Who Made the Moon? Sigmund Brouwer, Prepare yourself for questions every parent or friend of a searcher must answer As bestselling author Sigmund Brouwer began to hear more and more questions about creation from his growing

daughters he realized that the issue could easily turn them away from developing faith in God Was he going to stand by and let them wrestle alone with widely asserted contradictions between science and Genesis especially as they got older Or could he prepare himself to help them understand more clearly the truth in the Bible s foundation In *Who Made the Moon* Brouwer engages the reader by combining easily understood science concepts with inspirational stories from a loving father s heart He says I believe it s my responsibility to know enough about both the Bible and science to answer the difficult questions I want to be able to show my children that truth is indivisible and that faith in the God of Genesis has nothing to fear from science

Letters to Vanessa Jeremy Hayward,1997-09-02 The world we inhabit is enchanted every tree rock and star and even empty space itself is teeming with living energy and awareness And it s all nearer to us than our own breath Why then can t we see it Because according to Jeremy Hayward we are taught not to And because our cultural conditioning keeps us in denial about the fact that a strictly scientific worldview provides only a partial and unsatisfactory view of reality *Letters to Vanessa* is the guidebook for a generation caught in the crunch between the hard realities of science and the genuine yearning for an experience of the sacred In a series of letters addressed to his teenage daughter Dr Hayward points the way past the limits of science and shows how we can connect with the magical multidimensional universe of soul Along the way he presents the most recent findings of neuroscience cognitive psychology new biology and physics in a most engaging and understandable way He also provides practical meditation instructions that will enable everyone to reconnect with the joyous reality of ordinary life

We're the Center of the Universe! Christine Zuchora-Walske,2017-08-01 Does the universe circle around Earth Do creatures live on the sun Can you tell the future by looking at the stars At one time science supported wild notions like these But later studies proved these ideas were nonsense Discover science s biggest mistakes and oddest assumptions about physics and astronomy and see how scientific thought changed over time

From Kant to Croce Brian P. Copenhaver,Rebecca

Copenhaver,2012-01-01 From around 1800 shortly before Pasquale Galluppi's first book until 1950 just before Benedetto Croce died the most formative influences on Italian philosophers were Kant and the post Kantians especially Hegel In many ways the Italian philosophers of this period lived in turbulent but creative times from the Restoration to the Risorgimento and the rise and fall of Fascism From Kant to Croce is a comprehensive highly readable history of the main currents and major figures of modern Italian philosophy described in a substantial introduction that details the development of the discipline during this period Brian P Copenhaver and Rebecca Copenhaver provide the only up to date introduction in English to Italy's leading modern philosophers by translating and analysing rare and original texts and by chronicling the lives and times of the philosophers who wrote them Thoroughly documented and highly readable From Kant to Croce examines modern Italian philosophy from the perspective of contemporary analytic philosophy

Herodotus Jeanne Bendick,2009-08-01 Best selling author Jeanne Bendick takes us for another informative and amusing journey into places and events of long ago Herodotus and the Road to History written in the first person details the investigative journeys of Herodotus a contemporary of the Old Testament prophet Malachi as he takes ship from Greece and voyages to the limits of his own ancient world His persistence amidst disbelief and ridicule in the self appointed task of recording his discoveries as histories the Greek word meaning inquiry means that today we can still follow his expeditions into the wonder and mystery of Syria Persia Egypt and the barbaric north Jeanne Bendick's lucid text humorous illustrations and helpful maps entertain and instruct as they open the way for readers young and old to once again join Herodotus on the road to history

The Holborn Series of Reading Books. Instructive Reader Charles Joseph Sherwill Dawe,1877

Face to No-Face David Lang,2015-02-10 In this distinctive series of dialogues Douglas Harding author philosopher and mystic discusses the fundamental issue of life how to awaken to the natural freedom that is our true self Through a unique series of exercises Harding guides us to where we can clearly perceive our original nature From this vantage point we see that who we really are is not limited to our face and the self behind the face but is instead opened out into the limitless No Face the infinite and eternal essence that is both absolutely free and at the same time identified with all existence In spirited intimate conversations as well as public talks Face to No Face offers us a special opportunity to come to know this beloved philosopher in an informal and often humorous setting Throughout the rediscovery of oneself by oneself is invariably the principal theme and Harding articulates the way home in a manner that is always refreshingly authentic and original

The Greening of Petroleum Operations M. R. Islam,A. B. Chhetri,M. M. Khan,2011-01-25 The Future of Petroleum Operations This state of the art text analyzes some of the most contentious issues in the energy industry covering new and greener processes for engineers and scientists and urging them to move petroleum operations closer to sustainability Although petroleum is still the world's most diverse efficient and abundant energy source there is a growing initiative from global political and industry leaders to go green because of climate concerns and high gasoline prices This book investigates and details how to do that This groundbreaking new volume Explains why current

petroleum industry practices are inherently unsustainable and offers unique new solutions for greening the petroleum industry Discusses hot button issues such as global warming carbon sequestration zero waste management and sustainability Shows engineers and scientists how to implement the processes necessary to be more environmentally conscious Offers for the first time a new theory that certain carbons do not contribute to global warming but their origin and the processes involved do Praise for *The Greening of Petroleum Operations* The book proposes a paradigm shift in energy management It correctly identifies root causes of environmental impact of current petroleum production operations With proper science the book shows that fossil fuel production and utilization are inherently sustainable as long as natural materials and energy sources are used This book has the potential of revolutionizing energy management practices Farouq Ali Honorary Professor of Oil and Gas Engineering University of Calgary

The Alcoholism and Addiction Cure Chris Prentiss,Pax Prentiss,2010-04-20 The Alcoholism and Addiction Cure contains the powerful three step program to total recovery that is the basis of the miraculous success of the Passages Addiction Cure Center in Malibu California You ll learn the three steps to permanent sobriety the four causes of dependency how your thoughts emotions and beliefs are key factors in your recovery and how to create your own personalized treatment program with the help of health professionals where you live one that gets to the real underlying causes of dependency Freedom from dependency starts with understanding that alcohol drugs and addictive behaviors are not the real problems say Pax and Chris Prentiss cofounders of Passages Alcohol street drugs nicotine prescription medications food bingeing gambling and the like are merely the substances or behaviors you or your loved ones are using to cope with the real problems anything from deep emotional pain ill health or depression to hypoglycemia a sluggish thyroid or brain wave pattern imbalances Once the underlying problems are discovered and cured the need for drugs alcohol or addictive behavior will disappear along with the craving Chris Prentiss should know His son Pax was addicted to heroin cocaine and alcohol for ten years They sought help everywhere but Pax relapsed again and again In desperation they finally created their own holistic hand tailored program that was a complete break from all other programs and that combined several effective therapies It saved Pax s life Together father and son founded Passages to help others find their own freedom For decades we ve been hearing that alcoholism and addiction are incurable diseases but *The Alcoholism and Addiction Cure* proves that this is a dangerous myth and that the label of alcoholic or addict destroys the promise of full recovery Visionaries and innovators Pax and Chris Prentiss bring new hope to people everywhere who are dependent on drugs alcohol or addictive behaviors This groundbreaking approach will show you how to end relapse end addictive behavior and end your suffering

Green Petroleum M. R. Islam,A. B. Chhetri,M. M. Khan,2012-09-25 Can green petroleum reverse global warming and bring down high gasoline prices Written in non technical language for the layperson this book investigates and details how the oil and gas industry can go green with new processes and technologies thus bringing the world s most important industry closer to environmental and economic sustainability This book unravels the

mysteries of the current energy crisis and argues that solutions to global warming will come only from the development of new technologies. Discussed here are the reasons why petroleum operations as they are now are not sustainable, how each practice treads an inherently implosive path, and how each spells irreversible damage to the planet's ecosystem. Fossil fuel consumption is not the culprit; rather, the practices involved from exploration to refining and processing are responsible for the current damage to the environment.
