[THE SKEPTIC PSYCHIC: An Autobiography Into The Acceptance Of The Unseen](#) Suzy Graf,2010-01-18 I started to write in the fall of 2004 during the night in order to return to sleep I was learning developing as a medium and an animal communicator and I learned that if I wrote my dreams or what my pretend friends were telling me through dreams then I would be left alone and could return to sleep No I was not crazy just a struggling would be psychic searching to understand the unknown and when I began this path my searching I found little literary assistance Yes the celebrity psychics all had their autobiographies in print but something was missing I needed to learn HOW they learned not WHAT they learned I needed to understand the beginning phases of mediumship not the perfected exercises of the adept With this mission in mind I journaled my experiences and edited them into The Skeptic Psychic an Autobiography into the Acceptance of the Unseen The Skeptic Psychic has two purposes first it entices the reader to expand their imagination beyond what we currently perceive as reality and it offers my experiences and my reactions my fear to these situations as a comfort and encouragement for the reader to challenge their own suspicions and limitations I am now a working psychic offering animal readings or mediumship as well as leading meditations teaching classes and offering energy healing and my students and clients often comment how at peace and naturally talented I am and I smile For I know that I had lived through a myriad of experiences that with time had taught me to acclimate and accept the unseen But I am far from naturally talented and I feel that The Skeptic Psychic could help aspiring psychics or anyone contemplating the unknown to better understand that they are not alone in what they are experiencing I composed The Skeptic Psychic from chronological journal entries that span from August of 2005 through March of 2006 The book opens just after I attended a weekend retreat that posed the possibility that adults could believe in fairies and aliens The more I questioned if fairies could exist the more I discovered that they did Later that year I confronted my apprehension when sensing that aliens were near as well And as 2005 changed into 2006 I learned to overcome my fears and to accept the unseen I realize that my story and the fact that aliens and fairies do exist sounds rather unbelievable but read my book follow the path the reasoning of how I learned to overcome my fears and understand that the result was a peace a knowing that we are not alone in our reality that there are unseen beings guides are another term that are present to enlighten protect and serve I close this book description the way I close all my journal entries with the salutation Namaste

defined through WIKPEDIA as I respect that divinity within you that is also within me Namaste Suzy Graf **The Gates of Hell** David Henderson,2024-10-17 This book is mostly a collection of true stories about demonic beings frightening torturing and creating chaos among humans The first reason I authored this book was because I simply enjoy this topic Yes I am a bit odd I find topics that are strange mysterious and diabolical to be interesting The second reason is because we are in a spiritual battle and I find many Christians that I know seem to be almost oblivious to this fact My hope in this book is to make you more aware of the battle going on around us and that we can and should be ready to defend and battle Satan and his demonic army Our struggle is not against flesh and blood but against the rulers against the authorities against the powers of this dark world and against the spiritual forces of evil in the heavenly realms Ephesians 6 12 *The Sign of the Dove* MaryRose Occhino,2006-09-05 In Beyond These Four Walls renowned Brooklyn born psychic medium MaryRose Occhino told her remarkable life story how her psychic ability first manifested itself how she learned to recognize the signs and the visions from the other side her moving experiences with her clients and the inspiring story of her struggle with and eventual victory over multiple sclerosis Now in The Sign of the Dove MaryRose goes even further in depth into her psychic encounters and offers the reader all new insights into deciphering the psychic signs and symbols present in their own lives As MaryRose explains we are all given messages all we need to learn is how to recognize them to discover who exactly it is who s guiding us and better understand synchronicity and coincidence and how to surrender ourselves to it She also stresses the importance of listening to our dreams revealing what we can do to learn invaluable lessons from them and the best ways to make them come true whether it s choosing the right life partner or the right job or finding your own true purpose in life Just read the signs In this illuminating inspiring and powerful book MaryRose Occhino will tell you how Mary Occhino is extraordinary Depak Chopra author of How to Know God An informative psychic autobiography There s no denying the profound emotional impact of psychic phenomena on the author and in her plain prose the author does justice to that impact Publishers Weekly **Virgo 2007** Margarete Beim,2006-05 Each Total Horoscope includes Complete yearly weekly and daily forecasts 18 months of day by day predictions Moon tables Planting fishing guides and more Features for each sign include Your personal message Your cusp sign Your rising sign Your progressed sun Love and relationships Hints for your mate Your lucky numbers in 2007 Famous birthdays and more *Cancer 2007* Margarete Beim,2006-05 Each Total Horoscope includes Complete yearly weekly and daily forecasts 18 months of day by day predictions Moon tables Planting fishing guides and more Features for each sign include Your personal message Your cusp sign Your rising sign Your progressed sun Love and relationships Hints for your mate Your lucky numbers in 2007 Famous birthdays and more
