The Routledge Anthology of British Women Playwrights, 1777-1843 Thomas C. Crochunis,Michael E. Sinatra,2019-06-10 The Routledge Anthology of British Women Playwrights 1777 1843 brings together ten eclectic plays by female dramatists and writers to stimulate a rich discussion of women writing and theatre history Ranging through tragedy comedy musical theatre and mixed genre texts this volume celebrates the breadth and experimental spirit of women s eighteenth and nineteenth century dramatic writing Each play is accompanied by an introductory essay that addresses its sociopolitical and theatrical contexts and outlines its performance and reception history The selections included here invite teachers and their students to study particular works by authors of note but also to consider the differences between works written for page and stage While many of the plays are recognizable as published dramas they have been placed alongside textual artifacts that suggest plays or theatrical events of which no definitive record exists as well as supplementary materials that invite teachers to engage their students in exploring women s

dramatic writing in this era Organized in chronological order The Routledge Anthology of British Women Playwrights 1777-1843 traces a history of women's writing across genres and styles offering an invaluable resource to students and teachers alike

Encyclopedia of Victimology and Crime Prevention Bonnie S. Fisher, Steven P. Lab, 2010-02-02 Victimology and crime prevention are growing interrelated areas cutting across several disciplines Victimology examines victims of all sorts of criminal activity from domestic abuse to street violence to victims in the workplace who lose jobs and pensions due to malfeasance by corporate executives Crime prevention is an important companion to victimology because it offers insight and techniques to prevent situations that lead to crime and attempts to offer ideas and means for mitigating or minimizing the potential for victimization In many ways the two fields have developed along parallel yet separate paths and the literature on both has been scattered across disciplines as varied as sociology law and criminology public health and medicine political science and public policy economics psychology and human services and more The Encyclopedia of Victimology and Crime Prevention provides a comprehensive reference work bringing together such dispersed knowledge as it outlines and discusses the status of victims within the criminal justice system and topics of deterring and preventing victimization in the first place and responding to victims' needs Two volumes containing approximately 375 signed entries provide users with the most authoritative and comprehensive reference resource available on victimology and crime prevention both in terms of breadth and depth of coverage In addition to standard entries leading scholars in the field have contributed Anchor Essays that in broad strokes provide starting points for investigating the more salient victimology and crime prevention topics A representative sampling of general topic areas covered includes interpersonal and domestic violence child maltreatment and elder abuse street violence hate crimes and terrorism treatment of victims by the media courts police and politicians community response to crime victims physical design for crime prevention victims of nonviolent crimes deterrence and prevention helping and counseling crime victims international and comparative perspectives and more [The NIH Record](#), 1994

Black and Not Baptist Donald Barbera, 2003 Known only to each other they walk among us invisible and undetected Now the secret is out Atheists exist in the African American community In the African American community there is an unspoken rule to never air dirty laundry in public and for years the inner workings of the black community stayed hidden beneath a veil of dark silence but with integration came a mingling of the races and now few secrets remain Now there is one there is one less Not only do black nonbelievers exist they walk unnoticed among the true believers along with a host of other religious skeptics and freethinkers Any hint of atheism or freethought in the African American community remain virtually invisible camouflaged by indignant denial and indistinct expressions which help conceal clear atheistic agnostic or freethought connections Despite more than 90% of African Americans claiming Christianity *Black and Not Baptist* explores how there is a significant chasm between belief and behavior with a searing look at the statistics for adultery alcohol abuse drug abuse gambling and other social problems in both the white and black communities In the manner of Norm Allen's

African American Humanism An Anthology Black and Not Baptist exposes another side of the black religious experience with the individual stories of black atheists and agnostics including a historical and current listing of black freethinkers and nonbelievers similar to Warren Allen Smith's Who's Who in Hell *Postfeminist War* Mary Douglas Vavrus, 2018-12-10 By examining news and documentary media produced since September 11 2001 Vavrus demonstrates that news narratives that include women use feminism selectively in gender equality narratives She ultimately asserts that such reporting advances post feminism which in tandem with banal militarism subtly pushes military solutions for an array of problems women and girls face

Characterizing the HIV/AIDS Epidemic in the Middle East and North Africa Francisca Ayodeji Akala, Iris Semini, 2010 Despite global progress in understanding the epidemiology of the human immunodeficiency virus HIV knowledge about the epidemic in the Middle East and North Africa MENA remains limited and subject to much controversy In the more than 25 years since the discovery of HIV no scientific study has provided a comprehensive data driven synthesis of the spread of HIV AIDS acquired immunodeficiency syndrome in the region Consequently the effectiveness of policies programs and resources intended to address the spread of HIV AIDS has been compromised This report aims to fill the knowledge gap by providing the first ever comprehensive scientific assessment and data driven epidemiological synthesis of HIV's spread in MENA It is based on a literature review and analysis of thousands of largely unrecognized publications reports and data sources extracted from scientific literature or collected from sources at the local national and regional levels The resulting collection of data provides a solid foundation on which efforts to stem the spread of HIV AIDS can be based Characterizing the HIV AIDS Epidemic in the Middle East and North Africa will be of particular interest to policy makers researchers development practitioners and specialists in public health and epidemiology

Creating the Culture of Reform in Antebellum America T. Gregory Garvey, 2010-01-25 In this study T Gregory Garvey illustrates how activists and reformers claimed the instruments of mass media to create a freestanding culture of reform that enabled voices disfranchised by church or state to speak as equals in public debates over the nation's values Competition among antebellum reformers in religion women's rights and antislavery institutionalized a structure of ideological debate that continues to define popular reform movements The foundations of the culture of reform lie according to Garvey in the reconstruction of publicity that coincided with the religious sectarian struggles of the early nineteenth century To counter challenges to their authority and to retain church members both conservative and liberal religious factions developed instruments of reform propaganda newspapers conventions circuit riders revivals that were adapted by an emerging class of professional secular reformers in the women's rights and antislavery movements Garvey argues that debate among the reformers created a mode of critical conversation through which reformers of all ideological persuasions collectively forged new conventions of public discourse as they struggled to shape public opinion Focusing on debates between Lyman Beecher and William Ellery Channing over religious doctrine Angelina Grimke and Catharine Beecher over women's participation in antislavery and

William Lloyd Garrison and Frederick Douglass over the ethics of political participation Garvey argues that crucible like sites of public debate emerged as the core of the culture of reform To emphasize the redefinition of publicity provoked by antebellum reform movements Garvey concludes the book with a chapter that presents Emersonian self reliance as an effort to transform the partisan nature of reform discourse into a model of sincere public speech that affirms both self and community
