Projecting the Future Through Political Discourse Patricia L. Dunmire,2011 This monograph examines the rhetorical nature and function of representations of the future in political discourse focusing on political actors use of hegemonic images of future reality to achieve their political goals It argues that a key ideological dimension of political rhetoric lies in politicians use of projections of the future to legitimate policies and actions This argument is grounded in systemic functional and critical discourse analyses of the Bush Doctrine the U S policy response to the September 11 terrorist attacks which sanctioned a preemptive military posture By focusing on the discursive construction of the future this project addresses a lacunae in critical discourse studies and calls attention to the crucial role that the discourse and practice of futurology has played in post Cold War politics and society It will be of value to scholars interested in the discourses of politics the war on terror U S national security and futurology *Global Futures* Ronaldo Munck,2025-02-27 *Global Futures* Key Concepts for Social Transformation provokes us to rethink some of the key words and concepts which define the current global order Prompted by crises around the world it seeks to re energise our desire for a better future The book takes seven key concepts from the new global studies and considers how they are used and whether they are adequate for addressing the twenty first century s increasingly complex global order The topics covered include widely used concepts such as development modernity history and politics as well as more unusual themes such as desire complexity and alternative futures The core message of this book is that we need to grasp the complex and contradictory reality behind these important concepts in order to foster a new way of thinking seeing and acting for a future fit for human purpose Written by Ronaldo Munck a key social theorist and social activist with a Latin American and European background this book will be perfect for students and researchers of sociology politics international relations and global development **Renewable Fuels and the Future Security of U.S. Energy Supplies** United States. Congress. Senate. Committee on Agriculture, Nutrition, and Forestry,1997 *Alternative Educational Futures* ,2008-01-01 We desperately need the dynamic revolution in education that this book offers us reflecting the new ways of thinking and being on this planet that will permit us to live in peace as a global family even through massive climate changes Read it and put these ideas into practice as quickly as possible in any ways you can Elisabet Sahtouris Evolutionary biologist and futurist author of *EarthDance Living Systems in Evolution* **Monthly Catalog of United States Government Publications, Cumulative Index** United States.
