discussed. For some, shame lurks in the unconscious, undermining self-esteem, destroying confidence and leading to codependency. These codependent relationships, where we overlook our own needs and desires as we try to care for, protect or please another, often cover up abuse, addiction or other harmful behaviors. Shame and codependency feed off one another, making us feel stuck, never able to let go, move on and become the true self we were meant to be. In *Conquering Shame and Codependency*, Darlene Lancer sheds new light on shame, how codependents' feelings and beliefs about shame affect their identity, their behavior and how shame can corrode relationships, destroying trust and love. She then provides eight steps to heal from shame, learn to love yourself and develop healthy relationships.
